General Updates

- WG2 updated the group that the HIU are also doing health service demand modelling.
- Chair noted that mobility and congregation data sources are of particular interest at the moment in terms of understanding public compliance to public health measures. An extension of WG3 will meet to discuss this further.
- There is a detailed contact tracing pilot project that looks at cases of community transmission asking questions regarding the previous 14 days
- The CCT started coding Eircode since 1 Sept.

Working Group 1: Epidemiology Modelling

Actions:

1	Continue to refine models
2	Consider dispersion
3	Review data on changes in contact behaviour over time

Working Group 2: Demand/Supply Modelling

Actions:

1	Continue to provide weekly update
---	-----------------------------------

Working Group 3: Geospatial Mapping/Modelling

Actions:

1	Schedule meeting to discuss mobility and congregation data
---	--

Misc. Actions

- IEMAG members to inform secretariat of HRB/ SFI awards that they are interested in being the IEMAG liaison for
- All to consider mobility and congregation data sources

Next Meeting: 21 Oct 2020
