Secretary General's Foreword

The Department's Governance Framework encapsulates, into a single resource, its operational context, obligations and responsibilities, standards of conduct and accountability mechanisms. All combine to ensure that the Department, the bodies under its aegis and our stakeholders in the sector can achieve the objectives and goals set for us by Government in an appropriate manner conscious of value for money and public interest.

This Framework is intended to evolve over time and this document is the second iteration since the Department's establishment in 2017. Guidance from the Department of Public Expenditure and Reform's Corporate Governance Standard has been followed in its preparation.

As a new Department we are committed to delivering high quality policy advice to our Ministers and ensuring that the programmes we are charged to deliver have a meaningful and positive impact on the lives of our fellow citizens and are delivered efficiently. The Department has a responsibility to ensure that appropriate and proportionate arrangements are in place so that resources are directed and utilised where most needed in order to support our mission "*To promote rural and community development and to support vibrant, inclusive and sustainable communities throughout Ireland*".

We recognise that good governance is about delivering priorities, achieving objectives, behaving with integrity and acting in the public interest, and in ways that are consistent with legal, regulatory and Government policy obligations. This Governance Framework seeks to underpin this. Its continued development will be informed and developed on foot of the learning experiences of the Department and its stakeholders.

Kevin McCarthy
Secretary General

INTRODUCTION – WHAT IS CORPORATE GOVERNANCE?

Governance is concerned with developing and implementing appropriate structures and processes for directing and managing an organisation so that stakeholders can be assured that the organisation is operating effectively and efficiently.

Governance in a Government Department focuses on the legal, regulatory, policy and service obligations and on the sets of relationships between the Minister, Minister of State, Secretary General, the Management Board, senior management, all staff and stakeholders in determining the direction and performance of the organisation. Legislation is often identified as the key driver of governance arrangements in Government Departments but there is also a wide variety of good practice guidelines and authoritative guidance that outline much of the governance obligations for civil and public service organisations.

THE PURPOSE OF THIS FRAMEWORK

Good governance requires all management and staff to work to achieve the priorities of the Department while ensuring compliance with legal, regulatory and government policy obligations.

There are universally accepted governance principles and norms that apply to civil service and public sector organisations and pursuing and achieving good governance requires effective arrangements to be in place to ensure these principles and norms are being implemented. The Department of Public Expenditure and Reform has published its Corporate Governance Standard for the Civil Service 2015 which sets out a summary of good governance principles, and an adaptable governance framework including provisions to be used in documenting each Department's own arrangements.

This Governance Framework outlines how this Department adheres to these principles and norms within our strategic and operational activities, within our work programmes and in how we deliver our mission.

The following table outlines the governance principles which are appropriate to our Department and they form the basis for the governance arrangements as outlined in this Framework. The principles support the fundamental function of good governance which is to ensure we deliver on our mandate and achieve intended outcomes while acting in the public interest at all times.

GOVERNANCE PRINCIPLES

1. Good governance supports a culture and ethos which ensures behaviour with integrity, strong commitment to ethical values, and respect for the rule of law.

2. Good governance ensures openness, effective public consultation processes and comprehensive engagement with domestic and international stakeholders.

3. Good governance helps to define priorities and outcomes in terms of sustainable economic and societal benefits and to determine the policies and interventions necessary to optimise the achievement of these priorities and outcomes.

4. Good governance means developing the Department's capacity, including the capability of the leadership team, management and staff.

5. Good governance means managing risks and performance through robust internal control systems and effective performance management practices.

6. Good governance means implementing good practices in transparency, reporting, communications, audit and scrutiny to deliver effective accountability.

REVIEWING THIS FRAMEWORK

This framework is intended to evolve over time as the Department reviews and strengthens its corporate governance practices. These reviews will take place each year and its operation will be formally reviewed by Management Board annually. Updated versions of the document will appear on the Department's pages of the Government of Ireland website, www.gov.ie.

1. Department Overview

This chapter contains background information on the Department relevant to the Corporate Governance Framework.

Background

The Department of Rural and Community Development was established in July 2017 following a Government Decision.

A [Statement of Strategy](#), published in March 2018, outlines the Department's mission "to promote rural and community development and to support vibrant, inclusive and sustainable communities throughout Ireland".

Senior Management Structures

The Department's Management Board consists of the Secretary General, and three Assistant Secretaries, responsible for three divisions: Rural Development and Regional Affairs, Community Development, and Corporate and Strategic Development.

Further details as to the Department's structure and management is available on www.whodoeswhat.gov.ie. The Department's staff are based in Dublin, Ballina and other regional locations.

The Department is led by the Minister for Rural and Community Development and assisted by the Minister of State for Community Development, Natural Resource and Digital Development.

The Department has four bodies under its aegis, namely:

Pobal
Charities Regulator
Water Safety Ireland
Western Development Commission

The Department also has oversight of the Charity Appeals Tribunal.

Values, Behaviour and Culture

The Department of Rural and Community Development seeks to develop and maintain a culture of values and behaviour that best facilitates the Department's ability to achieve its goals and objectives.

These values include a commitment to collaborative and innovative work practices, both internally and externally in our dealings with stakeholders that assist in the delivery of the Department's programme of supports and initiatives, and investment in the development of our staff through strong internal communication, mobility, training, and performance feedback.

Strategic Planning

The Department's high-level goals and objectives are set out in its Statement of Strategy, which is developed at intervals of no more than three years' duration. The Department's first Statement of Strategy was published in March 2018 and covers a period of up to three years.

It outlines the key priorities of the Department, in line with Government policy and our statutory obligations, and internally with regard to developing and growing our corporate capacity to deliver our objectives.

Progress on meeting the targets and objectives set out in the Statement of Strategy is detailed in our published Annual Report.

Strategic business planning takes place on a yearly basis cognisant of the Department's Statement of Strategy, Government Policy, and Public and Civil Service reform obligations. Resource management and staff development requirements are also considered as part of the process.

Each Business Unit of the Department prepares a business plan at the beginning of each year, in consultation with their Head of Division. These plans are approved by Management Board and include strategic and operational goals for delivery by the unit. Implementation of these business plans is kept under review by Management Board and Senior Management Team throughout the year.

The remit of the Department includes both economic and social development in all our communities both rural and urban. Many of the Department's funding programmes and schemes seek to address the various and wide ranging challenges communities face.

In addition, co-ordination of responses across Departments to the needs of rural Ireland and local communities and the development of policy designed to further the economic and social advancement of these areas of society is a key function of our Department.

Given the diverse nature of our stakeholders and the equally diverse range of challenges to be met, the Department is committed to:

- developing a culture whereby the emphasis is on adopting a collaborative approach to working with our communities and other stakeholders to enable them and the Department to work together to meet our shared challenges;
- seeking to continually demonstrate the value and commitment of those involved in community initiatives and the charities and volunteering sector;
- recognising that the Department is best placed to act as an enabler to stakeholders in meeting the challenges ahead; and
- seeking to clearly demonstrate the value of our working relationships and the positive impact those in the sector bring to our society.

Customer Service

The Department is committed to delivering the highest quality of customer service to all its stakeholders and our obligations in this regard are set out in its published Customer Service Charter and Action Plan 2019.

The Department has prepared an Irish Language Scheme as required by the Official Languages Act 2003 which details the services that the Department will provide through the medium of Irish, through the medium of English, and through the medium of both Irish and English. This scheme was approved and came into operation for a period of three years from 8 April 2019.

Organisational Functions of the Department

CORPORATE AND STRATEGIC DEVELOPMENT

This Division is responsible for leading and growing the Department's strategic policy development capacity, policy co-ordination, research and evaluation, communication functions, HR, finance, corporate governance and other business support functions such as IT and innovation which are key to the Departments ability to deliver its remit..

This Division is also responsible for the administration and delivery of the Rural Regeneration and Development Fund, one of the four pillar funds launched under Project Ireland 2040.

COMMUNITY DEVELOPMENT

The goal of the Community Development Division is to promote and support the development of vibrant, sustainable and inclusive communities in both urban and rural areas, through implementing a coherent policy framework and strategy which supports community development, local development and the charity and voluntary sector.

A key objective is to bring about a more co-ordinated approach to publicly-funded local and community development interventions by further developing the role of Local Authorities through their Local Economic and Community Plans (LECPs) and the Local Community Development Committees (LCDCs). A further objective is to develop civic society by encouraging citizen engagement with Local Authority structures through the Public Participation Networks (PPNs) and to support and encourage volunteering.

Other areas of this Division's remit include oversight of the Charities Regulator; Libraries Development; the development of Government's relationship with Philanthropy; administration and oversight of the Social Inclusion & Community Activation Programme (SICAP) and a range of other funding schemes for community & voluntary groups.

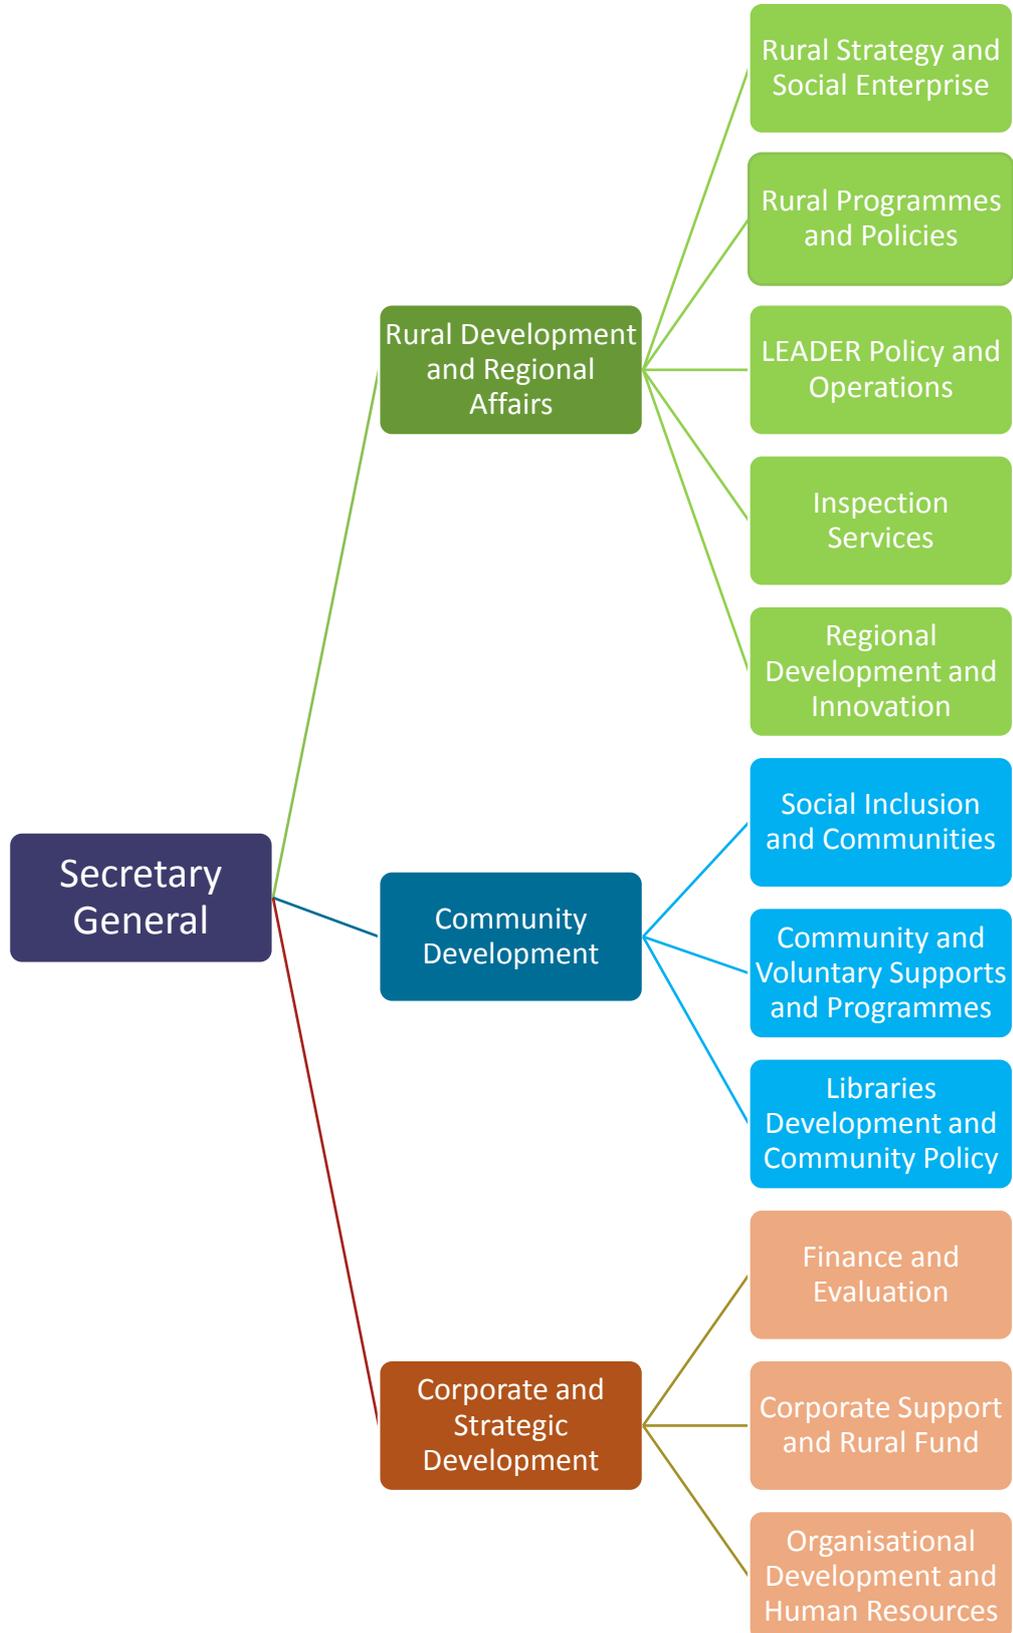

RURAL DEVELOPMENT AND REGIONAL AFFAIRS

The main goal of the Department's Rural Development and Regional Affairs Division is to promote and facilitate long-term sustainable economic and social progress in rural parts of Ireland through a coordinated approach across Government. A key instrument to deliver this objective is the Government's Action Plan for Rural Development which contains a series of measures to unlock the potential of rural communities and enterprises through a framework of supports at national, regional and local level.

Other areas of the Division's activities include the implementation of the LEADER Programme 2014-2020, the delivery of a range of other schemes supporting outdoor recreation, town and village renewal and minor infrastructural works in rural areas, and the coordination of the Tidy Towns competition.

The Division is responsible for developing policy on social enterprise and also plays an important role in regional development, in particular through facilitating the development of the Atlantic Economic Corridor concept and supporting the rollout of high-speed broadband and telecommunications infrastructure across rural Ireland. The Division has oversight of the Western Development Commission.

Our Structure

2. Senior Management Roles and Responsibilities

This chapter provides an overview of senior management governance roles and responsibilities in the Department, including those relating to the Minister, Minister of State, Secretary General and Accounting Officer, Special Adviser and other relevant staff.

In terms of delegation, the Public Service Management Act 1997 empowers the Secretary General to assign to other officers of the Department responsibility for the performance of his or her functions.

This chapter sets out the senior management roles and responsibilities from the Minister to the level of the Principal Officer or equivalent. The way in which managers conduct their governance and leadership duties is critical to creating a working environment and culture at corporate, divisional and business unit level which facilitates high performance and which fosters commitment, dedication, cooperation and active engagement. The Department is committed to a management and leadership style that is professional, informed and effective which reflects our core values including respect and integrity.

Minister for Rural and Community Development

The principal legislative provisions governing the Minister's powers are the Ministers and Secretaries Acts 1924 to 2017 and the Public Service Management Act 1997 (PSMA). The structures of Government Departments and distribution of its business are regulated by these Acts and of particular significance is the designation of the Minister in charge of each Department as a 'corporation sole', which underpins the doctrine of Ministerial responsibility. As corporation sole the Minister embodies the Department in law and bears the responsibility for its activities. In effect the Minister is the Department and the civil servants have no separate existence. This in turn means that the Minister is the ultimate decider of Departmental policy within the overall context of Government policy. The Minister is also responsible for the oversight of the Charities Regulator. The Minister delegates by [Statutory Instrument](#) certain functions to the Minister of State, these are described below.

The Department of Rural and Community Development's mission is ***"To promote rural and community development and to support vibrant, inclusive and sustainable communities throughout Ireland."***

To do this we provide impartial, informed, advice to the Minister and, through the Minister, Government on policy and ensure the effective implementation of Government policy as it relates to the Department.

The Department does not formulate policy independently of the Minister. To support the Minister in his role as policy maker it is important that we fully utilise opportunities in:

- The development of policy advice at the request of the Minister and/ or the Government;
- Initiate consideration of policy advice and undertake requisite research and consultation having regard to the changing environment for the consideration of the Minister or Government; and
- Offer advice to the Minister on Government policies in development by preparing appropriate observations on Government Memoranda.

Minister of State

A Minister of State means a person appointed under section 1(1) of the Ministers and Secretaries (Amendment) (No. 2) Act, 1977 attached to one or more Departments of State of the Government and who assists a Minister of the Government. The Minister of State has been delegated a range of functions by the Minister. These include oversight of the Charities Regulator, the Western Development Commission and the Atlantic Economic Corridor Taskforce, the Dormant Accounts Fund, responsibility for the Voluntary & Community sector including funding programmes and policy development, development of the Public Participation Networks and Citizen Engagement.

Secretary General and Accounting Officer

The Secretary General is the administrative Head of the Department, the Accounting Officer, and has overall management responsibility for the Department and the advice submitted to the Minister on policy. The respective responsibilities are set out below.

Secretary General

The Ministers and Secretaries Act 1924 and Public Service Management Act 1997 outline the statutory responsibility of the Secretary General. Under the 1997 Act, certain duties are assigned to the Secretary General within the Department (sections 4 (1), 9 (1) & 9 (2)), including, but not limited to:

- managing the Department;
- implementing Government policies appropriate to the Department;
- delivering outputs as determined with the Minister;
- providing advice to the Minister and using resources so as to meet the requirements of the Comptroller and Auditor General (Amendment) Act, 1993 in relation to regularity and propriety as well as to economy, efficiency and effectiveness;
- preparing Statements of Strategy for submission to the Minister;

- providing progress reports to the Minister on the implementation of the Statement of Strategy;
- ensuring proper use of resources and the provision of cost-effective public services;
- making sure arrangements are in place to maximise efficiency in cross Departmental matters;
- preparing an outline of how specific responsibilities are to be assigned so as to ensure that the functions performed on behalf of the Minister are performed by an appropriate officer, or an officer of an appropriate grade or rank down through the Department; and
- managing matters relating to appointments, performance, discipline and dismissal of civil servants below the grade of Principal or its equivalent.

The list of duties specified in the Public Service Management Act 1997 while extensive, are not necessarily exhaustive and the Secretary General may also be required, under the Act, to carry out other functions on behalf of the Minister. While the Secretary General may delegate responsibility and accountability by way of assignment (where each officer is accountable to the Secretary General), he/she retains ultimate responsibility and accountability for the actions of the Department, irrespective of the delegation of assigned responsibilities.

Accounting Officer

Each Accounting Officer is personally responsible for the safeguarding of public funds and property under his or her control; for the regularity and propriety of all the transactions in each Appropriation Account bearing his or her signature; and for the efficiency and economy of administration in his or her Department. The Civil Service head of the Department/Office administering the Vote is normally appointed Accounting Officer on the premise that he or she alone is in a position to discharge responsibility for the money entrusted to a Department/Office, for the use made of its resources and for control of the assets in its keeping, such as land, buildings, stores, equipment or other property.

In addition to the above and, as Accounting Officer, while the Secretary General can put in place arrangements to assist with the aspects of the following governance obligations, he/she cannot delegate accountability to subordinate officers. These obligations are as follows:

- Preparation and presentation of Appropriation Accounts;
- Accounting Officer for the Department's Vote;
- Supply a Statement of Internal Financial Control to the Comptroller and Auditor General with the Annual Appropriation Accounts;
- Appearance before Public Accounts Committee;

- Putting in place an Internal Audit Unit;
- Establishing an Audit Committee;
- Monitoring by the Department of bodies under their aegis on behalf of the Minister;
- Approval of the award of major contracts;
- Approve all payments greater than €1 million (where no Assistant Secretary is present); and
- Seek necessary assurances where services are delivered by another Accounting Officer (e.g. NSSO and consistent with necessary service agreements).

Assignment of Functions & Responsibilities of the Senior Management Team

Section 4 (1) and 9 (2) of the Public Service Management Act 1997 empowers the Secretary General to assign to other officers of the Department responsibility for the performance of his or her functions.

These assignments have due regard to the factors which from time to time affect the distribution and discharge of responsibilities across the Department, such as the exigencies of work in a particular area, the alignment of activities spanning or involving more than one area, and the co-ordination of shared or contiguous responsibilities. It also has regard to the assignment of functions in respect of appointments, performance and discipline of personnel under the Civil Service Regulation Acts 1956-2005 which are made from time to time by the Secretary General. The responsibilities assigned are articulated through the Department's system of business plans to reflect the priorities and objectives of the Department, as set out in its Statement of Strategy and are recorded in the Department's Framework of Assignments (see Appendix 2).

The assignment of responsibility for the performance of functions by individual officers, or grade or grades of officer, below Principal Officer level are handled administratively on the basis of the personal (or team) work objectives identified under or associated with the Department's business plans. Assignments will continue to be amended from time to time by the Secretary General and the framework will be deemed to have been updated accordingly.

Assistant Secretary General

Specific responsibilities are assigned to officers at Assistant Secretary General in their function as Heads of Division. These responsibilities sit within the overall management framework for the civil service and the Department. Their role includes the following:

Management of the Department

- Participate on the Management Board, Ministerial Management Board, Senior Management Team and Subcommittees;

- Support the Secretary General to ensure that the Department delivers its goals and objectives;
- Provide policy advice through established structures for the Minister;
- Attendance at Cabinet Committee meetings and Senior Official Group meetings;
- Prepare relevant elements of the Statement of Strategy and progress reports;
- Agree overall business plans for the Department;
- Contribute to the effective management of risk in the Department;
- Deliver the outputs determined by the Minister and the Secretary General;
- Provide status updates on Divisional Business Plans to the Management Board.

Management of Division Resources

- Manage and lead staff and assign specific responsibilities;
- Manage and lead overall performance, including PMDS, HR and operations;
- Ensure learning opportunities and continued development are identified for staff and managers;
- Ensure the proper allocation and use of resources, including:
 - effective financial management,
 - the provision of cost-effective public services; and
 - compliance with all the financial and other obligations relevant to the post.
 - Identify opportunities for reform and improvements within Division;
 - Sign-off on an annual Internal Control Questionnaire (ICQ).

Management of Policy Advice

- Ensure all advices are evidence based, politically neutral and impartial;
- Ensure the effective management of risk in the policy advice of the Division;
- Contribute to dialogue with other Departments and relevant stakeholders;
- Participate at EU and International level;
- Strategically plan in line with the strategic objectives of the Department;
- Own and sponsor the area's agreed strategic objectives;
- Prepare Business Plans for the Division;
- Ensure effective management of risk in the Division;
- Manage the overall performance of the Division;
- Achieve objectives relevant to the area;

- Implement relevant policy decisions in accordance with Government/Ministerial decisions;
- Deliver the outputs determined by the Minister and the Secretary General.

Given the diversity of the Department's services and its stakeholders, the development of cross functional duties and work patterns will be a heightened feature of senior management duties and will inform the collaborative approach throughout the Department in delivering on the expectations of those we serve.

Principal Officers

Responsibility is assigned to an officer at Principal level or equivalent as Head of Business Unit. These responsibilities sit within the overall management framework for the civil service and the Department. Their role includes the following:

Management of Department/Business Units

- Supporting the wider management team to achieve objectives of the Department/Business Units;
- Participate with and actively contribute to senior management groups;
- Where assigned, monitor bodies under the Department's aegis in line with the Department's oversight framework.

Management of Resources

- Manage, lead and develop staff in the Unit;
- Manage and lead overall performance of Unit, including through PMDS;
- Ensure learning and continued development opportunities are identified for staff and managers;
- Ensure the proper allocation and use of resources, including :
 - effective financial management,
 - the provision of cost-effective public services,
 - compliance with all the financial and other obligations relevant to the post;
 - Identify opportunities for reform and improvements within Unit;
 - Sign annual Internal Control Questionnaire (ICQ).

Management of Unit Business

- Manage the day-to-day business of the Unit;
- Strategically plan in line with the objectives of the Division/Department;
- Own and sponsor the Unit's agreed strategic objectives;
- Maintain appropriate systems and structures to support the work of the section;
- Prepare Business Plans for the Unit;
- Ensure the effective management of risk in the Unit;
- Manage the overall performance of the Unit and achieve objectives.

Management of Policy Advice and Implementation

- Ensure all advices from the Unit are evidence based, politically neutral and impartial;
- Ensure the effective management of risk in the policy advice of the Unit;
- Coordinate the Unit's activities with those of other Units where policy overlaps;
- Contribute to dialogue with other Departments and relevant stakeholders;
- Participate at EU and international fora;
- Provide policy advice through established structures for the Minister; and
- Implement relevant policy decisions in accordance with Government/Ministerial decisions.

Special Adviser

The primary function of special advisers is to secure the achievement of Government objectives and to ensure effective co-ordination in the implementation of the Programme for a Partnership Government. The role and duties of special advisers are described in section 11 of the Public Service Management Act 1997. In summary, these are to assist the Minister or the Minister of State by (i) providing advice; (ii) monitoring, facilitating and securing the achievement of Government objectives that relate to the Department, as requested; and (iii) performing such other functions as may be directed while being accountable to the Minister or the Minister of State in the performance of those functions. Details in relation to the advisers' roles and responsibilities and consequential reporting arrangement, are contained in Personnel Office Notice 01/2017 – Role of Special Adviser Responsibilities.

Governance Role of all Staff

In addition to the specific governance roles discussed above, other staff have a specific role to play in assuring good governance within the Department of Rural and Community

Development, in corporate and other functional areas such as Internal Audit, Corporate Support, Human Resources, Legal, Risk, Procurement, Data Protection, Health and Safety, Accommodations and ICT, Finance and Evaluation, Freedom of Information, etc. Furthermore all staff members in the Department have an important role to play in collectively committing to the good governance of the Department through the requirements of this framework, Departmental policies, circulars and office notices and adhering to the Civil Service Code of Standards and Behaviour in the performance of their duties.

The Department's functions entail a significant amount of work and attention to compliance with governance arrangements. Attention is drawn to the Department's Compliance Framework as set out in Appendix 1. The Department will avail of dedicated legal services from the Office of the Attorney General as required.

The Department will also continue to monitor and keep under review the governance arrangements in place for the bodies operating under its aegis and/or on behalf of the Department in administering its various funding programmes and to ensure that these organisations are meeting their obligations under the Code of Practice for the Governance of State Bodies (2016).

3. Management Board and Governance Structures

Whereas the previous chapter concentrated on governance roles and responsibilities, the purpose of this chapter is to set out the management structure and arrangements in place including the Management Board and the senior management team.

Management Board

The Department's Management Board consists of the Secretary General, and three Assistant Secretaries responsible for the Rural Development and Regional Affairs, Community Development, and Corporate and Strategic Development Divisions.

The Secretary General's Private Secretary serves as the secretariat to the Board. As a general principle, Management Board meets on a weekly basis with the exception of the month of August.

The Management Board is responsible for:

- Providing leadership and strategic direction to the Department;
- Providing quality, coordinated and timely advice on strategic matters affecting the Department to the Minister and Ministers of State, through use of its strategic business planning process and management information tools;
- Providing appropriate leadership, judgement, oversight, management and review of the Department's strategy statements and business plans and activities, and where appropriate, of the relevant sector-wide (rural and community) policies and plans;
- Providing oversight of the distribution of the Department's resources, directing resources to where they are most needed, and leading innovation in how the services of the Department are delivered;
- Ensuring that an appropriate Corporate Governance Framework is in place for the Department and, in particular:
 - assisting the Secretary General in discharging Accounting Officer functions
 - seeking to ensure that the Department operates within its defined boundaries to an agreed and acceptable degree of risk and a reasonable assurance that all material financial and regulatory requirements are being met
 - ensuring that effective governance and accountability arrangements are in place between the Department and its agencies and bodies; and

- Providing appropriate leadership and development support for all staff.

Management Board decision-making

The following are matters that are dealt with by the Management Board:

- Approval of:
 - Strategy Statements
 - Annual Report
 - Business Planning
 - Corporate policy documents and governance arrangements
- Operational strategies, as appropriate, to best implement Ministerial policies;
- Risk management for the Department;
- Discussion of major strategic challenges confronting the Department and strategies affecting the long term interests of the Department (including IT, financial and Human Resource allocation, Human Resources strategies);
- Ensuring that cross-cutting and longer term issues are fully accounted for in resource planning, policy formulation and advice;
- Budget allocation and performance;
- Ensuring effective communication throughout the organisation including dissemination of information on the role and decisions of the Management Board where appropriate, driving engagement with staff and communication with external stakeholders;
- Considering and debating major policy issues and wider external issues of significance;
- High-level consideration of significant management and investment decisions;
- Ensuring Strategic Human Resources and Organisational Capacity & Capability Reviews are conducted periodically;
- Ensuring that opportunities exist to exploit and embrace technology and innovation to transform how services are delivered.

Ministerial Management Board

Ministerial Management Board meetings will be held once a month, with the exception of August. This meeting is chaired by the Minister and centres on the challenges, progress, uncertainties, risk to delivery and communication of performance of results. The Ministerial Management board comprises the Minister, Minister of State and members of the Management Board. Ministerial Advisers and other officials, as appropriate, are also in attendance.

Senior Management Team

Management of the Department is not only confined to the Management Board. The Senior Management Team (the Management Board, Principal Officer and equivalent grades) is central to consistency in governance, leadership and management of the Department.

The Senior Management Team meets every six weeks. Meetings are chaired by the Secretary General and attendance is mandatory. The meeting is based on an assessment of progress on meeting our objectives and consists of verbal reports on the work of the Management Board and Government meetings, as appropriate. It is a forum for the communication across the organisation of recent developments on the policy and operational work of the Department.

Senior Management Review

Management Board Review Days will generally be held bi-annually, at which Management Board will consider and discuss leadership perspectives and topics and develop and prioritise key Department business objectives for implementation in the context of emerging Government priorities.

4. Audit, Assurance and Compliance Arrangements

This Chapter details the mechanisms through which the Department ensures that risk and performance are adequately managed and that best practice processes, systems and guidelines are utilised.

Role of Audit Committee

The Department is committed to the development and implementation of effective governance and control arrangements. The Audit Committee, which comprises a majority of non-executive members, is a key part of arrangements to provide advice and assurance to the Accounting Officer on such arrangements.

It oversees the internal audit function, including its resourcing and competencies, its schedule of work, audit reports, compliance with Internal Audit standards and other matters as appropriate. It provides advice to the Accounting Officer on governance in the Department, including risk management and internal controls.

It liaises as appropriate with the Office of the Comptroller and Auditor General, and reviews the Appropriation Account and such other reports by the C&AG as may arise. The Committee is independent in the performance of its functions and shall not exercise any executive or managerial functions.

Role of Internal Audit Unit

The Internal Audit Unit (IAU) assesses areas that are specifically requested by the Department's Management Board and the Audit Committee. The IAU's expertise and independent approach is used to identify and specify issues, assess the current position and evaluate approaches to risk and internal controls in these areas. The IAU service is set up within the Department as a separate independent unit reporting directly to the Secretary General and is overseen by the Audit Committee.

Compliance

The role of the compliance function, as undertaken by each Head of Division and their business units, and overseen and coordinated by Corporate and Strategic Development Division, is to assist the Management Board in identifying, assessing and monitoring the compliance obligations of the Department, with periodic reports being provided to ensure standards are being maintained. It is also the role of the compliance function to give independent assurance to the Management Board that management are adhering to legal,

regulatory and governance obligations and implementing appropriate remediation measures where necessary.

Finance Unit

The Department's Finance Unit is also a key element of the Assurance Framework. Its key functions include; managing the annual estimates process for the Department's Vote; completing the Department's annual appropriation account; ongoing monitoring of Departmental expenditure; oversight and development of financial systems and controls; management and administration of daily expenditure process, development of evaluation capacity; and the administration of the Dormant Accounts Fund.

As detailed in the Department Appropriation Account, the Financial Control Environment with the Department includes the following elements:

- financial responsibilities have been assigned at management level with corresponding accountability;
- reporting arrangements have been established at all levels where responsibility for financial management has been assigned;
- formal procedures have been established for reporting significant control failures and ensuring appropriate corrective action;
- there is an Audit Committee to advise the Accounting Officer in discharging his responsibilities for the internal financial control system; and
- there are systems in place to safeguard the assets of the Department.

The Finance Unit provides regular expenditure updates and finance reports to senior management, Management Board and the Minister. The Unit also works closely with other Units in terms of monitoring and management the Department's funding allocations, including both programme expenditure and administration expenditure. The Finance Unit also incorporates a recently established evaluation function. The primary objectives of this function are to complete a number of discrete evaluations to inform decision making, and to foster a culture of ongoing monitoring and evaluation within the Department.

Procurement

As part of the Assurance Framework the Department's Finance Unit communicates and monitors procurement policy and procedures across the Department. These policies and procedures in place apply the principles of the OGP Public Procurement Guidelines. As such, they seek to support line units in ensuring that all procurement complies with relevant EU and national requirements.

There is a designated procurement officer within the Finance Unit who supports line units and reports to senior management as appropriate. The procurement officer also liaises with the Office of Government Procurement in terms of ensuring best practice, and learning about and informing emerging developments in the area.

In addition to the above, at the end of each year all Heads of Function complete a questionnaire on internal financial controls, which includes a commitment that all relevant staff are aware of the public procurement guidelines.

Furthermore, on a quarterly basis, the Department publishes on its website the details of payments made for goods and services with a value of, or in excess of €20,000.

Human Resources Unit

The role of HR Unit is fundamental to effective corporate governance in DRCD. The HR function has a key role in ensuring effective corporate governance, given its role in oversight and management of all staffing and people management issues. There is a defined governance structure in place for the HR Unit itself as part of the overall reporting and governance structure of the organisation.

HR Unit has a vital role in ensuring the organisation is equipped and empowered to deliver on its strategic objectives. Through its role as strategic business partner the work of HR underpins the delivery of all of the Department's strategic objectives through HR activity to achieve its own strategic goal of building and developing our organisation.

From the outset, HR has a key role in defining the employer-employee relationship and inducting staff into the values and culture of the organisation, which reflect the wider ethos of the Civil Service. Each member of staff, as a civil servant, operates to a defined set of standards, which are laid out in the Civil Service Code of Standards and Behaviour (published by the Standards in Public Office Commission).

On appointment to the Department all new employees are given the following documents to review and sign to confirm understanding:

- Circular 07/98 - Freedom of Information
- Circular 15/79 - Official Secrecy and Integrity and Declaration
- Circular 26/04 - Civil Service Code of Standards and Behaviour
- Circular 19/16 - Civil Service Disciplinary Code
- Information and Communications Technology Acceptable Usage policy

In addition, the Training Unit provides a comprehensive overview of all policies and procedures during the induction process. This includes presentations on wider issues such as the FOI Act, Official Languages Act, and a detailed overview of all HR policies and

procedures that must be complied with such as Dignity at Work, Performance Management, and Probation Guidelines.

HR Strategy

Human Resources and Organisation Development Unit within the Department is a strategic business partner of units within the Department and, with Finance and Evaluation, and Communication teams, is key to successful delivery of Department objectives.

In 2019 the Department published its Human Resources Strategy for the Department, covering the period 2019-2021.

This is to give effect to the Statement of Strategy which states that a strategic goal of the Department is to build and develop our organisation. This is being delivered on through investing in our people, through better communication and by developing our systems and procedures.

The Human Resources Strategy has been drafted cognisant of the Department's Statement of Strategy, the Civil Service Renewal Plan and People Strategy for the Civil Service 2017-2020, and Our Public Service 2020.

The Strategy provides a detailed roadmap for the delivery of HR priorities to give effect to Statement of Strategy strategic goals. It covers actions under three themes:

1. DRCD as an Employer of Choice
2. Build the Workforce of the Future
3. Leadership and People Management Capacity

Key to the effective delivery of Department priorities is to ensure that processes exist to resource units appropriately with the skills and resources required. Monitoring of resource needs takes place within the strategic Workforce Planning (WFP) exercise completed on an annual basis. The plan focuses on capacity building and identification of critical resource gaps to ensure we have the resources and skills required to deliver on strategic objectives now and into the future. The WFP is drafted by HR Unit with the inputs and engagement of Heads of Business Units.

Strategic decisions on resourcing are ultimately decided at the level of the Management Board. These decisions are made within the staffing budget allocated to the Department under the delegated sanction of the Department of Public Expenditure and Reform, whereby the Department can recruit or promote staff up to the level of Principal Officer (subject to remaining within its pay ceiling).

HR Unit also has a role in relation to the approval of sanction for posts in agencies under its remit, subject to posts being identified through a WFP process and affordable within pay budget.

Risk Management

The Department of Rural and Community Development risk management framework consists of a Risk Committee and line unit's risk management activity. A Risk Management Policy is in place which outlines Departmental procedures regarding the management and reporting of risk. This policy undergoes periodic review.

The DRCD Management Board sits separately, and with an appropriate expanded membership, as the Department's Risk Committee. Full membership of the Risk Committee, which meets quarterly, comprises Management Board members, Finance Officer and one other Principal Officer nominee from each Division in the Department.

The role of the Risk Committee is to aid the Department in embedding risk management and overseeing its risk function, including identification, assessment and mitigation steps, and determining the parameters for escalation of risk/further examination. Corporate and Strategic Development Division provides supports to the Risk Committee by coordinating the preparation and review of Departmental and Unit risk registers. The Risk Committee identifies principal risks and uncertainties for Management Board discussion as required. To formalise the relationship between the Risk Committee and the Audit Committee, the following links are established:

- the Head of the IAU will be notified of meetings of the Risk Committee and he/she having a right to attend those meetings in an observer status;
- the sharing of papers by the Risk Committee, including work plans and reports including the updates to the Risk Register; and
- a right of attendance at the Risk Committee of one of the members of the Audit Committee in his/her capacity as a member of the Audit Committee.

Management of risk at the business unit level remains the responsibility of the business unit in consultation with the relevant Assistant Secretary. This involves:

- identifying risks and ensuring they are included in their unit risk register and, where appropriate, in the Departmental register,
- identifying and taking appropriate mitigating actions
- ongoing monitoring and reporting of development in relation to risks.

Protected Disclosures

The Protected Disclosures Act provides statutory protections for workers that make disclosures related to wrongdoing in the workplace. All public bodies are obliged to maintain procedures for making, and dealing with, protected disclosures. The Department has a Protected Disclosures Policy in place that is available to staff.

Information Management

Freedom of Information (FOI) / Access to Information on the Environment (AIE)

The Freedom of Information Act 2014 asserts the right of members of the public to obtain access to official information to the greatest extent possible consistent with the public interest and the right to privacy of individuals.

Access to Information on the Environment Regulations 2007 to 2018 gives citizens the right to access information on the environment from public authorities.

Access to information under FOI and AIE is subject to certain exemptions and involves specific procedures and time limits. Information on how to make a request for information is published on the Department's website together with the postal and email address to which these requests should be sent.

Assistant Principal Officers are FOI and AIE decision makers for the Department. Principal Officers will be the decision makers for internal reviews of any appeals received.

Data Protection

The introduction of the General Data Protection Regulation (GDPR) on 25 May 2018 places certain responsibilities on the Department, as a Data Controller, in its processing of personal data.

The Department has put in place a Data Protection Policy and has appointed a Data Protection Officer as required by Article 37 of the GDPR. The DPO is an independent function reporting to the highest levels of management in the Department.

Information Technology Policies and Governance

Information Technology (IT) infrastructure is a key enabler for the Department to carry out its objectives. The Department uses the services of the Office of the Government Chief Information Officer ("OGCIO"), part of the Department of Public Expenditure and Reform) for the provision of IT services to the staff of the Department.

The Memorandum of Understanding between this Department and the OGCIO, signed in March 2018, sets out the relationship between the Department and the OGCIO, and the

services to be provided by the OGCIO. The OGCIO is responsible for providing the “*Build to Share Suite*”, which includes:

- Computer Network infrastructure, and connection to the Government Network;
- Common Desktop, including commercially available, off-the-shelf software and office suite;
- Common Applications developed for the civil service, including ePQ, eSubmissions, eFOI, ePMDS, and eDocs.

The Memorandum sets out an “Engagement model” approach to the relationship between the OGCIO and this Department, with the IT Service Desk being the first point of contact for all user support and ad hoc queries. The IT Service Desk manages all OGCIO service user engagement, end-to-end, taking responsibility for the tracking and pursuing to resolution of all cases raised.

Any new or additional requirements are channelled through the DRCD Corporate Support Unit to the OGCIO Project Management Office. Regular engagement meetings are held between the DRCD Head of Corporate Support and the OGCIO Project Management Office.

Any purchases of new equipment or software must be approved by the Department’s Head of Corporate Support. The Rural Fund and Corporate Support Unit are responsible for IT strategy.

The Department has IT Liaison officers in both Dublin and Ballina locations to assist the OGCIO with the replacement of local IT equipment. These are part-time roles, undertaken in addition to other duties.

ICT Policies

All of these Policies are provided to new members of staff as they join the Department.

1. Information and Communications Technology Acceptable Usage Policy

This Policy sets out the obligations on staff in relation to access to and use of IT services and facilities in the Department. This is an overarching policy, which includes a number of other IT-related policies as components. The Head of Human Resources is responsible for the enforcement of the Acceptable Usage Policy, in consultation with line managers.

2. Internet Content Access Policy

This Policy defines the categories of Internet-based content considered appropriate for users of the Department’s IT services to access, including staff, external contractors, and visitors.

3. Laptop Policy

This Policy sets out the criteria for the provision of laptop computers and the conditions relating to their use.

4. USB Key Policy

This Policy sets out the criteria for the provision of a USB Storage Device, and the conditions relating to their use within the Department.

5. Mobile Phone Policy

This Policy defines the acceptable use and management of official mobile phone devices issues by the OGCI0 on behalf of this Department.

6. Password Security Policy

This Policy defines the standards for the creation of passwords, the protection of those passwords, and the minimum amount of time between changes.

7. Social Media Policy

This Policy sets out the type of Social Media to be used by the Department for official purposes.

Security, Resilience and Business Continuity Planning

The OGCI0 uses a combination of Government Network infrastructure to ensure the security of the networks. Laptops, hybrids and mobile phones are encrypted to ensure that no data is lost in case of a lost or stolen device.

The OGCI0 are responsible for providing a resilient and robust infrastructure for the “Build to Share Suite”, which is designed to be highly available and secure with no single point of failure as standard.

Business Continuity Planning is a business-led activity, and therefore the responsibility of this Department. However, the OGCI0 will contribute to this by documenting Incident Management, Response and Recovery Plans.

Internal Governance of EU and International Policy Formulation

LEADER PROGRAMME

In addition to the Department's usual compliance obligations in respect of Exchequer expenditure, the Department must also receive specific accreditation to make EU co-funded LEADER payments.

The Department of Agriculture, Food and the Marine (DAFM) is accredited by the European Commission as the Paying Agency in Ireland responsible for payment under the Rural Development Programme (RDP) 2014-2020. This delegation has been formally transferred from that Department to the Department of Rural and Community Development (DRCD) in respect of the LEADER component of the RDP. A Memorandum of Understanding is in place between both Departments.

The accreditation covers a wide range of governance arrangements including the IT, financial, audit, risk management and human resource systems and processes in place. It also requires that the LEADER Unit, including the supporting corporate functions, are aligned with ISO 27001. Adherence with the delegated accreditation is considered at quarterly review group meetings chaired by the Secretary General of DAFM.

The Secretary General of DRCD must provide a management declaration to the DAFM in January of each year confirming that the necessary governance arrangements are in place in respect of the LEADER Programme.

Compliance with the delegated accreditation and general LEADER programme requirements are also subject to annual review by the EU approved certifying body for the RDP in Ireland (currently Ernst and Young) together with periodic audit by the European Commission and the European Court of Auditors.

Social Inclusion & Community Activation Programme (SICAP)

The Social Inclusion and Community Activation Programme (SICAP) is funded by the Department of Rural and Community Development with co-financing from the European Social Fund in Ireland and is managed locally by Local Community Development Committees (LCDCs) with support from local authorities. The programme actions and initiatives are delivered by Programme Implementers (PIs) across 51 Lots.

The Programme Implementers are obliged to be fully compliant with their statutory and regulatory obligations and those that result from their contractual arrangement with the

LCDC/Local Authority. They also manage the financial risks associated with applying the eligibility rules for ESF co-funding and must retain the required documentation.

The financial management and control framework for SICAP accords with the Department of Public Expenditure [Circular 13/2015 Management and Control Procedures for European Structural and Investment Funds Programme 2014-2020](#) and the [ESF Certifying Authority, Department of Education and Skills Circular 1/2016 Eligibility Rules for the 2014-2020 European Social Fund and Youth Employment Initiative](#).

In accordance with the [PEIL Communications Strategy 2014-2020](#), Programme Implementers must ensure that they have specifically informed ESF SICAP beneficiaries that they are receiving financial support with co-funding from the European Social Fund and must adhere to the [ESF PEIL Information and Communication Guidelines 2014-2020](#). Individuals must be made aware that their records and consent forms may be viewed as part of external audits for the purpose of verifying records etc. Verifications or audits may be conducted by EU/ESF auditors, the Local Government Audit Service, or agents of the Funders and the Contracting Authorities.

PEACE IV Programme

The Department is a designated **Accountable Department** for six measures under the PEACE IV Programme. The Department's responsibilities include:

- providing funding to the Special EU Programmes Body (SEUPB) for onward payment to PEACE Programme beneficiaries – these payments are made in advance on the basis of quarterly requests submitted to the Department by the SEUPB at the beginning of every quarter;
- participating in an advisor capacity on the Programme Monitoring Committee which monitors the effectiveness and quality of the programme, for example approving project selection criteria, reviewing progress towards targets and evaluating impact of actions; and
- participating on the Programme Steering Committee, which selects projects for support under the Programme.

The Programme is managed by the SEUPB on behalf of the Irish and UK Governments. The relationship between the DRCD and the SEUPB is governed by a Service Level Agreement. The SEUPB carries out the following functions:

- as **Managing Authority** it has overall responsibility for the management, monitoring and evaluation of the Programme, chairing and providing overall administrative support for the Monitoring Committee;

- as **Certifying Authority** it submits statements of expenditure, annual accounts and payment claims to the European Commission as well as controlling the cash flow and making payments to project beneficiaries;
- through the **Joint Secretariat** it prepares project assessments for the Steering Committee and assists programme beneficiaries with project implementation; and
- through the **Financial Control Unit** it verifies the legality and regularity of all expenditure incurred, conducting pre-contract checks on beneficiaries and administrative verifications of claims by project beneficiaries.

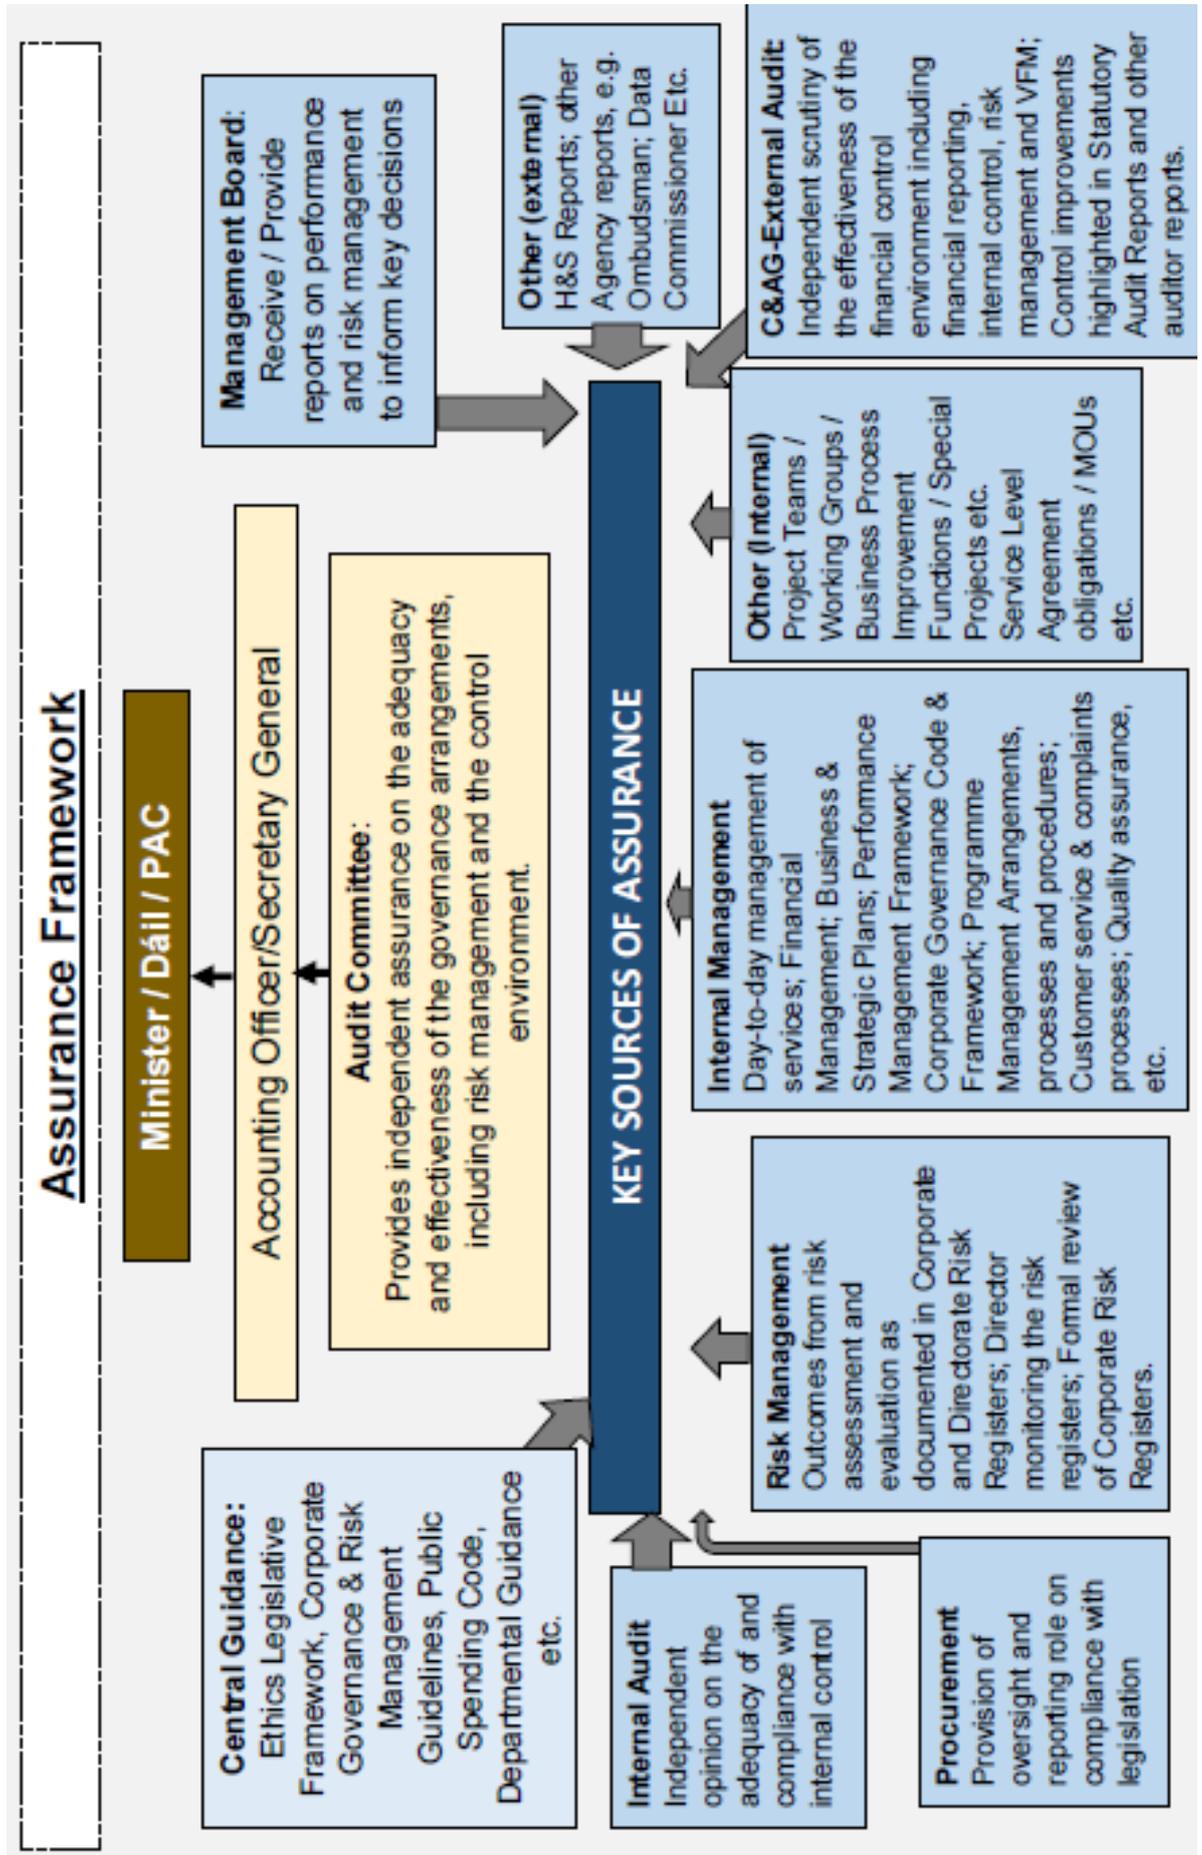

The SEUPB is responsible for ensuring that adequate risk management and control arrangements are in place and for providing assurance to the Departments via the Quarterly Assurance Statement. The Programme governance and implementation arrangements are governed by Regulation (EU) 1299/2013 with the specific roles and responsibilities of the various bodies detailed in the Cooperation Programme Document.

Department's Inspectorate

The Department has a dedicated Inspectorate (the Inspection Services Unit). Its purpose is to provide the requisite assurances to the Secretary General in relation to the expenditure and management of EU funds under LEADER and Exchequer funds. This is achieved through the design, maintenance and implementation of control systems.

Particular reference is drawn to the following, which guide the work of the Inspection Services Unit:

- Regulation (EU) No. 1306/2013 of the European Parliament and of the Council.
- Commission Implementing Regulation (EU) No. 809/2014, as amended by Commission Regulation (EU) 2017/1242.
- Department of Finance Regulations, Circulars, Office Notices and Guidance Material.
- Department of Public Expenditure & Reform's Public Financial Procedures (2012)
- Department of Public Expenditure and Reform (2016) Code of Practice for the Governance of State Bodies (Dublin, Department of Finance).

5. Bodies under the Aegis of the Department

POBAL is a not for profit company, which acts as an intermediary for Government in the delivery and administration of a range of Government and EU funded programmes. In addition to Pobal's own internal governance structures, the Department has an Oversight Agreement with POBAL which covers the terms of the relationship between both parties in relation to the administration by them of funding programmes on behalf of the Department.

The Charities Regulatory Authority is an independent Authority established on a statutory basis under the Charities Act 2009. The Authority has a number of functions operating under the principle of increasing public trust and confidence in the management and administration of charitable trusts and charitable organisations. The Department has an Oversight Agreement with the Authority which sets out, inter alia, the corporate governance responsibilities of the Authority.

Water Safety Ireland is the statutory body established to promote water safety in Ireland. Its role is to educate and develop public awareness of appropriate attitude and behaviour in order to prevent drownings and water related accidents. The Department has finalised an Oversight Agreement with the Authority with a view to strengthening the working relationship with the Department.

Western Development Commission is a statutory body established under the WDC Act, 1998. It is charged with promoting economic and social development in Counties Donegal, Sligo, Leitrim, Roscommon, Mayo, Galway and Clare. The Department is strengthening its oversight arrangements with the Commission, which includes establishing a new Service Level Agreement and more regular meetings between senior management of the Department and the Commission.

In addition to the financial controls and consequential assurances (notably the Code of Practice for the Governance of State Bodies (2016)), the Department's external bodies and agencies have compliance requirements, relating to HR practices, use of Irish language, FOI and data protection practices.

Appendix 1: Compliance Framework

Measure	Responsible Officer/Section	Timeframe/Frequency	Status/Comment
PROGRAMMES			
Departmental Programme for Government Commitments	Head of Organisational Development and Human Resources (ODHR)	Regular Reports to Government	
Action Plan for Rural Development - Reports	Head of Rural Strategy and Social Enterprise Unit	Biannual

Appendix 2: Framework of Assignments

The Secretary General has providing for the following assignments at Assistant Secretary and Principal Officer level:

Bairbre Nic Aongusa

Division: Community Development

Grade: Assistant Secretary

Bairbre Nic Aongusa is responsible at Assistant Secretary level for Local & Community Development Policy; Libraries Development; Programme for Peace & Reconciliation; Community Services Programme; Local Community Development Committees (LCDCs) and Local Economic & Community Plans (LECPs); the Social Inclusion & Community Activation Programme (SICAP); Community Enhancement Programme; Supports for disadvantaged communities (including Dublin North East Inner City); Policy on Dog Control and Dog Breeding Establishments; Policy oversight of local authority functions regarding burial grounds; Pobal (governance oversight); Supports for Community and Voluntary Groups; Supports for Volunteering; Public Participation Networks; Government's relationship with Philanthropy; Irish Water Safety; Charities Regulator.

William Parnell

Division: Rural Development and Regional Affairs

Grade: Assistant Secretary

William Parnell is responsible at Assistant Secretary level for policies and programmes to advance the economic and social development of rural Ireland, including through the Action Plan for Rural Development. He is also responsible for the delivery of a range of regional development objectives, including the Atlantic Economic Corridor initiative and facilitating Local Authorities in their preparations for the roll-out of high-speed broadband. William oversees the development and implementation of Social Enterprise policy.

Sheenagh Rooney

Division: Corporate and Strategic Development

Grade: Assistant Secretary

Sheenagh Rooney is responsible at Assistant Secretary level for the Department's corporate affairs, which include organisational development, human resources, corporate co-ordination, finance, accommodation and ICT and corporate governance. The division is also

responsible for oversight and coordination of the Department's work on cross-Government strategic matters such as Climate Action and Brexit, and for the delivery of projects under the Project Ireland 2040 Rural Regeneration and Development Fund.

David Dalton

Unit: Libraries Development and Community Policy

Grade: Principal Officer

The Libraries Development and Community Policies section:

- Supports and develops the administrative, operational and strategic capacity of Local Community Development committees (LCDCs). Supports LCDCs and local authorities to develop and implement Local Economic and Community Plans (LECPs).
- Promotes cross-government approaches to local development and community development through the Government's Framework Policy on Local and Community Development and leads the Cross-Sectoral Group on Local and Community Development.
- Supports and develops strategic and operational capacity of the Public Library Service, including Our Public Libraries 2022 the public library strategy, and develops policy and funding frameworks to underpin delivery of library services by local authorities. The section manages the Department's role as an Accountable Department in Ireland for measures under the PEACE IV Programme. It also manages the Community Services Programme, including developing policy and funding arrangements to support delivery of community services through the programme.

Paul Geraghty

Unit: Social Inclusion and Communities

Grade: Principal Officer

Paul Geraghty is the Principal Officer for the Social Inclusion and Communities Unit. His duties include policy and oversight for a range of measures which support families and communities including the Social Inclusion and Community Activation Programme (SICAP), the Community Enhancement Programme (CEP), management of the control of dogs agenda, and policy oversight of local authority functions regarding burial grounds. Paul is also responsible for managing the contract with POBAL.

Ciara Bates

Unit: Community and Voluntary Supports and Programmes

Grade: Principal Officer

Ciara Bates is the Principal Officer assigned to the Voluntary and Community Supports Unit. She is responsible for the management and delivery of a number of funding programmes, aimed at supporting and developing local communities. Funding Programmes include the Seniors Alert Scheme, the Scheme to Support National Organisations, funding and development of the Volunteering infrastructure and the management of the Social Innovation Fund of Ireland. Ciara Bates is also charged with developing policy on promoting and achieving greater levels of active citizen participation through the Public Participation Networks as well as developing policy on volunteering and philanthropy. The Section also supports the work of the Community and Voluntary Pillar and is responsible for a number of Departmental initiatives under the Dormant Accounts Fund. The Section has responsibility for corporate governance oversight of the Charities Regulatory Authority and Irish Water Safety and the development of these sectors in line with current governance requirements including the delivery of statutory legislation to support the work of these organisations.

Andrew Forde

Unit: Rural Strategy and Social Enterprise

Grade: Principal Officer

Andrew Forde is responsible at Principal Officer level for monitoring the implementation of the Action Plan for Rural Development and for coordinating the development of the next phase of rural development policy. He also manages the preparation of the National Social Enterprise Policy and oversees its implementation.

Stjohn O'Connor

Unit: Regional Development and Innovation Unit

Grade: Principal Officer

Stjohn O'Connor has responsibility at Principal Officer level for supporting the rollout of high-speed broadband and telecommunications infrastructure across rural Ireland, and developing the concept of the Atlantic Economic Corridor.

Finola Moylette

Unit: Rural Programmes and Policies

Grade: Principal Officer

Finola Moylette is the Principal Officer with responsibility for Rural Programmes and Policies, including in relation to outdoor recreation infrastructure; the Walks Scheme; the CLÁR Programme; the Tidy Towns Competition; the Local Improvement Scheme and the Town and Village Renewal Scheme, including the Residential Occupancy Pilot Scheme.

JP Mulherin

Unit: LEADER Policy and Operations

Grade: Principal Officer

JP Mulherin has responsibility at Principal Officer level for the management and implementation of the LEADER programme which forms part of Ireland's Rural Development Programme 2014-2020. LEADER is jointly funded with the EU and will provide funding of €250 million to support community and enterprise development throughout rural Ireland over the period of the programme.

Vacancy

Unit: Inspection Services

Grade: Senior Inspector

The Senior Inspector is responsible for the management and implementation of the accredited control system for the EU co-funded Leader element of Ireland's Rural Development Programme 2014 – 2020. His area is also responsible for the provision and delivery of an inspection programme for the various Rural Development Schemes and Programmes funded from the National Exchequer and managed by the Department.

Clodagh McDonnell

Unit: Organisational Development and Human Resources

Grade: Principal Officer

Clodagh McDonnell is responsible for Organisational Development and Human Resources, which includes the following corporate functions: Human Resources. Oversight of the Department's Corporate Governance Framework including Risk Management, Data Protection, GDPR. Co-ordination of Leader's Questions, PQs, Topical Issues Debates, the

Legislative Programme, Memos for Government. Co-ordination of the Department's response to all corporate matters, including Representations, FOI, AIE and a range of whole of Government policy areas (Programme for Partnership Government, Action Plan for Jobs, Brexit, Climate Action, Childrens First). Provision of co-ordinated briefing for Oireachtas Committees and Inter-Departmental Committees and Senior Officials Groups.

Kenneth Jordan

Unit: Finance and Evaluation Unit

Grade: Principal Officer

Kenneth Jordan is responsible at Principal Officer level for the Finance and Evaluation Unit. The unit is responsible for; annual estimates for the Department's Vote, management and administration of payment processes, monitoring of Departmental expenditure, production of the appropriation account, oversight and development of financial systems and internal controls, development of evaluation capacity, and the administration of the Dormant Accounts Fund.

Eddie Forsyth

Unit: Rural Fund and Corporate Support

Grade: Principal Officer

Eddie Forsyth has responsibility at Principal Officer level for the management and oversight of the Rural Regeneration and Development Fund; the delivery of the Department's communications and press functions; the management of the Department's accommodation, office services and corporate support needs; and the implementation of overall ICT strategy for the Department, including ongoing liaison with the Department's ICT service provider, the OGCIO.
