| (viii) - Certified copy of Company's Memorandum and Articles of Association | <i>N/A</i> | <input type="checkbox"/> |
| (ix) - Certificate of Incorporation of a Limited Liability Company/ Rule Book/Constitution for a Club or Co-Operative Society as appropriate | <i>N/A</i> | <input type="checkbox"/> |
| (x) - Other (specify) _____ | <i>N/A</i> | |

(Note: It may not be necessary to include all of the above documents please refer to the accompanying "Guidance Notes".

4. Details of any previous Leases/Licences/Permissions received by the applicant for this or any adjoining sites (if appropriate)

- | | |
|--------------------------------------|-----------------------|
| (i) Date of Lease/Licence/Permission | <i>Not Applicable</i> |
| (ii) Reference number(s) | <i>Not Applicable</i> |

5. Is all or any part of the Foreshore (the subject of this application) in private ownership? (This search should be carried out in the Registry of Deeds and Land Registry and copies of results, including where appropriate, folio maps should be included). *There is none in private ownership.*

If yes, please provide details of ownership.

N/A

Have adjacent land owners, whose properties may be affected by these works been consulted? Please provide details/permissions as appropriate.

No. Adjacent land owners and other interested parties will be able to make submissions regarding the works when the Part 8 planning application for the works is submitted.

6. Employment Implications (if any):

Approx. 1 no. part-time operative will be employed to operate and maintain the proposed wastewater treatment works and pumping station.

7. Capital cost of proposed works (€ - Euro)

<i>Wastewater treatment works</i>	<i>1,686,000</i>
<i>Pumping Station</i>	<i>100,000</i>
<i>Pipelines</i>	<i><u>329,000</u></i>
Total	2,115,000

8. Do the proposed works involve the draw down of European Union or State funding? *Yes*

If "Yes" give details, including any time restrictions, etc. applying

The proposed works are to be funded by the state through the Department of Environment, Heritage and Local Government, under The Water and Sewerage Services Investment Programme 2002 - 2004. There shall be a similar programme for 2005 - 2007. The works are to be completed by 31 Dec. 2005

9. Do the proposed works provide for public use, restricted use or strictly private use? (give details)

Not Applicable

10. Are there public health/safety implications arising from the proposed works? (e.g. effluent disposal, navigational safety, removal of derelict or dangerous structures etc.)

Yes. Improved water quality in Church Strand Bay will have a beneficial impact on public health. Currently the outfall from the existing septic tank discharges primary treated sewage to the Harbour close to Bull Point.

The proposed works relate to the discharge of treated effluent. This effluent will be treated before discharge so that the health implications should be significantly reduced. This effluent will be fit for bathing water purposes.

11. Will the works involve the storage and/or disposal of waste?

Yes

If "Yes" please give details of the type of waste and the proposed method of storage and/or disposal (including location)

The discharge of treated effluent from the proposed wastewater works via the proposed outfall and the intermittent combined overflow of surface water and diluted sewage, as a result of heavy rainfall via the existing outfall.

The works will involve the thickening, storage and transport of waste sludge off site for disposal or further treatment and beneficial reuse in accordance with the County Cork Sludge Management Plan.
