TRA-FOI-2020-0023	Journalist	I am seeking a schedule of the type and number of road traffic offences committed per year that are sanctioned with penalty points.I'm requesting one list/spreadsheet for each year listing all of the types of penalty points offences that applied in that year and showing the number of times each of those offences was recorded in that year.I know people have an option to pay the fine and accept the points before it goes to court. And then if it goes to court they are convicted and fined and sanctioned with penalty points; and obviously its well documented at this point that there are issues in the courts with drivers not bringing/surrendering their licences. It's also well documented there are people driving in Ireland on foreign licences etc who appear to be out of reach of the Irish system. But I'm not interested in any of that.I am literally just looking for lists of penalty point offences that applied in each year since the penalty points system was introduced and the number of times each of those offences was recorded in each of those years.	Granted	31/01/2020
