**Q. Does the Young Farmer have to be recorded as the herd keeper on a joint herd number/Company/Partnership?**

A. No the Young Farmer does not need to be recorded as the herd keeper but must be a registered owner of the herd number.

Will I qualify for the Young Farmers Scheme payment on only the 30 I held in 2020 or also on the additional entitlements for 2021, subject to the maximum of 50?**

A. Successful applicants will qualify for the Young Farmers Scheme payment on all entitlements activated by them in the given scheme year, subject to a maximum of 50. So in this case the Young Farmer will qualify on the 50 activated entitlements.

A. The Young Farmers Scheme payment is not paid per eligible hectare declared. Instead it is paid per activated entitlements held in the scheme year. Successful applicants will only be paid the Young Farmers Scheme payment on the activated entitlement they hold in the scheme year, subject to a maximum of 50, even where they hold more hectares than entitlements.

**Q. What will entitlements allocated from the National Reserve be valued at?**

A. The value of entitlements allocated from the National Reserve, and the value to which existing entitlements are increased, shall be fixed at the national average value of payment entitlements in the year of allocation. In 2020 the National Average value was approximately €185.

**Q. The land that I intend to declare in 2021 is not owned by me. Do I have to show I have a minimum term lease agreement for the land and will I have to provide a copy of the lease?**

A. Successful applicants may receive entitlements on owned, leased or rented land. It is not necessary for applicants to demonstrate a minimum term lease but documentary evidence relating to land farmed may be requested at a later date.

**Q: I do not hold any entitlements, am I eligible for the Young Farmer's Scheme?**

A: The Young Farmers Scheme is paid on activated entitlements. Therefore if you do not hold entitlements, your application for the Young Farmer's Scheme will be unsuccessful.

**Q. Can entitlements be transferred out from land to create naked land for the purposes of applying to the National Reserve?**

A. The removal of entitlements from land for the purpose of creating naked land upon which a National Reserve allocation can be made is not permitted. This action is regarded a circumventing the EU Regulations governing the operation of the scheme by artificially creating the conditions required for obtaining an allocation from the National Reserve.
