Please note that the tables contained in this booklet for some of the means-tested payments are not exhaustive and the relevant rate should be checked directly with the section of the department dealing with that payment.

The information in this booklet is correct at the time of going to publication, February 2021.

Pay Related Social Insurance

The rates of Pay Related Social Insurance (PRSI) given in the following tables are applicable from 1 January 2021.

Employer PRSI

The Class A Employer PRSI threshold increased from 1 January 2021 by €3. This means that the Employer PRSI rates are charged at 8.8% for earnings between €38 - €398 and 11.05% for earnings above €398.

Income for PRSI purposes

PRSI is calculated on the employee's reckonable pay. Reckonable pay is the gross money pay plus notional pay, or benefit in kind, if applicable.

Share-based remuneration

Share-based remuneration is subject to Employee PRSI only, at the rate of 4%. Share-based remuneration, where applicable, should be included as income when determining the appropriate subclass for employees and when charging Employee PRSI.

Share-based remuneration is not subject to Employer PRSI. It should not be included as income when determining the appropriate subclass for employers and when charging Employer PRSI.

In some cases this may result in a different PRSI subclass for the employer and for the employee.

Employer and Employee PRSI should be added together as normal. If a different subclass applies to the Employee and Employer PRSI, the return must always be made at the Employee's PRSI subclass.

Pension contributions

PRSI is fully chargeable on payments by private sector employees in respect of:

- Superannuation contributions;
- Permanent health benefit schemes, including income continuance schemes;
- Revenue approved schemes established under irrevocable trusts, overseas pension schemes and other Revenue exempt approved schemes;
- Personal Retirement Savings Account; and
- Deductions in respect of Revenue approved retirement funds.

Civil and public servants pay Employee PRSI on the Pension Levy, that is the Additional Superannuation Contribution portion of their salaries.

Civil and public service employers do not pay any Employer PRSI on the Pension Levy that is the Additional Superannuation Contribution.

PRSI Credits

How to calculate the PRSI charge for Classes A and H

The PRSI Credit was introduced in 2016 which reduces the amount of PRSI payable for people earning between €352.01 and €424 per week. The Credit is tapered, and the amount of the Credit depends on earnings. It is applicable to both Classes A and H.

Class A Employee PRSI is calculated at 4% of gross weekly earnings and Class H Employee PRSI is calculated at 3.90% of gross weekly earnings.

However, for gross earnings between €352.01 and €424 in a week, the Employee PRSI charge is reduced by the PRSI Credit.

The amount of PRSI Credit depends on gross weekly earnings. At gross weekly earnings of €352.01, the maximum PRSI Credit of €12 per week applies. For earnings between €352.01 and €424, the maximum weekly PRSI Credit of €12, is reduced by one sixth of earnings in excess of €352.01.

The calculation of the PRSI charge for Class A, with gross weekly earnings between €352.01 and €424, involves three separate calculations:

1. Calculate the PRSI Credit
2. Calculate the PRSI charge @ 4%*
3. Deduct the PRSI Credit from the 4%* PRSI charge

The following example shows how to calculate the PRSI Credit and the PRSI charge for gross weekly earnings of €377:

1. **Calculate the PRSI Credit:**

| | |
|---|----------|
| Maximum PRSI Credit | € 12.00 |
| One-sixth of earnings in excess of €352.01 (377.00 - 352.01 = 24.99/6) | (€ 4.17) |
| Reduced PRSI Credit | € 7.83 |
2. **Calculate the PRSI charge @ 4%**

| | |
|--|---------|
| Deduct the reduced PRSI Credit on €377 from the 4% PRSI charge | € 15.08 |
| | € 7.83 |
3. **Weekly PRSI charge**

| | |
|--|--------|
| | € 7.25 |
|--|--------|

*To calculate the PRSI charge for Class H, follow steps 1-3 replacing 4% with 3.90%.

How to calculate the PRSI charge for Class E

For gross weekly earnings between €352.01 and €412 the PRSI charged is reduced by a weekly PRSI Credit of €10.

At gross weekly earnings of €352.01, the maximum PRSI Credit of €10 per week applies.

For earnings between €352.01 and €412, the maximum weekly PRSI Credit of €10, is reduced by one-sixth of earnings in excess of €352.01. There is no PRSI Credit once gross weekly earnings exceed €412.

PRSI exemption on low earnings or income

PRSI Classes A, B, C, D, E and H with reckonable weekly pay of €352 or less are exempt from paying employee PRSI for that week. However, the employer must pay their share of PRSI as normal. **This will not affect employees' entitlement to benefits and pensions.** Employees whose weekly pay or income fluctuates above and below the €352 exemption limit are **not** entitled to an annual refund.

Members of a Local Authority

Since January 2017, members of a local authority are no longer liable to pay Class K PRSI contributions. Members under pensionable age, currently 66 years, are liable to pay a Class S contribution.

Contributions for self-employed people

Self-employed people with a total income of €5,000 or more in the tax year pay Class S social insurance contributions. The contributions are paid on a person's gross income less capital allowances and allowable superannuation.

The arrangements for paying self-employed contributions are described below.

- Those who pay their tax directly to the Collector General will pay their social insurance contribution with their income tax. They will have to pay a social insurance contribution of 4% of **all** income, or €500, whichever is greater.
- Those paying PAYE tax may have their contributions deducted from their income by their employers.
- Those who have been told by an Inspector of Taxes that they need not make a return of income must pay a flat rate contribution of €310 to the Department of Social Protection.
- Those whose main income comes from share fishing and who have been classified as self-employed may opt to pay an extra contribution for certain benefits under Class P. In addition to the Class S contribution, they will pay a contribution of 4% of all income in the preceding contribution year, over the PRSI Free Allowance of €2,500 per annum or €200, whichever is the greater.

Voluntary contributions

Those who are no longer covered by compulsory PRSI, either as an employee or as a self-employed person, and are under pensionable age, currently 66 years, may opt to become insured on a voluntary basis if they satisfy certain conditions. The amount of a voluntary contribution in any contribution year is calculated as a percentage of reckonable income, subject to a minimum and a maximum payment. There are three rates of voluntary contributions:

| High rate | Low rate | Special rate | Benefits covered |
|-----------|----------|--------------|--|
| ✓ | | ✓ | State Pension Contributory |
| ✓ | ✓ | ✓ | Widow's, Widower's or Surviving Civil Partner's Contributory Pension |
| ✓ | ✓ | ✓ | Guardian's Payment Contributory |

High rate: 6.6% for people who last paid PRSI at Classes A, E and H, subject to a minimum annual payment of €500.

Low rate: 2.6% for people who last paid PRSI at Classes B, C and D, subject to a minimum annual payment of €250.

Special rate: Flat rate of €500 for people who last paid PRSI at Class S.

Class K also applies to the additional earned self-employed income from a trade or profession of a modified rate contributor, for example, civil and public servants recruited prior to 6 April 1995, and on any unearned income they may have. This income is liable to a 4% PRSI charge.

Class K may also apply to the unearned income of employed contributors and occupational pensioners, whether the pension arises from the person's own employment or the employment of their spouse or civil partner, under pensionable age, currently 66 years, where this is the only additional income. This means that unearned income such as rental income, investment income, dividends and interest on deposits and savings may be liable to a 4% PRSI charge.

Redundancy Payments

Where an employee has been made redundant, they may be entitled to a redundancy payment. To qualify for a redundancy payment the main conditions are:

- Two years of continuous employment with the same employer;
- Employment is fully insurable for all benefits under the Social Welfare Acts;
- Employee must be over 16; and
- The job no longer exists.

It is the responsibility of the employer to pay statutory redundancy to all eligible employees.

An eligible employee is entitled to a statutory redundancy payment of two weeks' pay for every year of service, plus a bonus week. The gross weekly wage is used to calculate the payment, subject to a maximum of €600.

If the employer is unable to pay statutory redundancy to its eligible employees, the department may make redundancy payments directly to those employees under the Redundancy Payments Scheme. The time-limit for applying for a redundancy payment is 52 weeks.

Once a payment is made by the department a debt is immediately raised against the employer. This debt must be repaid by the employer.

In some circumstances the employee may make a complaint to the Workplace Relations Commission:

- Where the employer is unwilling to engage with the employee or the department;
- If the employee wants to extend the time limit for submitting a redundancy application, up to 104 weeks; or
- If the employee wants to appeal the decision of the department under the Redundancy Payments Scheme.

Insolvency Payments

This scheme provides for the payment of certain outstanding entitlements relating to the pay of an eligible employee where employment has been terminated due to the insolvency of the employer. For the purposes of the scheme, insolvency can include bankruptcy, formal winding up of the company or death of the employer.

The entitlements covered under the scheme include arrears of wages, minimum notice, holiday pay, pension deductions and certain awards made by the Workplace Relations Commission. The entitlement must relate to the period of 18 months before the date of insolvency or 12 months in the case of pension deductions.

Payments under the insolvency payments scheme are calculated by reference to an employee's gross weekly wage subject to a limit of €600 a week. A limit of eight weeks applies in respect of arrears of wages, holiday pay and minimum notice payments.

All applications for entitlements under the insolvency payments scheme must be made by the employer representative.

No qualifying period applies for those in receipt of Jobseekers Transitional Allowance, or in receipt of Jobseekers Allowance and with refugee status, authenticated by the Department of Justice, Garda Registrar Certificate with Stamp 4, at the time of placement.

Generally, the rate of payment for new applicants will be equivalent to the maximum personal rate of Jobseeker's Allowance plus a €22.50 top-up with a minimum payment of €225.50. You may receive extra payment in respect of a qualified adult dependent and qualified child dependents.

| |
|---|

| 75% of social welfare payment for the second year |

Short Term Enterprise Allowance

The Short Term Enterprise Allowance provides immediate support for someone who loses their job and qualifies for Jobseeker's Benefit but wants to start a business.

A person working part-time and claiming Jobseekers Benefit is not eligible for the scheme.

The maximum length of time on the allowance is the same as if you remained on Jobseeker's Benefit until your entitlement finishes.

You may receive 100% of your Jobseeker's Benefit entitlement for either six or nine months while on Short Term Enterprise Allowance.

Back to Education Allowance Scheme

The Back to Education Allowance Scheme (BTEA) is available to those getting certain social welfare payments who would like to start a second or third level course in education. You may qualify if you continue to meet the qualifying conditions. The rate payable will be based on your previous scheme from which you qualified for BTEA. A maximum family household rate applies and where applicable, you may qualify for increases in respect of a qualified adult or qualified child. The rate may be subject to review.

The Cost of Education Allowance of €500 a year is payable to participants with children.

Jobseeker's Allowance - under age 25

The personal maximum rate of €203 a week will apply to participants of Back to Education Allowance who were previously on an age related rate of Jobseeker's Allowance. If household means apply, they will be assessed against the €203 rate.

The employer must offer full-time employment of at least 30 hours a week, spanning at least four days to eligible employees. The eligible employee must be on payroll and subject to PAYE and PRSI.

Likewise a prospective employee can have their eligibility for JobsPlus assessed by registering on www.jobsplus.ie

All prospective employees approved for this incentive are notified by post and receive a form titled **JP1**. Employees must complete **Part (A)** of this form on starting employment and you as the employer must verify the employment details on **Part (B)** of the form.

It is open to employers to verify with prospective employees if they are eligible for the JobsPlus incentive.

The Wage Subsidy Scheme

The Wage Subsidy Scheme (WSS) gives financial incentives to private sector employers to employ people with a disability. The work offered must be for a minimum of 21 hours per week. An employee with a disability on the WSS has the same conditions of employment as other employees. These include:

- PRSI contributions;
- Tax deductions;
- Annual leave; and
- Other leave entitlements.

The employer must pay the employee with a disability the going rate for the job. This must be at least the statutory minimum wage. These terms and conditions of employment should be set out in the employee's contract.

The Scheme is structured in three strands. The employer can benefit from one or all, simultaneously:

- **Strand I** – is a subsidy payable to an employer for the employment of a person with a disability with a perceived productivity shortfall of at least 20%, in comparison to a peer without a disability. An employee must work a minimum of 21 hours per week up to a maximum of 39 subsidised hours per week. The rate of the subsidy is €5.30 per hour, giving a total maximum annual subsidy available of €10,748 per annum based on a 39 hour week.
- **Strand II** – is based on the total number of employments supported by WSS in a company. The employer receives an additional percentage increase on the total value of WSS for a period, ranging from 10% to 50%, determined by the total number of employments in that organisation supported by WSS.
- **Strand III** – is a grant of €30,000 per annum to assist with the cost of employing an Employment Assistance Officer, available once 25 employments are supported in an organisation through WSS. The successful job seeking applicant is required to give up their primary social welfare payment on commencement of employment under this scheme.

Partial Capacity Benefit

Partial Capacity Benefit is a social welfare scheme which allows individuals in receipt of an Illness Benefit payment for a minimum of six months or Invalidity Pension to return to work, if they have a reduced capacity to work, and continue to receive a payment from this department.

You will qualify for Partial Capacity Benefit if, following assessment by a Medical Assessor of the department, the restriction on capacity is assessed as moderate, severe or profound. If the restriction is assessed as mild the individual will not qualify.

You may not work until you have received written approval to do so from this department.

The personal rate of payment is based on the medical assessments and is outlined below:

| Medical Assessment | |
|--|------|
| % of your personal rate of Illness Benefit or Invalidity Pension payment | |
| Moderate | 50% |
| Severe | 75% |
| Profound | 100% |

Subject to approval from your own doctor, there is no restriction on earnings or number of hours you can work if approved for Partial Capacity Benefit.

Payment lasts if an underlying entitlement to payment of Illness Benefit or Invalidity Pension exists. Partial Capacity Benefit is subject to review and reassessment.

Half-rate Carer's Allowance

Since 27 September 2007, if you are getting certain payments from this department and you satisfy the conditions for Carer's Allowance, you may receive half-rate Carer's Allowance along with your existing payments. It may also be possible for you to receive half-rate Carer's Allowance in addition to someone receiving an increase for you as a qualified adult on their own payment. The qualifying conditions for receipt of the half-rate Carer's Allowance payment are the same as Carer's Allowance.

Shared Caring

Two carers who provide care can be accommodated on the Carer's Allowance scheme. In general the care sharing pattern must be on a weekly basis - each caring Monday to Sunday. However other caring patterns may be considered. If granted you will each be paid an amount of Carer's Allowance proportionate to the level of care provided. The rate of payment for each carer will depend on each individual's financial resources and you will both share the annual Carer's Support Grant proportionally.

A carer who provides care on alternate weeks while the care recipient attends a residential institution every other week can also be accommodated on the Carer's Allowance scheme.

Each carer should apply for Carer's Allowance using the **CR1** application form. If a person is caring for someone on alternate weeks where the care recipient attends a residential institution, then this detail must be recorded on the application form. All the usual qualifying conditions for Carer's Allowance will apply to carers availing of these arrangements.

Both carers will receive the Household Benefits Package of free schemes if they meet the qualifying criteria for the scheme.
