News

Beef Environmental Efficiency Programme Suckler (BEEP S)

The objective of BEEP- Suckler is to further increase economic and environmental efficiency in the suckler herd through improvement in the quantity and quality of performance data that is collected. This will be done through the enhancement of the national herd dataset for genetic evaluations, with a view to supporting the adoption of best practice and more informed decision making at farm level. The Programme will target the weaning efficiency of suckler cows and calves through the collection of the live weights of cows and progeny in the herd of each participant; improving the welfare of suckler calves at the time of weaning; and controlling Liver Fluke in adult suckler cows.

Submitting an application for BEEP-S will not give you automatic participation in Dairy Beef Calf Programme. Dairy Beef Calf Programme applications must be submitted separately.

Please note once your application is submitted **NO** amendments can be made, please ensure your application is correct and you have ticked the correct options.

Also please ensure you press the "Submit Button" on your application, or you will not be eligible for payment.

The closing date for receipt of a valid application is Monday 26th April 2021.

Dairy Beef Calf Programme (Dairy Beef)

The objective of the Dairy-Beef calf programme is to support decision making on farms through better quality data on herd performance and to increase the economic and environmental efficiency of the beef from the dairy herd, and to facilitate further the integration of the dairy and beef sectors by providing support for farmers who are rearing progeny from the dairy herd.

Submitting an application for Dairy Beef will not give you automatic participation in BEEP-S. BEEP-S applications must be made separately.

Please ensure you press the "Submit Button" on your application, or you will not be eligible for payment.

Please note once your application is submitted **NO** amendments can be made, please ensure your application is correct and you have ticked the correct options.

The closing date for receipt of a valid application is Monday 26th April 2021.
