Interdepartmental Group focused on hubs

Move to a national hub network

Public Service to begin using hubs
Update on Data Gathering

- Survey launched on the 22nd February
- 291 Responses so far, 33 in progress
- Updated Hubs Map is available
www.connectedhubs.ie offers users the potential to allow people work comfortably and securely, in a professional environment, with like-minded people.

It allows people to live where they feel most at home, closer to their families & communities.

It allows them to stay connected with their work and regain / strengthen the personal connections that matter the most to them.
ConnectedHubs.ie will become our URL and Brand identity.

Separate to this we envisage key campaign messages which will have the opportunity to attract more investment, promote second sites and build on the entrepreneurial ecosystem in the region.

Our initial campaign will deliver initial marketplace awareness for the hubs in a way that matches potential visitors’ online behaviour.

Our launch campaign will become Transform Your Workday
Transform your workday.
Transform your workday.

connectedhubs

We built a state-of-the-art workspace for tech teams and innovators to do their best work, in one of the most beautiful places on earth. We create accelerator programmes to help you scale and connect you with investors, mentors, pioneering technology and R&D to accelerate tech innovation. We bring the right people together, to build better.

RDI Hub is an environment for start-ups, corporates and academia to learn and collaborate to create new sources of business growth. The purpose of our team is to help start-ups and corporates both nationally and internationally scale their business. We bring together world class talent and creativity, new insights, pioneering technology and R&D in one place to accelerate technology innovation.

Events

Events area key activity for community driven flexible work spaces

BaseWorx gives you the ability to create and publish your event directly on the hub website.

Each event automatically generates its own unique URL so you can improve that all important Search Engine Optimisation.

Your members and the public can book or pay for their tickets directly from your site reducing the necessity to handle cash.

If it is free entry you can encourage people to book online so you have an understanding of how many will be in attendance in order to prepare.
Mobile App

- Mobile version of the platform to go live in mid July
- At the moment it is fully mobile responsive
Next Steps

- €5 million Connected Hubs Fund went live at the end of April
