### IV. Health Declaration

I, the undersigned Official Veterinarian, hereby certify that:

1. The meat and food products described above were derived from poultry which received ante-mortem and post-mortem veterinary inspection by veterinarians or meat inspectors under direct supervision of government veterinarians at the time of slaughter and were found to be free from infectious and contagious diseases and otherwise fit for human consumption. Based on the results of the national surveillance program on harmful substances in accordance with Council Directive 96/23/EC, poultry meat from which products are derived does not contain residues or such substances in quantities hazardous to human health. The meat and meat food products have been handled only in a sanitary manner in Ireland;
2. Highly pathogenic avian influenza (HPAI) and H5 and H7 low pathogenicity avian influenza (LPAI) are notifiable diseases in Ireland;
3. Ireland has been free from highly pathogenic avian influenza (HPAI) for the past three (3) months prior to export OR during a HPAI outbreak in poultry in Ireland, the products are not derived from within the 10 km surveillance zone(s) established around the infected premises;
4. Ireland has been free from low pathogenicity avian influenza (LPAI) of the H5 and H7 subtypes for the past three (3) months prior to export OR during a LPAI outbreak of the H5 and H7 subtypes in poultry in Ireland, the products are not derived from within the 1 km restriction zone(s) established around the infected premises;
5. Ireland is not practising AI vaccination to control the disease;
6. The slaughter of the birds and processing, packing and storage of meat were carried out under sanitary conditions under official veterinary supervision, in the above mentioned establishment approved by the Director-General, Food Administration for export to Singapore;
7. The meat was derived from birds hatched and reared in either Ireland or Northern Ireland and slaughtered in Ireland;
8. Every precaution has been taken to prevent contamination prior to export.
