20/101	12/10/2020	Interest group	Galway Bay Against Salmon Cages have been receiving reports of escaped farmed salmon having been caught in a number of Donegal rivers in the last four months. I request the following information under Access to Information on the Environment Regulations (AIE) Aarhus Convention 2007 to 2014. Have any escapes of farmed salmon occurred from any Irish salmon farm installations between 1st January 2020 to the present day? If the answer to the above question is yes, What installation/installations did the farmed salmon escape from and how many escaped? What was the cause of the escapes? What was the average weight of the escaped salmon and had any diseases / viruses being diagnosed at the salmon farm installation/installations in the months prior to the escapes. Who was notified of the escapes?	Refusal
