

REAP Circular No. 5

21<sup>st</sup> July 2021

**Results Based Environment Agri Pilot Project (REAP)  
Submission of Assessment & Scoring Details on GLAM - Extension**

Dear Advisor

I refer to section 18 of the REAP terms and conditions and in particular to the deadline dates for the submission of field assessments and scoring details on GLAM.

Please note that the deadline for the submission of scoring details for the Low Input Grassland (LIG) option is extended to 15<sup>th</sup> August 2021.

This extension does not impact the deadline for submission of scoring for the Multi Species Ley option which remains 15<sup>th</sup> August 2021. Both Low Input Grassland (LIG) and the Multi Species Ley (MSL) assessment and scoring must now be submitted by this date.

Please note, that where both the Low Input Grassland (LIG) and the Multi Species Ley (MSL) options have been chosen that scoring details for both options must be submitted at the same time.

Scoring details submitted on GLAM will form the basis of the REAP payment claim. Any delay in submitting scoring details will impact on payments.
