

Eradicating Homelessness

1,200 new tenancies

over 5 years for people with a history of rough sleeping/long-term use of emergency accommodation and with complex needs

Improved support and services

for children and their families through multiagency response

Increased health supports for individuals

health care plans and mental health services

Strengthened, integrated care pathways

for those with chronic health needs

Youth Homelessness Strategy

National Homeless Action Committee

New oversight body for more coherent, joined-up service delivery
