

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations

Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
Method of Approach								
1	The Department of Health and the HSE should revise their policies in respect of document management. This should ensure that good quality records are created and maintained which are authentic, reliable, and complete in searchable format. They should be protected and preserved to support future actions and ensure current and future accountability.	1.1	The Department will review its current policy on document management to identify areas with potential for improvement and scope requirements.	Assistant Secretary, Corporate Division, DoH	Q4 2018	Q2 2019	A project based approach was adopted to identify areas with potential for improvement and scope requirements. Following research and completion of the project a suitable document management solution was identified. Work is underway to progress implementation. This is supported by other actions including the roll out of eApplications - ePQS, eSubmissions, eCorrespondence etc - and an exercise to update the Department's record management protocol.	Completed
		1.2	The HSE will commence discussions on a process to identify and review its current policy on document management. The purpose of this review will be to identify any improvements and amendments including available document management systems.	HSE CIO & CCO	Q4 2018	Q1 2019	The Chief Clinical Officer (CCO) has engaged with the National Director of Quality Improvement in relation to reviewing the HSE Health Care Records Management (HCRM) Policy (see action 1.6). Additional actions have also been developed in relation to access to healthcare records (see action 1.5) and also to non - healthcare record management policies (see action 1.7, 1.8 & 1.9).	Completed
		1.3	The HSE will engage with staff to highlight the importance of best practice and direct staff to the Healthcare Record Management (HCRM) policy and standards.	HSE CCO & CIO	Q4 2018	Q2 2019	A communication was issued to all HSE staff on the importance of best practice and adherence to HCRM. The communication included a link to the HCRM Policy and National Standards in addition to an interactive poster highlighting best practice for HCRM.	Completed
		1.4	The HSE will conduct engagement with operations regarding responsibility and accountability for HCRM.	HSE CCO & CIO	Q4 2018	Q1 2019	An engagement with operations regarding responsibility and accountability for HCRM has taken place.	Completed
		1.5	The HSE will evaluate compliance with HCRM through health care audit.	HSE CCO & CIO	Q1 2019	Q4 2019	A programme of work to be overseen by the Audit & Risk Committee of the HSE Board and which is being led by the HSE Data Protection Officer in relation to records management across the organisation has commenced. The work includes a review of records management and retention (healthcare and non healthcare records) in addition to ensuring the implementation of recommendations from the 2019 audit of access to healthcare records by patients in public hospitals. This significant programme of work will ensure that all recommendations from the Scally Report in relation to records management will be implemented throughout the HSE.	Completed
		1.6	The HSE will complete a revision of the HSE Healthcare Records Management Policy.	HSE CCO & CIO	Q1 2019	Q4 2019	A programme of work to be overseen by the Audit & Risk Committee of the HSE Board and which is being led by the HSE Data Protection Officer in relation to records management across the organisation has commenced. The work includes a review of records management and retention (healthcare and non healthcare records) in addition to ensuring the implementation of recommendations from the 2019 audit of access to healthcare records by patients in public hospitals. This significant programme of work will ensure that all recommendations from the Scally Report in relation to records management will be implemented throughout the HSE.	Completed
		1.7	HSE Data Protection Officer will commission the development of a policy on best practice for records management in the HSE including a review of the current HSE policy on records retention.	DPO	Q3 2019	Q4 2019	A programme of work to be overseen by the Audit & Risk Committee of the HSE Board and which is being led by the HSE Data Protection Officer in relation to records management across the organisation has commenced. The work includes a review of records management and retention (healthcare and non healthcare records) in addition to ensuring the implementation of recommendations from the 2019 audit of access to healthcare records by patients in public hospitals. This significant programme of work will ensure that all recommendations from the Scally Report in relation to records management will be implemented throughout the HSE.	Completed
		1.8	The HSE Data Protection Officer will ensure that communication and implementation of the policy on best practice for records management is disseminated throughout the system.	DPO	Q4 2019	Q1 2020	At the request of the Chief Clinical Officer in November 2020, the Project Lead for the Record Retention Review Project agreed to extend the scope of the work to encompass the recommendation of the Scally Review in relation to records management and access to healthcare records. This project has been underway since late November 2020 with a planned completion date of mid-January 2021. Due to delays in access to nominees of the relevant HSE division, the duration of the project has been extended to late-March 2021. To date a literature review has been completed. In addition there have been 1:1 meetings held with 22 nominees and detailed questionnaires have been issued and are largely completed. As the field-work element of the project nears completion, the focus has now shifted to writing up the new policy. During this phase of the project additional attention will focus on improving the level of information and signposting for the public in relation to accessing their individual health records. This access is a fundamental right under GDPR and accordingly the focus will be on explaining this right and outlining a clear pathway for individuals to access their records in a timely manner.	In Progress
		1.9	In reviewing the HSE Electronic Communications Policy, ICT will incorporate guidance on the requirements relating to the transmission of records/documents.	CIO	Q2 2019	Q3 2019	At the request of the Chief Clinical Officer in November 2020, the Project Lead for the Record Retention Review Project agreed to extend the scope of the work to encompass the recommendation of the Scally Review in relation to records management and access to healthcare records. This project has been underway since late November 2020 with a planned completion date of mid-January 2021. Due to delays in access to nominees of the relevant HSE division, the duration of the project has been extended to late-March 2021. To date a literature review has been completed. In addition there have been 1:1 meetings held with 22 nominees and detailed questionnaires have been issued and are largely completed. As the field-work element of the project nears completion, the focus has now shifted to writing up the new policy. During this phase of the project additional attention will focus on improving the level of information and signposting for the public in relation to accessing their individual health records. This access is a fundamental right under GDPR and accordingly the focus will be on explaining this right and outlining a clear pathway for individuals to access their records in a timely manner	Completed
2	The Minister for Health should give consideration to how women's health issues can be given more consistent, expert and committed attention within the health system and the Department of Health.	2.1	Working with the HSE and the NWCI, the Department will oversee the scoping exercise on the development of the Women's Health Action Plan (WHAP) as envisaged under the National Strategy for Women and Girls.	CMO	Q4 2018	Q2 2019	Women's Health in Ireland An Evidence Base for the Development of a Womens Health Action Plan' was published in September 2019 and is available on the Department's website.	Completed
		2.2	Following completion of the scoping exercise, the Department will work with the HSE and the NWCI to review the outcome of the scoping exercise and set out a work programme for 2019.	CMO	Q2 2019	Q2 2019	The Department, the HSE and the National Women's Council of Ireland are now working together under the Womens Health Taskforce to progress a womens health policy programme in a comprehensive and coordinated way. See progress under Action 2.4.	Completed
		2.3	The Department will carry out a review of challenges and opportunities, incorporating the learning from previous and current initiatives and international approaches, in order to identify high-potential solutions and necessary changes to policy analysis, processes and decision-making.	Deputy Secretary, Policy and Strategy, DoH	Q4 2018	Q2 2019	The Department has concluded this review and agreed to establish a Womens Health Taskforce to improve womens health outcomes and womens experience of healthcare in Ireland. See Progress under Action 2.4.	Completed

Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
		2.4	Establish a Women's Health Taskforce to give focus on direction to women's health policy in the Department of Health. The Taskforce will agree and implement actions to improve women's health outcomes, and women's health experiences, drawing on available evidence and the outcomes of consultation to be undertaken by the Taskforce, including a listening exercise.	Secretary General	Q3 2019	Q3 2019	<p>The Department has now established a Women's Health Taskforce which has met in September and October 2019, and will continue to meet every 4 - 6 weeks. The Taskforce is co-chaired by the Secretary General of the Department of Health and the Directory General of the European Institute for Women's Health. It combines internal and external membership, with a strong bias towards involving internal staff, in keeping with Dr Scally's recommendation that the Department improve the consistency, commitment and expertise it applies to Women's Health issues. The Taskforce is currently working through a number of exploratory themes in order to select priority work areas. It is envisaged that priorities will be selected on a rolling basis every quarter. Every meeting of the Taskforce and all inputs to its work are published regularly on the Women's Health Taskforce website on gov.ie/health.</p> <p>The Women's Health Taskforce have agreed as their first action to initiate a Radical Listening Exercise. Planning is well underway and the exercise will formally commence shortly. In addition, the Taskforce has been seeking direct input into its work programme, into which 500+ women have contributed to date. These inputs are published routinely on the Women's Health Taskforce website.</p>	Completed
3	The Department of Health should examine the current arrangements for patients to have access to their hospital medical records so that such access can be achieved in a timely and respectful way.	3.1	The HSE will retain the current National Screening Services team to assist with continued medical record access in publicly funded hospitals.	HSE CCO	Q4 2018	Q4 2018	The client services team established during 2018 has been retained in the NSS to manage access to patient records in publicly funded hospitals when requested. The team continues to manage requests for access to records in addition to other supports to service users and legal representatives.	Completed
		3.2	A proposal to examine the current arrangements, capacity and demand in the system regarding access to records will be developed and will be presented to the HSE Scally Oversight Group.	HSE CCO	Q4 2018	Q4 2018	A draft proposal has been developed to examine the current arrangements, capacity and demand in the system regarding access to records - this work will be completed as part of the audit of access to healthcare records which will measure compliance with best practice.	Completed
		3.3	The HSE will develop improvement plans to review current arrangements, capacity and demand in the system regarding access to records across hospitals.	HSE CCO	Q1 2019	Q2 2019	A programme of work to be overseen by the Audit & Risk Committee of the HSE Board and which is being led by the HSE Data Protection Officer in relation to records management across the organisation has commenced. The work includes a review of records management and retention (healthcare and non healthcare records) in addition to ensuring the implementation of recommendations from the 2019 audit of access to healthcare records by patients in public hospitals. This significant programme of work will ensure that all recommendations from the Scally Report in relation to records management will be implemented throughout the HSE.	Completed
		3.4	The HSE will implement improvement plans in relation to how service users can access their medical records in publicly funded hospitals.	HSE CCO	Q2 2019	Q4 2019	<p>At the request of the Chief Clinical Officer in November 2020, the Project Lead for the Record Retention Review Project agreed to extend the scope of the work to encompass the recommendation of the Scally Review in relation to records management and access to healthcare records.</p> <p>This project has been underway since late November 2020 with a planned completion date of mid-January 2021. Due to delays in access to nominees of the relevant HSE division, the duration of the project has been extended to late-March 2021.</p> <p>To date a literature review has been completed. In addition there have been 1:1 meetings held with 22 nominees and detailed questionnaires have been issued and are largely completed.</p> <p>As the field-work element of the project nears completion, the focus has now shifted to writing up the new policy. During this phase of the project additional attention will focus on improving the level of information and signposting for the public in relation to accessing their individual health records. This access is a fundamental right under GDPR and accordingly the focus will be on explaining this right and outlining a clear pathway for individuals to access their records in a timely manner.</p>	In Progress

Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
Governance and Management								
4	The Minister for Health should consider seriously the appointment of two patient advocates to the proposed new Board for the HSE.	4.1	The Department will oversee the conclusion of the PAS campaign for recruitment of Board members, including members with experience or expertise in patient advocacy.	Deputy Secretary Governance and Performance, DoH	Q4 2018	Q4 2018	The Board has been established and held its first meeting on 28 June 2019.	Completed
		4.2	The Department will support the Minister in bringing the Health Service Executive (Governance) Bill through the Houses of the Oireachtas.	Deputy Secretary Governance and Performance, DoH	Q4 2018	Q2 2019	The Health Service Executive (Governance) Act 2019 was commenced on 28 June 2019. The Act establishes a Board for the HSE. In line with recommendation 4, the Act provides that at least 2 of the Board members must be people with experience of, or expertise in, advocacy relating to matters affecting patients.	Completed
5	A National Screening Committee should be constituted to advise the Department of Health and the Minister on all new proposals for screening and revisions to current programmes.	5.1	The Department will review the advice (draft specification) provided to it.	CMO	Q4 2018	Q4 2018	The Department has reviewed the advice provided to it.	Completed
		5.2	The Department will consider the elements not covered by this advice and develop a proposal which also aligns with the need for expert National Committees in relation to other important public health areas including, for example, immunisation.	CMO	Q1 2019	Q2 2019	The Department has considered the draft specification and has a proposal developed that will be taken forward with the outcome of 5.3 (Chair) and 5.4 (Membership) and in preparation for 5.5	Completed
		5.3	The Department will commence the recruitment process for the Chair of the National Screening Committee.	CMO	Q1 2019	Q2 2019	Prof Niall O'Higgins was appointed as Chair of the National Screening Committee	Completed
		5.4	The Department will commence an expressions of interest process for membership of the NSC.	CMO	Q2 2019	Q3 2019	Expressions of interest for Membership of the Committee were sought during the summer with a closing date of 13 September 2019. The Selection Panel met on 20 September 2019. All applicants contacted and advised of the outcome.	Completed
		5.5	The Department will host the inaugural meeting of the National Screening Committee.	CMO	Q3 2019	Q4 2019	The Department hosted the inaugural meeting of the National Screening Advisory Committee (NSAC) on 18 November 2019. A second meeting of the Committee took place on 5 March 2020.	Completed
6	The NSS, whatever its location within the HSE, should be able to access senior levels of the organisation and be located close to strategically and logically linked services.	6.1	The HSE will maintain the current reporting line of the Interim National Director reporting directly to HSE Director General.	HSE DG	Q4 2018	Q4 2018	The HSE has maintained the current reporting line of the Interim National Director of NSS reporting directly to the HSE Director General.	Completed
		6.2	The Head of the NSS will be at a CEO level and will report in at a senior level within the HSE structure. This position will be subject to a HSE Leadership decision.	HSE DG	Q4 2018	Q2 2019	An interim CEO is currently in place pending the appointment of a permanent CEO, with a recruitment campaign to begin in October.	Completed
		6.3	The HSE Steering Group will oversee the development of a wider organisational governance implementation plan taking account of stakeholder engagement for the NSS	HSE ND NSS	Q4 2018	Q2 2019	An organisational and governance review of the NSS has been completed. A draft report setting out a series of recommendations for implementation has been provided to the National Director of Screening for consideration and approval. It is expected that the process of its implementation will commence in Q4 2019.	Completed
		6.4	The HSE will implement a governance improvement plan for the NSS.	HSE ND NSS	Q2 2019	Q4 2019	The NSS is actively continuing to implement improved governance arrangements as recommended in the organisational and governance review.	Completed
7	A far greater component of professional and public health expertise should be deployed across the screening services, not as external advisors but with significant roles within the screening programmes.	7.1	The Department will publish the Crowe Horwath Review of Public Health Medicine.	CMO	Q3 2018	Q4 2018	The Crowe Horwath Report on the Role, Training and Career Structures of Public Health Physicians in Ireland was published in December 2018.	Completed
		7.2	The Department will establish a Public Health Medicine (PHM) Oversight Implementation Group.	CMO	Q4 2018	Q1 2019	An Implementation Oversight Group has been established by the Department of Health to oversee the development and implementation of a new model for the delivery of public health medicine in Ireland. This Group, led by the Department of Health, includes representation from across the HSE, including from the National Cancer Control Programme and the National Screening Programme. It also includes representation from HIQA, the National Cancer Registry, the Institute of Public Health in Ireland, the Royal College of Physicians of Ireland and academia.	Completed
		7.3	The HSE's Implementation Working Group will be established.	CMO	Q4 2018	Q1 2019	The HSE's Implementation Working Group has been established.	Completed
		7.4	Finalise workplan for Oversight Group	CMO	Q1 2019	Q2 2019	The workplan for the Oversight Group has been finalised.	Completed
		7.5	Future governance and organisational structures for public health medical services will be agreed.	CMO	Q2 2019	Q4 2019	The preferred high-level Service Delivery Model was presented to HSE leadership and the Department of Health in September 2019, and to DoH Management Board in November 2019 (Stage 1).	Completed
		7.6	Agreed future structures will be implemented.	CMO	Q4 2019	Q2 2022	A dedicated recruitment team has been established to centrally coordinate campaigns and deliver enhanced multidisciplinary teams envisaged as part of the future structures. Campaigns have launched across all job categories. Detailed design and a high-level implementation plan, taking account of demands of pandemic response, was agreed in early Q1 2021. Phased implementation is intended to begin before in Q2 2021.	In Progress
		7.7	The HSE will identify Public Health membership for the HPV Steering Group	HSE ND NSS	Q2 2019	Q2 2019	Public health membership for the HPV primary screening steering group has been identified.	Completed
		7.8	The HSE will identify Public Health membership for the Clinical Advisory Group for Cervical Check	HSE ND NSS	Q1 2019	Q2 2019	The Clinical Director has reviewed all groups and committees in CervicalCheck, inclusive of the CervicalCheck Clinical Advisory Group (CAG), in relation to their role/function to identify requirements and any gaps etc. Both the HPV Oversight and HPV Steering Group have public health representation. A terms of reference for the CervicalCheck CAG has been developed and the membership is inclusive of public health representation. A chair has been identified for the CAG which met in Q3 2019.	Completed
		7.9	The HSE will appoint the National Director of Public Health to the internal HSE Scally Implementation Oversight Group.	HSE ND NSS	Q4 2018	Q4 2018	A National Public Health Director has been appointed to the Scally Report Implementation Oversight Group.	Completed
		7.10	The HSE will appoint a Director of Public Health for the National Screening Service, pending the permanent filling of this post.	HSE ND NSS	Q4 2018	Q4 2018	A Director of Public Health (interim) has been appointed to the NSS pending the permanent filling of this post.	Completed
		7.11	The HSE will identify Public Health representatives for all Quality Assurance committees	HSE ND NSS	Q1 2019	Q2 2019	Public health representation has been identified for all screening programme Quality Assurance (QA) committees - reflected in the terms of reference for each group.	Completed
		7.12	The NSS will recruit Specialist in Public Health Medicine (SPHM) with commitment within the job plan to support the CervicalCheck QA structures, including membership of the QA committee	HSE ND NSS	Q2 2019	Q4 2019	In addition to the appointment of a Director of Public Health to the NSS, a public health doctor has also been recruited to support the further development of the CervicalCheck QA structures, pending further recruitment of an additional SPHM.	Completed
		7.13	The Director of Public Health will continue to develop the Public Health function in NSS as part of developing overall governance structures	HSE ND NSS	Q2 2019	Q4 2020	The Director of Public Health continues to work with the team in NSS to ensure public health is positioned strategically and appropriately within NSS structures.	Completed
		7.14	The HSE will ensure there is a key representative professional role for cytopathology (National Laboratory QA Lead)	HSE ND NSS	Q4 2018	Q1 2019	A National Laboratory QA Lead was appointed to the CervicalCheck Programme during Q1 2019. Additionally, a medical scientist was recruited to provide further support in the laboratory area and was appointed in Q3.	Completed
		7.15	The HSE will ensure there is a key representative professional role for colposcopy, and General Practice	HSE ND NSS	Q4 2018	Q2 2019	A Lead Colposcopist was appointed to the Cervical Check Programme in December 2019. Work is continuing in collaboration with the HSE Women and Infants Programme to ensure the role of colposcopy is further developed within the screening programmes and in particular through the introduction of HPV primary screening. A GP Advisor is in place for the HPV primary screening programme and the recruitment of a Primary Care Advisor to the Cervical Check Programme is progressing	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations Quarter 1 2021								
No.	Recommendation		Actions	SRO	Start	End	Update	Status
8	The implementation of new governance arrangements for the HSE should include a substantial revision to the organisational approach to risk management and its reporting.	8.1	The NSS will establish a new Quality, Safety and Risk Committee.	HSE ND NSS	Q3 2018	Q4 2018	A QSRM Committee with an independent Chairperson and patient/service user representation has been established in NSS and continues to meet every 2 months.	Completed
		8.2	The HSE will appoint a Quality, Safety and Risk Manager for NSS.	HSE ND NSS	Q3 2018	Q4 2018	The HSE has appointed a quality, safety and risk manager for the NSS.	Completed
		8.3	Communication will be issued to community and acute operations regarding key risk management practices to be implemented.	HSE CCO	Q4 2018	Q4 2018	A formal communication has been issued by the CCO to Community Health Organisation Chief Officers and Hospital Group CEO's regarding key risk management practices to be implemented.	Completed
		8.4	The HSE will commission an organisational review of risk management structures.	HSE CCO	Q4 2018	Q4 2018	The CCO has commissioned an organisational review of risk management structures.	Completed
		8.5	The HSE will act on the findings from the organisational review of risk management structures, in collaboration with the HSE Risk Committee and the new HSE Board.	HSE CCO	Q1 2019	Q4 2019	The CCO has commissioned an organisational review of risk management structures.	Completed
		8.6	The NSS will review governance and risk management processes, inclusive of risk registers and escalation pathways at department, programme and functions levels.	HSE ND NSS	Q3 2018	Q1 2019	Following approval by the HSE Board of the report from the review of risk management in the HSE, provision was made in the 2020 National Service Plan for the establishment of an Enterprise Risk Management Programme. It was envisaged that a Chief Risk Officer would be appointed by the HSE in Q1 2020 following a recruitment campaign which commenced in December 2019. This process however was unsuccessful in identifying a suitable candidate. While due to the demands of the HSE's COVID 19 response there have been delays in appointing a Chief Risk Officer and fully establishing the Enterprise Risk Management Programme, the CEO with the HSE's Executive Management Team have undertaken a fundamental review of the HSE's corporate risk profile and Corporate Risk Register	Completed
		8.7	The NSS will implement revised incident and risk management structures and processes.	HSE ND NSS	Q3 2018	Q2 2019	The NSS has reviewed the governance and risk management processes in addition to risk registers across all screening programmes, including the corporate risk register and escalation pathways. A process for monitoring and management of risk registers in the NSS has been developed and is being currently implemented.	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
CervicalCheck – Laboratory Services								
9	CervicalCheck should revise its programme standards to clarify what is mandatory, and to clarify the level of reliance on external accreditation processes. This is particularly important in respect of laboratory service providers in other jurisdictions.	9.1	The NSS will adopt a policy for accreditation for programme standards including mandatory standards in CervicalCheck.	HSE ND NSS	Q4 2018	Q2 2019	CervicalCheck has reviewed and updated programme standards - these standards will remain in place pending transition to HPV primary screening. Scheduled quality assurance inspections of laboratory providers has been completed with further inspections planned for Q4.	Completed
		9.2	The NSS will implement enhanced quality assurance arrangements to standardise quality assurance processes in CervicalCheck.	HSE ND NSS	Q1 2019	Q2 2019	Implementation of enhanced QA arrangements & processes in CervicalCheck has been completed. The CervicalCheck Clinical Director has reviewed and amended structures of CervicalCheck QA groups to ensure appropriate separation of standard setting from monitoring.	Completed
		9.3	The NSS will specify and contract for standards and mandatory requirements as part of the move to HPV primary screening, in accordance with these timelines inclusive of any laboratory service providers that may arise from other jurisdictions.	HSE ND NSS	Q4 2018	Q2 2019	Quality assurance inspections of laboratory providers by a team from the NSS has taken place. Updated standards will also be implemented in line with the introduction of HPV primary screening. CervicalCheck has enhanced QA specifications which all laboratory providers will have to comply with. This action has been transitioned to the HPV primary screening project group where they are currently updating QA guidelines inclusive of standards and mandatory requirements for HPV primary screening.	Completed
10	As a priority all providers should fully implement a single agreed terminology for the recording of results and ensure that criteria for defining the different grades of abnormality are consistently applied.	10.1	The NSS will define and agree the terminology to be used in service specifications and recording of results.	HSE ND NSS	Q1 2019	Q2 2019	Cytology reporting terminology has been agreed as per the Bethesda 2001 system. The cyto 1 report demonstrates that there is consistency with the content of the Scally report. A report to review specified outputs has been developed and has been incorporated into the programme for monitoring on a quarterly basis. The terminology for HPV testing modalities has been standardised in line with UK and international terminology.	Completed
		10.2	The NSS will review laboratory performance monitoring and reporting.	HSE ND NSS	Q1 2019	Q3 2019	The process for reviewing laboratory performance monitoring and reporting has been defined. The lab coordinator and the team review lab performance from the CYTO 1 report, where issues are identified these are escalated to the National Lab QA Lead and discussed with the lab during weekly operation meetings. Non-conformities are also discussed as a standing agenda item at the Lab advisory group and noted. Continuous non-conformities are then escalated as part of the QA structure.	Completed
		10.3	The NSS will review quality assurance guidelines and programme standards in relation to terminology.	HSE ND NSS	Q1 2019	Q3 2019	The terminology has been reviewed and Bethesda 2001 reporting terminology will be used in the future as has been in the past.	Completed
11	Based on revised programme standards, a specification for a new and more robust assurance procedure should be documented and form part of the contract for services with cytology providers.	11.1	The NSS will implement enhanced quality assurance arrangements to standardise quality assurance processes in CervicalCheck.	HSE ND NSS	Q4 2018	Q2 2019	Implementation of enhanced QA arrangements & processes in CervicalCheck has been completed. The CervicalCheck Clinical Director has reviewed and amended structures of CC QA groups to ensure appropriate separation of standard setting from monitoring.	Completed
		11.2	The NSS will specify and contract for standards and mandatory requirements as part of the move to HPV primary screening, in accordance with these timelines.	HSE ND NSS	Q4 2018	Q2 2019	As per action 9.3 This action has been transitioned to the HPV primary screening project.	Completed
		11.3	The NSS will recruit clinical leads for colposcopy.	HSE ND NSS	Q4 2018	Q2 2019	A Lead Colposcopist was appointed to the Cervical Check Programme in December 2019.	Completed
		11.4	The NSS will recruit clinical lead for cytopathology (National Laboratory QA lead).	HSE ND NSS	Q4 2018	Q1 2019	A National Laboratory QA Lead was appointed to the CervicalCheck Programme during Q1 2019 - in addition a medical scientist has been appointed to provide further support in the laboratory area.	Completed
		11.5	The NSS will revise laboratory quality assurance documentation as part of the introduction of HPV screening accreditation, Key Performance Indicators (KPI) and reporting arrangements.	HSE ND NSS	Q4 2018	Q2 2019	Contracts have been signed with lab providers for the first 12 months of HPV screening provision with high level standards incorporated into the contract. More detailed pathways and processes are being developed for agreement, testing and sign off. This action has been transitioned to the HPV primary screening project for implementation.	Completed
12	CervicalCheck should adopt a formal risk management approach to parameters which do not reach acceptable standards despite full intervention and monitoring.	12.1	The NSS will update its quality assurance standards to adopt a formal quality assurance risk management approach.	HSE ND NSS	Q4 2018	Q2 2019	Governance structures have been reviewed, and reporting structures have been clarified, in relation to CervicalCheck updating its quality assurance standards. In addition, at the NSS corporate level, the NSS Director of Public Health is establishing a QA improvement project across all programmes.	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations

Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
13	CervicalCheck should document which organisation (eg CervicalCheck, HSE, Providers) has responsibility for pursuing issues of continued non-compliance and the consequences thereof. An advisory group of cytopathologists and other laboratory based staff should be established to advise on this process, and this should include input from those who work for non-State providers.	13.1	The NSS will introduce an approach to performance management which clearly outlines roles and responsibilities of each responsible organisation for managing issues relating to contract non-compliance or to quality standards non-compliance.	HSE ND NSS	Q4 2018	Q2 2019	2019 Memorandums of Understanding (MOUs) reflecting enhanced strengthened quality assurance, risk management and performance management clauses have been issued to hospitals for signature and return to programmes. QA committees will oversee the implementation and monitoring of standards and non-conformities. A Steering Group to inform the further future development of MOUs and the wider performance framework for BowelScreen, CervicalCheck and Diabetic Retina Screen programmes has been convened (April 2019). Further work will be progressed during 2019 between NSS, Acute Hospitals & hospitals groups to discuss and develop a more robust MOU & Performance Management Framework for 2020 and beyond.	Completed
		13.2	The NSS will re-establish the Clinical Advisory Group for CervicalCheck which will provide oversight and governance for non-compliance.	HSE ND NSS	Q4 2018	Q1 2019	The Clinical Director has undertaken a review of the roles and functions of all quality groups within CervicalCheck. A terms of reference and membership for the CervicalCheck CAG has been agreed, a chair has been identified and the group has met during Q3 2019.	Completed
		13.3	The NSS will review membership of the lab sub-committee to include external representation including the non-state lab providers.	HSE ND NSS	Q4 2018	Q2 2019	The laboratory sub-group has reviewed the arrangements for meeting providers both state and non state to monitor quality. The terms of reference for the laboratory sub group has been reviewed including membership. In line with national and international practice the programme will continue to review and update its ToR to ensure the most appropriate representation and input from key personnel.	Completed
14	CervicalCheck should collate and publish annual data on reporting rates for all categories broken down by provider.	14.1	The NSS will collate and publish data in the next Annual Report on reporting dates on all categories broken down by providers.	HSE ND NSS	Q4 2018	Q1 2019	The Cervical Check Annual Report (for 2016 -2017) was published in November 2019 and is available at https://www.screeningservice.ie/publications/index.html	Completed
		14.2	The NSS will run data for Year 9 and incorporate this into the CervicalCheck Annual Report for Year 9.	HSE ND NSS	Q4 2018	Q1 2019	Annual Reports for Cervical Check will be published in future to include reporting rates for all categories by provider and the format and content of reports will be kept under review to ensure they are comprehensive.	Completed
15	In order to obtain comparable data CervicalCheck should amend data specifications to exclude samples taken from colposcopy and analyse and publish all performance statistics on samples taken in primary care, or equivalent, only.	15.1	The NSS will define relevant report specifications (amendment or new).	HSE ND NSS	Q4 2018	Q2 2019	The NSS has defined the amended report specifications.	Completed
		15.2	The NSS will develop, test and validate the relevant report.	HSE ND NSS	Q1 2019	Q2 2019	The NSS has defined, developed and tested the relevant report specifications in order to obtain comparable data to exclude samples taken from colposcopy and analyse and publish all performance statistics on samples taken in primary care or equivalent. The report has been implemented on live systems.	Completed
		15.3	The NSS quality assurance committee will provide oversight approval for the report.	HSE ND NSS	Q1 2019	Q2 2019	The CervicalCheck QA committee has approved reports on performance statistics excluding colposcopy samples and has added this as a standard agenda item to be included in its meetings.	Completed
16	When this change to comparable data is made further epidemiological investigation is required to establish whether the differential rates of abnormality persist and, if so, to what extent they can be attributed to underlying population differences.	16.1	CervicalCheck will investigate whether the differential rates of abnormality persist.	HSE ND NSS	Q1 2019	Q4 2019	The NSS Public Health Director will ensure that all available data sets within the programme are utilised to support continued epidemiological analysis. Additionally, a screening equity strategy is under consideration by the NSS Director of Public Health to further develop population screening and to examine its impact across the population.	Completed
		16.2	The CervicalCheck quality assurance committee will provide oversight approval for the report.	HSE ND NSS	Q2 2019	Q4 2019	The QA committee will provide oversight approval for all reports generated from the Cervical Check Programme as they develop inclusive of future potential epidemiological analysis.	Completed
17	The different rates of sensitivity for ASCUS + identified by second screen at each provider require further investigation by CervicalCheck.	17.1	The National Laboratory QA Lead will review with the Laboratory QA sub-group to develop appropriate actions and timelines.	HSE ND NSS	Q1 2019	Q3 2019	The programme continues to monitor cytology reporting rates by the continued consideration of CYTO 1 laboratory returns through the relevant QA structures.	Completed
18	The different inadequate rates are not a cause for immediate concern. The Scoping Inquiry recommends that the English HTA study findings are implemented across all providers to try to obtain more consistency.	18.1	The National Laboratory QA Lead will review with the Laboratory QA sub-group to develop appropriate actions and timelines.	HSE ND NSS	Q1 2019	Q2 2019	The Public Health England (PHE) Health Technology Assessment (HTA) study findings have been incorporated into the updated laboratory section of the CervicalCheck Quality Guidance document. This is being monitored by weekly operational management meetings with the laboratories.	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations

Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
Procurement of Laboratory Services								
19	Winning proposals should be appended to the relevant contract and not destroyed until at least one year following termination of the contract (and any extension thereof).	19.1	The HSE will review and update its Financial Records Management Policy (NFR08) as relevant to procurement. This will then be subject to National Finance Office approval.	HSE Head of Procurement	Q4 2018	Q2 2019	A review of the financial records management policy (NFR08) has been completed and updated. This has been communicated across the HSE.	Completed
		19.2	HBS Procurement will update its Control Centre with revised procedures.	HSE Head of Procurement	Q4 2018	Q2 2019	The control centre has been updated with the revised NFR08 policy.	Completed
20	A system should be put in place for proactive contract governance in order to safeguard the future of the service and the relationship of the service with the market place.	20.1	NSS Procurement will be incorporated into HBS procurement and governed under HBS Policies and Procedures	HSE Head of Procurement	Q4 2018	Q2 2019	Engagement has taken place with staff to support the transition of the National Screening Services procurement resources to the appropriate portfolio within HSE Health Business Services (HBS). Following discussions the portfolio has now been agreed and procurement of all services aligned to the National Screening Services will be managed via national HBS procurement.	Completed
		20.2	HBS procurement will agree upon a comprehensive suite of service delivery metrics with key stakeholders and these will be applied to the current and future contracts.	HSE Head of Procurement	Q4 2018	Q2 2019	A pre-tender market engagement/ consultation for HPV primary screening was undertaken in late 2018 - this has assisted in defining appropriate service delivery metrics for future contracts. The HPV procurement strategy includes details on the market engagement feedback and the proposed service delivery metrics. The current contracts for laboratory services have incorporated a suite of service delivery metrics which will be used as part of monitoring performance against contracts.	Completed
		20.3	HBS Procurement will review its procedure for proposal of contract extensions.	HSE Head of Procurement	Q4 2018	Q2 2019	Currently a contract extension amendment recommendation (CEAR) is in place as a mechanism for contract extensions. This will be further defined in the HPV procurement strategy. The HPV Procurement strategy includes a mechanism and protocol for any contract extensions.	Completed
21	Procurement processes for external laboratory services should be designed to test the market at reasonable intervals (e.g. every four years), to ensure that CervicalCheck does not become overly reliant on a small number of incumbent suppliers, and to ensure that innovative approaches and added value can be formally captured within the procurement process.	21.1	The HSE will develop a sourcing strategy for laboratory services which includes a market soundings exercise and this will be implemented in the shortest timeframe possible.	HSE Head of Procurement	Q4 2018	Q2 2019	A HPV procurement sourcing strategy for laboratory services which includes a market soundings exercise has been developed. The procurement strategy is an iterative document which will be revised and updated regularly in line with the planned phased introduction of HPV primary screening.	Completed
		21.2	The HSE will carry out transparent market testing in advance of any proposal to extend a contract for these services.	HSE Head of Procurement	Q4 2018	Q2 2019	Carrying out robust market testing in advance of any proposal to extend a contract has been included in the procurement strategy.	Completed
22	CervicalCheck should ensure that its procurement approach maintains a balanced focus on qualitative factors, supplier experience, and innovation, alongside cost considerations.	22.1	NSS Procurement will be incorporated into HBS Procurement and governed under HBS Policies and Procedures	HSE Head of Procurement	Q4 2018	Q2 2019	Engagement has taken place with staff to support the transition of the National Screening Services procurement resources to the appropriate portfolio within HSE Health Business Services (HBS). Following discussions the portfolio has now been agreed and procurement of all services aligned to the National Screening Services will be managed via national HBS procurement.	Completed
		22.2	HBS Procurement will undertake a comprehensive review of award criteria and relative weightings in consultation with clinical and technical advisors as part of procurement evaluation group	HSE Head of Procurement	Q4 2018	Q2 2019	The HPV Procurement strategy is inclusive of details relating to the award criteria and relative weightings to be applied in any future procurement of laboratory services. The award criteria and relative weightings were reviewed in consultation with clinical and technical advisors as part of a procurement evaluation group.	Completed
		22.3	HSE will ensure the HPV contract addresses the balanced focus on qualitative factors, supplier experience and innovation, alongside cost considerations	HSE Head of Procurement	Q4 2018	Q2 2019	Award criteria to be applied in any future contracts for the provision of HPV primary screening is under consideration – the procurement evaluation group and market engagement will inform the most appropriate quality to cost ratios. The HPV procurement strategy has been developed to address qualitative factors, supplier experience and innovation as well as cost considerations to ensure an appropriate cost to quality ratio is applied.	Completed
23	CervicalCheck should ensure that future procurements incorporate measures to test performance in the current contract.	23.1	The HSE will develop and implement a comprehensive suite of service delivery metrics following agreement with all key stakeholders	HSE Head of Procurement	Q4 2018	Q3 2019	A pre-tender market engagement/ consultation for HPV primary screening was undertaken in late 2018 - this has assisted in defining appropriate service delivery metrics for future contracts. The HPV procurement strategy includes details on the market engagement feedback and the proposed service delivery metrics. The current contracts for laboratory services have incorporated a suite of service delivery metrics which will be used as part of monitoring performance against contracts.	Completed
		23.2	The HSE will ensure the HPV contract and other future procurements will incorporate measures to test performance in the current contract	HSE Head of Procurement	Q4 2018	Q2 2019	The current contracts for laboratory services have incorporated a suite of service delivery metrics which will be used as part of monitoring performance against contracts. Any future contracts for the provision of HPV primary screening will include measures to test performance against a set of key metrics - these are defined within the procurement strategy.	Completed
24	External professional assistance should be sought in the construction of any future RFP, and the evaluation of proposals in order to ensure that best practices developed across the public sector since 2012 are incorporated into key areas such as development of RFP documents, supplier briefings, construction of award criteria, construction of evaluation panels, establishment of governance and continuous improvement programmes, etc.	24.1	NSS Procurement will be incorporated into HBS Procurement and governed under HBS Policies and Procedures	HSE Head of Procurement	Q4 2018	Q2 2019	Engagement has taken place with staff to support the transition of the National Screening Services procurement resources to the appropriate portfolio within HSE Health Business Services (HBS). Following discussions the portfolio has now been agreed and procurement of all services aligned to the National Screening Services will be managed via national HBS procurement.	Completed
		24.2	HBS Procurement will incorporate recommendations as outlined in the Scally Report in future sourcing, strategy development and in the development of Request for Tender (RFT) documentation	HSE Head of Procurement	Q4 2018	Q2 2019	The HPV procurement strategy for laboratory services has taken into consideration recommendations relating to the development of request for tender (RFT) documentation.	Completed
		24.3	NSS will appoint a suitably qualified procurement process auditor, to ensure that procurement processes are conducted in compliance with national and EU regulations. The procurement process auditor will also confirm that the relevant recommendations of the Scally Report are incorporated into procurement strategy and contract terms and conditions.	HSE Head of Procurement	Q4 2018	Q1 2019	An external procurement process auditor has been appointed to ensure that procurement processes are conducted in compliance with national and EU regulations.	Completed
25	Assurances should be sought with respect to the capability to deliver the service as specified and without material change. Where change is possible, robust change management procedures, which include approval by the procuring authority, should be defined.	25.1	The HSE will review and update its Contract Management and Change Control Procedure	HSE Head of Procurement	Q4 2018	Q2 2019	The HPV procurement strategy incorporates provisions for contract management and also includes a provision for change control procedures.	Completed
		25.2	HBS Procurement will update its Document Control Centre with revised procedure.	HSE Head of Procurement	Q4 2018	Q2 2019	The HBS Document Control Centre (DCC) will be updated with the revised procedures on an on going basis.	Completed
		25.3	The HSE will train staff in revised procedures	HSE Head of Procurement	Q4 2018	Q2 2019	Staff will be trained on the revised procedures on an on going basis.	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations

Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
Auditing Cervical Screening								
26	Audits should continue to be an important component of cervical screening as this complies with all good clinical practice. Common, robust and externally validated approaches to the design, conduct, evaluation and oversight of audits should be developed across the screening services.	26.1	The NSS will set up an Expert Group to review clinical audit processes for interval cancer across all cancer screening programmes.	HSE CCO	Q4 2018	Q4 2018	The work has been commissioned and an Expert Group established.	Completed
		26.2	NSS Expert Group will develop a report on clinical audit processes for interval cancer, setting out recommendations for the operation of clinical audit processes across all screening programmes.	HSE CCO	Q1 2019	Q3 2019	The expert reference groups which were established in 2018 to make recommendations in relation to audit of interval cancers in the national screening programmes concluded their work in Q3 2020.	Completed
		26.3	The NSS will implement the recommendations following the review of clinical audit processes for interval cancer across all cancer screening programmes	HSE CCO	Q3 2019	Q1 2020	The finalisation of implementation plans for recommendations from reports of interval cancer audit expert groups has progressed well during Q1 2021. Implementation will shortly form part of normal business for NSS and is expected to be closed out as an action through this process in Q2 2021.	In Progress
27	There should be a minimum of two patient advocates involved in the oversight of clinical audits for the screening services.	27.1	The TOR for the HSE Expert Group for interval cancer audit will include two patient advocates.	HSE CCO	Q4 2018	Q4 2018	The terms of reference for the HSE expert group for interval cancer audit includes two patient advocates.	Completed
Open Disclosure and the HSE								
28	The HSE's open disclosure policy and HSE/SCA guidelines should be revised as a matter of urgency. The revised policies must reflect the primacy of the right of patients to have full knowledge about their healthcare as and when they so wish and, in particular, their right to be informed about any failings in that care process, however and whenever they may arise. The revision process should be overseen by a working party or committee with a minimum of two patient advocates amongst its members.	28.1	The National Patient Safety Office will finalise a proposal, including terms of reference and proposed membership for the establishment of an Independent Patient Safety Council to be submitted to the Minister for approval. The Council will have, as its first task, the completion of a detailed review of existing policy on Open Disclosure, reflecting the full range of Dr Scally's recommendations and make recommendations to the Department of Health in this regard.	CMO	Q4 2018	Q1 2019	The Minister approved the terms of reference and membership of the Independent Patient Safety Council. The immediate priority of the Council is to undertake a review of open disclosure policies, informed by legislation, international best practice and research with a view to standardising and optimising the process of open disclosure to enhance the patient experience and maximise the opportunities for system-wide learning. The Independent Patient Safety Council had its first meeting in January 2020 and includes strong patient and public representation and international patient safety expertise.	Completed
		28.2	A Chair and Membership of the Independent Patient Safety Council will be appointed.	CMO	Q1 2019	Q2 2019	The appointment of a Chair and the Membership of the Independent Patient Safety Council was completed in December 2019. The first meeting of the Independent Patient Safety Council took place on 27 January 2020.	Completed
		28.3	A more detailed revision of the HSE open disclosure policy will be completed by the HSE and will follow the outcome of the work which will be undertaken by the Patient Safety Council under the leadership of the Department of Health	HSE CCO	Q4 2018	Q2 2019	The National Patient Safety Office (NPSO) will finalise a proposal, with a terms of reference and proposed membership for the establishment of an Independent Patient Safety Council to be submitted to Government for approval. The HSE will at that stage carry out a further revision of its Open Disclosure Policy. No further action can be taken in relation to this until the patient safety advocacy council is established and DoH commission a review of the Open Disclosure Policy. However, the recently published HSE interim policy on open disclosure has included an addendum which states that the policy will be further reviewed pending the commencement of provisions for mandatory open disclosure in the forthcoming Patient Safety Bill.	Completed
		28.4	The HSE will launch an interim revision of the open disclosure policy, incorporating recommendations from the Scally Report and the Civil Liabilities Act 2018.	HSE CCO	Q1 2019	Q2 2019	An interim revision of the HSE Open Disclosure policy has been completed. The revised policy was launched on the 12th of June 2019. An addendum to the policy states that a further revision will be undertaken once the Patient Safety Council has been established and the Open Disclosure Policy has been revised following the enactment of the Patient Safety Bill. Additionally the HSE has committed to making any further necessary amendments to its Open Disclosure Policy as relevant to screening once the work of the expert group (as per action 26.2) has been concluded.	Completed
		28.5	The HSE will implement the revised policy for open disclosure through the development of a comprehensive training programme and revised guidance documentation.	HSE CCO	Q1 2019	Q4 2019	Training in open disclosure in the HSE has been updated to reflect the interim revised Open Disclosure Policy and briefing sessions for open disclosure leads and trainers is continuing. A number of update training days for open disclosure leads and trainers on the revised policy, revised training programmes, Civil Liabilities Act 2017 and national developments in relation to open disclosure have taken place. Workshops were held with members of the HSE Leadership Team during Q3. Workshops for open disclosure leads are also being held across all divisions to ensure the effective implementation approaches to the open disclosure policy and programme at community, hospital group, National Ambulance Service and screening services level.	Completed
29	The option of a decision not to disclose an error or mishap to a patient must only be available in a very limited number of well defined and explicit circumstances, such as incapacity. Each and every proposed decision not to disclose must be subject to external scrutiny and this scrutiny process must involve a minimum of two independent patient advocates.	29.1	The Office of the Parliamentary Counsel to the Government and the Department will oversee the introduction of the Patient Safety Bill.	CMO	Q2 2018	Q3 2019	The general scheme of the Patient Safety Bill, approved by Government in July 2018, underwent pre-legislative scrutiny at the Oireachtas Joint Committee on Health on the 26 September 2018. The Report from the Oireachtas Health Committee was issued on 7 December 2018 with 9 recommendations. The Minister for Health responded to all recommendations on the 21 March 2019. In advance of the publication of the Patient Safety (Notifiable Patient Safety Incidents) Bill, meetings were held with key stakeholders including HIQA, the HSE, the Mental Health Commission and the State Claims Agency in relation to the progression of the Bill. Requirements to meet this recommendation have been included in the HSE's interim revision of its open disclosure policy. The Patient Safety (Notifiable Patient Safety Incidents) Bill provides that mandatory open disclosure of a notifiable patient safety incident must be made to a patient and / or their family. Following the Department of Health meeting with Dr Gabriel Scally on 5 November 2019, further provisions were included in the draft of the Patient Safety (Notifiable Patient Safety Incidents) Bill. A Government decision (S180/20/20/2008) approved the publication of the Patient Safety (Notifiable Patient Safety Incidents) Bill 2019 on 3 December 2019. Following publication, the Minister for Health introduced the Bill into Dáil Éireann on the 12 December 2019, completing the second stage with approval to progress to next legislative stage (Committee Stage), with a view to progressing through the legislative process in the Houses of the Oireachtas to enactment.	Completed
		29.2	The HSE will continue to revise its open disclosure policy in line with other relevant developments, e.g. the Assisted Decision Making Act. The revised policy will incorporate the inclusion of independent advocates in a decision not to disclose.	HSE CCO	Q4 2018	Q2 2019	The HSE revised (interim) Open Disclosure policy has been launched and was revised in response to the Report of the Scoping Inquiry into CervicalCheck but also in line with amendments to the Assisted Decision Making Act and the Civil Liability Amendment Act 2018. The HSE revised policy has included provision for the inclusion of independent patient advocates in a decision not to disclose (page 19 see www.hse.ie/opa/opa-disclosure).	Completed
30	A detailed implementation programme must be developed that ensures the principles and practice of open disclosure are well understood across the health service. In particular, medical staff must be required, as a condition of employment, to complete training in open disclosure.	30.1	The HSE will establish an integrated forum of experts to scope the communications and open disclosure skills training programme.	HSE CCO	Q4 2018	Q2 2019	An expert group to develop an Open Disclosure learning tool for healthcare professionals has been established and the work is progressing.	Completed
		30.2	The Communication and Open Disclosure Skills Training programme will be completed in partnership with the Training Bodies and delivered as part of their training programmes and the training programme of the HSE.	HSE CCO	Q2 2019	Q2 2019	A Gateway to Communications online education programme has been developed and completed in collaboration with the RCPI and is due to be launched in early Oct 2020. The programme addresses skills training in both open disclosure and communications.	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations

Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
		30.3	The HSE will continue and develop open disclosure training programmes across the system that are responsive to changing policy and future expectations	HSE CCO	Q4 2018	Q2 2019	Revision and enhancement of open disclosure training on a continuous basis in the HSE has been developed to reflect policy changes. National HR has also commenced a process to ensure that training in open disclosure is incorporated in future contracts of employment for medical staff.	Completed
31	A governance framework for open disclosure must be put in place that includes evaluation and audit.	31.1.	The Office of the Parliamentary Counsel to the Government and the Department will consider requirements for governance of evaluation and audit in relation to open disclosure in the context of the Patient Safety Bill.	CMO	Q2 2018	Q3 2019	The Office of the Parliamentary Counsel to the Government and the Department worked to ensure that the Patient Safety Bill was introduced in the Autumn Dáil session. The Patient Safety (Notifiable Patient Safety Incidents) Bill provides for the mandatory external reporting of notifiable patient safety incidents which will enable the evaluation and audit of mandatory open disclosure. A Government decision (S180/20/20/2008) approved the publication of the Patient Safety (Notifiable Patient Safety Incidents) Bill 2019 on 3 December 2019. Following publication, the Minister for Health introduced the Bill into Dáil Éireann on the 12 December 2019, completing the second stage with approval to progress to next legislative stage (Committee Stage), with a view to progressing through the legislative process in the Houses of the Oireachtas to enactment.	Completed
		31.2	The HSE will strengthen governance for Open Disclosure at a system level which will provide leadership for the evaluation of audit of compliance with Open Disclosure.	HSE CCO	Q4 2018	Q2 2019	An open disclosure governance steering group has been established in the HSE. The group is chaired by the National Director of Quality Improvement and an open disclosure governance framework has been developed. The governance framework and the group will provide leadership for the evaluation of audit of compliance with the open disclosure policy.	Completed
		31.3	The HSE will establish a National Open Disclosure Office to provide support and leadership for the organisation on the implementation of the principles of OD and the evaluation of same.	HSE CCO	Q4 2018	Q2 2019	Recruitment of a national open disclosure office team has been completed. A programme of work for the national open disclosure office for the remainder of 2019 has been completed.	Completed
32	An annual report on the operation of open disclosure must be presented in public session to the full Board that is to be appointed to govern the HSE.	32.1	The HSE will prepare an annual report for 2018 on the operation of open disclosure within the service	HSE CCO	Q4 2018	Q1 2019	An annual report for 2018 has been developed including the operation of open disclosure within the service. The report includes Q4 2018 training statistics, open disclosure updates, 2019 service plan provisions relating to open disclosure and 2019 priorities.	Completed
		32.2	The HSE will prepare annual reports for 2019 and onwards on the operation of Open Disclosure within the service. These reports will be provided to senior management and presented in public session to the full Board that is to be appointed to govern the HSE	HSE CCO	Q1 2020	Q2 2020	A report on the operation of Open Disclosure in the HSE during 2019 was presented to the HSE Board in Q3 2020. A report on the operation of Open Disclosure for 2020 and all subsequent years will be presented to the HSE Board annually.	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations

Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
Open Disclosure and the Medical Council								
33	The Department of Health should enter into discussions with the Medical Council with the aim of strengthening the guide for registered medical practitioners so that it is placed beyond doubt that doctors must promote and practice open disclosure.	33.1	The Department will hold further meetings with the Medical Council and the Post-Graduate Training Bodies to progress engagement on strengthening the guidance for registered medical practitioners	CMO	Q4 2018	Q4 2019	The Department has engaged with, and will continue to progress this issue further with, the Medical Council, so as to enable the requisite strengthening of the guidance for registered medical practitioners.	In Progress
Open Disclosure and CervicalCheck								
34	A statutory duty of candour must be placed both on individual healthcare professionals and on the organisations for which they work.	34.1	The Office of the Parliamentary Counsel to the Government and the Department will oversee the introduction of the Patient Safety Bill, which will provide for mandatory open disclosure for health practitioners disclosing serious patient safety incidents to patients and for organisations to externally report serious patient safety incidents to the appropriate authority.	CMO	Q2 2018	Q3 2019	A Government decision (S180/20/20/2008) approved the publication of the Patient Safety (Notifiable Patient Safety Incidents) Bill 2019 on 3 December 2019. Following publication, the Minister for Health introduced the Bill into Dáil Éireann on the 12 December 2019, completing the second stage with approval to progress to next legislative stage (Committee Stage), with a view to progressing through the legislative process in the Houses of the Oireachtas to enactment. The Patient Safety (Notifiable Patient Safety Incidents) Bill provides for the mandatory open disclosure of a notifiable patient safety incident to the patient and / or their family, and the notification of same to the relevant regulator. Furthermore the Bill places a duty on both health services providers (organisations) and health practitioners to be open and transparent and provide all relevant information to a patient and / or their family in the context of open disclosure.	Completed
35	This duty of candour should extend to the individual professional-patient relationship.	35.1	The Department will oversee the introduction of the Patient Safety Bill, under which it is proposed that mandatory open disclosure will apply to all health practitioners to disclose to patients.	CMO	Q2 2018	Q3 2019	A Government decision (S180/20/20/2008) approved the publication of the Patient Safety (Notifiable Patient Safety Incidents) Bill 2019 on 3 December 2019. Following publication, the Minister for Health introduced the Bill into Dáil Éireann on the 12 December 2019, completing the second stage with approval to progress to next legislative stage (Committee Stage), with a view to progressing through the legislative process in the Houses of the Oireachtas to enactment. The Patient Safety (Notifiable Patient Safety Incidents) Bill provides for the mandatory open disclosure of a notifiable patient safety incident to the patient and / or their family, and the notification of same to the relevant regulator. Following the Department of Health meeting with Dr Gabriel Scally on 5 November 2019, a further provision was included in the draft of the Patient Safety (Notifiable Patient Safety Incidents) Bill placing a clear obligation on health practitioners to inform the health service provider where they are of the opinion that a notifiable patient safety incident has occurred.	Completed
		35.2	The development of the Patient Safety Bill will include consideration of appropriate sanctions	CMO	Q4 2018	Q3 2019	The Patient Safety (Notifiable Patient Safety Incidents) Bill places an obligation on the health services provider to make a mandatory open disclosure of a notifiable patient safety incident and externally notify to the appropriate regulator. It is an offence (class A fine) to fail to disclose to a patient/relevant person a notifiable patient safety incident or to notify the appropriate regulator of the occurrence of a notifiable patient safety incident. A Government decision (S180/20/20/2008) approved the publication of the Patient Safety (Notifiable Patient Safety Incidents) Bill 2019 on 3 December 2019. Following publication, the Minister for Health introduced the Bill into Dáil Éireann on the 12 December 2019, completing the second stage with approval to progress to next legislative stage (Committee Stage), with a view to progressing through the legislative process in the Houses of the Oireachtas to enactment.	Completed
Cancer Registration								
36	NCRI should urgently negotiate and implement data sharing agreements with all major providers and users of registration data. This is necessary in order to meet the requirements of the new EU General Data Protection Regulation but also, and more importantly, represents good governance. Where such an agreement is with an overarching statutory body, such as the HSE, there should also be individual MoUs in place	36.1	The NCRI will draft a template for individual MoUs to be concluded with all HSE-related bodies, together with a data-sharing agreement and memorandum of understanding for all institutions which provide data to NCRI but are not covered by the NCRI-HSE agreement, and progress discussion	Director, NCRI	Q4 2018	Q2 2019	The NCRI has developed a template for MoUs and DSAs which is, and will be, used for institutions that provide data to the NCRI.	Completed
		36.2	The NCRI will implement a sustainable process that ensures that these documents are reviewed, reissued and resigned as per agreement	Director, NCRI	Q4 2019	Q4 2020	All DSAs & MOUs include a revision timeline. The NCRI are progressing a process to manage this effectively and efficiently.	In Progress
		36.3	The NCRI will agree and develop a suite of reports to share information on a regular basis with other institutions.	Director, NCRI	Q2 2019	Q4 2019	The NCRI have developed a suite of reports to share information with other institutions, to be shared with these institutions on a regular and ongoing basis	Completed
37	Timely data is important to assure the effectiveness of both cancer screening and treatment services. This is a patient safety issue. To fulfill its role properly as a cancer registry: (a) NCRI must be given additional support to recruit cancer registration officers and strengthen its public health medicine capacity. (b) The Department of Health and the HSE should commit to make progress on electronic data capture by NCRI from hospitals and set clear targets for its achievement.	37.1	The NCRI will prepare a priority resource list for consideration by the Department of Health.	Director, NCRI	Q4 2018	Q1 2019	Completed.	Completed
		37.2	The NCRI will develop, populate and maintain an Electronic Data Use register to record and track progress of NCRI electronic data.	Director, NCRI	Q4 2018	Q3 2019	Completed.	Completed
		37.3	The NCRI will use the Electronic Data Use Register to improve its access to, and use, of electronic data.	Director, NCRI	Q3 2019	Q3 2020	Electronic Data Register complete with a manual update process in place. This process will be integrated into the CRS in time. Remote access complete for all HSE hospital and progressing with other hospitals once DSA in place	Completed
		37.4	The NCRI will tender for developing a data architecture system blueprint.	Director, NCRI	Q1 2019	Q3 2019	This tender process has been completed and a contract signed with external contractor.	Completed
		37.5	Following completion of the blueprint, the NCRI will further tender for the development of data management architecture in line with the blueprint.	Director, NCRI	Q4 2019	Q1 2020	NCRI engaging with external contractor in relation to outline of data architecture system.	In Progress
		37.6	The NCRI will commence work on the data architecture system once this second tender has been awarded, and the required data management intelligence will be phased in over the following 1-2 years.	Director, NCRI	Q2 2020	Q4 2021	NCRI engaging with external contractor in relation to outline of data architecture system.	In Progress
		37.7	The NCRI will establish baseline measures for timeliness and completeness.	Director, NCRI	Q4 2018	Q3 2019	The timeliness reports have been completed. Case Creation and Case Closure reports have been presented to NCRI Board and minor adjustments completed and ready to be used again.	Completed
	37.8	The NCRI will implement an ongoing process to monitor measures with an aim to improving timeliness and completeness.	Director, NCRI	Q3 2019	Q1 2020	Following the implementation of report from 34.7, these are reviewed and monitored by IMT with the summary output from the reports presented to the Board at the last meeting and planned for all future meetings	Completed	
	37.9	The NCRI will establish and imbed a formal quality and audit process to ensure data is not only timely and complete but continuously of the highest possible quality.	Director, NCRI	Q4 2018	Q4 2020	The NCRI have developed a process to review and monitor the quality and completeness of our data	Completed	
38	NCRI should review data definitions related to cervical cancer and CIN (cervical intra-epithelial neoplasia) cases to ensure that the screening flags are meaningful for analysis of the effectiveness of the CervicalCheck programme.	38.1	The NCRI will develop a proposal for the establishment of a National Cancer Screening Registry (NCSR) in Ireland with collaboration between NCRI, HSE, NSS, NCCP, and the Department of Health. This process will include the defining of uniform screening data definitions. The proposal will set out the potential of an NCSR to reform current practices, provide a uniform expandable cancer screening data infrastructure and enhance public health capacity as well as directly addressing other Scally Report recommendations with a view to the future; other Scally recommendations will be referenced back to this.	Director, NCRI	Q1 2019	Q4 2020	The NSS and NCRI are working together to finalise a proposal to ensure timely, safe, legally compliant transfer of data between the organisations.	In Progress

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
		38.2	The NCRI will fully review and re-release its standard operating procedure.	Director, NCRI	Q4 2018	Q2 2019	Completed	Completed
		38.3	The NCRI will finalise minimum datasets to include clear documented definitions for all registered data.	Director, NCRI	Q1 2019	Q3 2019	Completed	Completed
		38.4	The NCRI will expand the current cancer registration system to include fields for screening history of all registered patients with cancer screening history.	Director, NCRI	Q3 2019	Q4 2019	NCRI's cancer registration system has been updated to include agreed extra fields.	Completed
		38.5	The NCRI will collaborate with the HSE, the NCCP and the NSS to ensure that all organisations work with agreed screening-related variable definitions.	Director, NCRI	Q3 2019	Q4 2019	NCRI, NCCP and HSE have agreed definitions of variables used.	Completed
39	The need to duplicate the collection of patient level details of cervical cancers by both NCRI and CervicalCheck should be reviewed. It is notable that both CervicalCheck and NCRI have identified patients that the other has not. If it is determined that both systems should continue then properly functioning data	39.1	The NCRI, the HSE/NCCP and the National Screening Service will meet to review current data procedures, design improved procedures and agree on an implementation schedule.	Director, NCRI	Q3 2019	Q1 2020	NCRI, NCCP and HSE have met and agreed changes and an implementation schedule for these.	completed
		39.2	The NCRI, the HSE/NCCP and the National Screening Service will agree a reporting pack and reporting process between NCRI and NSS.	Director, NCRI	Q4 2019	Q4 2020	This will form part of the proposal in development with the NSS and NCRI referenced at 38.1	In Progress
40	The Department of Health must review the composition of the Board of the NCRI in order to ensure more robust governance, in particular in QA, data sharing and patient safety.	40.1	The Department will re-run the recent recruitment campaign with a view to meeting the Board requirements while taking account of the governance recommendations set out by the Scally Report. This will facilitate the recruitment of additional Board members with relevant expertise while allowing for a more comprehensive mix of skills and expertise.	A/Sec Acute Hospitals Policy, DoH	Q4 2018	Q1 2019	The Minister appointed the two successful candidate to the NCRI Board on 12 April 2019.	Completed
41	Any future consideration of the governance of the NSS needs to acknowledge, and contribute to the effective oversight of, the specific role played by NCRI in working in conjunction with the cancer screening programmes.	41.1	The NCRI Board and DoH are in the process of putting oversight agreements in place. These will be revised to incorporate this recommendation. In the longer-term the NCSR would include clear governance between NCRI/HSE/NSS for all cancer screening programmes.	Director, NCRI	Q4 2018	Q4 2020	The NCRI Director and Chair of NCRI Board has signed this agreement during Q2.	Completed
42	The Department of Health should work with the Board of the NCRI to commission an annual peer review, for at least the next three years, by external cancer registration and cancer control experts. The report of each review and the response to it by NCRI should be forwarded to the Minister for Health.	42.1	The NCRI will work with the Department of Health to put in place a formal framework for implementing three annual peer reviews commencing in 2019. A peer review protocol will be developed for Board approval and Department of Health funding by quarter one of 2019. This protocol, the NCRI annual peer review framework, will be used for organising the first review in 2019 and will be modified accordingly after each annual review. There are a wide variety of cancer registration practices worldwide. To ensure maximum benefit from the annual peer review process, it is envisaged that reviewers will be sought from countries with complementary registration systems. A regular schedule of peer review audits will be maintained after the recommended three yearly ones are completed.	A/Sec Acute Hospitals Policy, DoH	Q1 2019	Q4 2021	Draft Terms of Reference (ToR) for the Peer Review were agreed between Department of Health and the NCRI Board. These draft ToR were subsequently sent to the International Agency for Research and Cancer (IARC). It was expected that the review would commence before end-May 2020. However, it has been temporarily paused due to the Covid-19 pandemic. It is hoped that, in line with evolving public health guidance, it will be possible to progress the Review in 2021	In Progress
43	NCRI should establish stronger and more regular contacts with external clinical and public health experts to ensure scrutiny of, and advice on, outputs from NCRI so as to enhance the level of its clinical and public health interpretation, importance and impact.	43.1	The NCRI will undertake a stakeholder survey.	Director, NCRI	Q1 2019	Q3 2019	Completed	Completed
		43.2	The NCRI will implement patient and clinical advisory committees.	Director, NCRI	Q1 2019	Q3 2019	The NCRI has developed a public health engagement plan and is working towards finalising the best means of organising interaction with patients and clinicians.	In Progress
44	One of the requirements for the establishment and good management of a screening programme is that health services should be of a good standard to manage those people detected with disease by the screening programme. NCRI, through links with the clinical community, should seek to engage actively in the assessment of the quality of cancer services, comparing these for screen and non-screen detected cases.	44.1	The NCRI will implement a data quality and audit programme as part of developing data management intelligence.	Director, NCRI	Q1 2019	Q4 2020	The Quality Indicators Working Group (DoH, HSE's NCCP and NCRI) have undertaken a national review of available data and is considering the optimum national quality health indicators for cancer care in Ireland.	In Progress

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
Other Screening Programmes								
45	Considering the clinical and technical differences that characterise the different screening programmes, NSS needs to advance its thinking on cross programme learning, external QA, and governance oversight of the QA programme.	45.1	The NSS will develop a project improvement plan for all quality assurance programmes based on international best practice.	HSE ND NSS	Q4 2018	Q1 2019	A steering group has been established to oversee all QA projects. A project improvement plan for all quality assurance programmes based on international best practice has been developed.	Completed
		45.2	The NSS will implement recommendations from the project improvement plan.	HSE ND NSS	Q1 2019	Q4 2019	An equity strategy has been agreed for the NSS as an output from the QA project improvement plan which will continue to be implemented in line with normal operational functions within the screening programmes. The screening equity strategy being developed under the leadership of the NSS Director of Public Health will further support population screening and assist with examining its impact across the population.	Completed
46	The composition and duration of appointments for all QA Committees should be reviewed, in conjunction with emerging clinical advisory committee structures.	46.1	The NSS will agree and implement principles of operation for all quality assurance committees.	HSE ND NSS	Q4 2018	Q1 2019	Revised principles of operation for QA committees were reviewed and provided to all committees for consultation & feedback. Subsequently terms of reference have been developed across all programmes and whilst still in development, the QA committees are working to the revised principles of operation and terms of reference.	Completed
47	The QA Committees should review and confirm the adequacy of the arrangements within their respective screening programmes for introductory training and continuing staff development, as well as the arrangements at all levels in the quality system for identifying and appropriately responding to inadequate technical or clinical performance.	47.1	HSE HR to undertake a review of all job descriptions within CervicalCheck and ensure all roles have a job description in place. All new roles will have a job description.	HSE ND NSS	Q4 2018	Q1 2019	All CervicalCheck job descriptions have been reviewed by HR. All new roles which have been recruited through the HSE National Recruitment Service (NRS) have a job description and job descriptions for additional and interim roles have also been reviewed. NSS HR have provided a report to National HR.	Completed
		47.2	HSE HR will ensure all new staff in NSS will receive formal induction training for the HSE and for the NSS.	HSE ND NSS	Q1 2019	Q1 2019	NSS has worked with HR to review and update the NSS induction process. Meetings with all managers as part of the review process have been completed. HR has provided an update to managers on their responsibilities to staff in relation to induction and ongoing training. A memo has been provided to managers in relation to induction training along with a draft induction pack. HR will provide inductions monthly (when required) and a schedule will be sent to managers.	Completed
		47.3	NSS will ensure the implementation of the HSE's performance management process across the NSS.	HSE ND NSS	Q1 2019	Q4 2019	The NSS will implement any and all policies relating to the HSE's performance management process as they develop through the organisation.	Completed
		47.4	As part of the QA improvement project, the QA Committees should provide documentation on the arrangements for introductory training and continuous staff development.	HSE ND NSS	Q3 2019	Q4 2019	The NSS Director of Public Health has completed a report and provided a set of recommendations to the Senior Management Team in relation to training and continuous staff development - these recommendations will be implemented across the NSS.	Completed
		47.5	As part of the QA Improvement project, the QA committees will provide documentation of the processes in place to identify and appropriately respond to inadequate technical or clinical performance	HSE ND NSS	Q3 2019	Q4 2019	The NSS Director of Public Health has completed a report and provided a set of recommendations to the Senior Management Team in relation to how the screening programmes respond to where inadequate technical or clinical performance has been identified. These recommendations will be implemented across the NSS.	Completed
		47.6	As part of the QA improvement project the adequacy of the arrangements for introductory training and continuous staff development should be assessed and actions taken to strengthen the processes in each programme in line with HSE policies.	HSE ND NSS	Q3 2019	Q4 2019	The NSS Director of Public Health has completed a report and provided a set of recommendations to the Senior Management Team in relation to training and continuous staff development - these recommendations will be implemented across the NSS.	Completed
48	NSS should consider, with external assistance, the relevance of the HSE policy on 'Open Disclosure' as it develops in light of this Scoping Inquiry, for all of its screening programmes.	48.1	The NSS will ensure that the implementation of HSE Open Disclosure policy is applied across all its screening programmes	HSE ND NSS & CCO	Q1 2019	Q4 2019	Mandatory training in Open Disclosure for senior staff in NSS has taken place. Skills workshop training is currently underway and the NSS will be prioritised for train the trainer training. Open Disclosure briefing sessions have begun and this will continue across the organisation. There is NSS representation on the Performance Monitoring group for Open Disclosure.	Completed
		48.2	The HSE will collaborate with the training bodies to develop a single curriculum of communication and open disclosure skills training for healthcare professionals which will be delivered through multiple sites.	HSE CCO	Q4 2018	Q3 2019	A Gateway to Communications online education programme has been developed and completed in collaboration with the RCPI and is due to be launched in early Oct 2020. The programme addresses skills training in both open disclosure and communications.	Completed
		48.3	To strengthen guidance and support for staff in screening programmes on the implementation of open disclosure, the HSE will fund the RCPI to develop a screening education programme outlining the benefits and limitations of screening.	HSE CCO	Q1 2019	Q1 2019	The HSE has funded the RCPI to develop an education programme for healthcare professionals to outline the benefits and limitations of screening - this programme has now been completed and went live at end of Q2 2019.	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations Quarter 1 2021

No.	Recommendation		Actions	SRO	Start	End	Update	Status
Resolution								
49	The Department of Health should consult with interested parties as to how women and families who wish to, can be facilitated in meeting with the clinician who was involved with their care and/or disclosure.	49.1	The Department will consult with the HSE (NSS, Acute Hospitals Division and the National Advocacy Unit) and representatives from the 221+ Patient Support Group in relation to the mechanisms and principles which should underpin this engagement	CMO & Deputy Secretary, Governance and Performance, DoH	Q2 2019	Q4 2019	<p>The CervicalCheck Tribunal Act provides for restoration of trust meetings. The intention behind a restoration of trust meeting is to document experiences, facilitate discussion and provide information to the woman concerned or her family. The Act provides for a Facilitator to accept applications for such meetings. A Facilitator has now taken up the role on an administrative basis to develop arrangements for the meetings and is currently conducting preparatory work necessary to offer the service. The Facilitator will be formally appointed by the Minister to the position of Facilitator once arrangements are in place and they are in a position to accept applications for meetings.</p> <p>A particular concern is in respect of how the meetings will operate in light of COVID-19. It was envisaged that these meeting would take place face to face and if they cannot now be implemented as intended, it may impact the arrangements for the meetings and their effectiveness. The Facilitator intends to consult with all stakeholders on how the meetings could best be arranged in line with safety measures in place..</p>	In Progress
		49.2	The HSE will engage with and facilitate meetings between those women and families who wish to meet with their clinicians	HSE CCO	Q1 2019	Q1 2019	The CCO has engaged with patient representatives to identify any families / women who may wish to meet with their clinicians.	Completed
50	The Department of Health should encourage and facilitate (but not necessarily participate in) a meeting involving the presidents of the Medical Council, the Royal Colleges and their faculties, leaders of other leading medical organisations and representatives of the women and families involved with the cervical screening problems.	50.1	The meeting with the medical organisations and representatives will be arranged and co-ordinated by the 221+ Support Group	Stephen Teap/ 221+ Support Group	Q4 2018	Q4 2018	The 221+ Support Group have met with RCPI, RCSI and GPs in January 2019 and the Medical Council in March 2019. There will be continued liaison with the colleges on a number of items to progress mediation with consultants and relevant personnel.	Completed
Recommendations of Supplementary Report								
51	Future CervicalCheck contracts for the provision of cytology and other laboratory services should contain even more explicit provisions to ensure that no contracted cytology or other laboratory activity should be carried out anywhere other than in the precise locations, and by the precise company, identified in the written contract, without written prior permission from CervicalCheck.	51.1	NSS Procurement will be incorporated into National HBS Procurement and governed under National HBS policies and procedures	HSE Head of Proc & HSE ND NSS	Q4 2019	Q2 2019	Engagement has taken place with staff to support the transition of the National Screening Services procurement resources to the appropriate portfolio within HSE Health Business Services (HBS). Following discussions the portfolio has now been agreed and procurement of all services aligned to the National Screening Services will be managed via national HBS procurement.	Completed
		51.2	The HSE will ensure that its Laboratory Procurement Sourcing Strategy will state that any current or future contracts for laboratory services will require providers to explicitly identify precise locations of each laboratory prior to undertaking services for the CervicalCheck Programme & provide evidence of relevant accreditation for each laboratory.	HSE Head of Proc & HSE ND NSS	Q2 2019	Q3 2019	<p>The laboratory sites are specified by precise location in the current contract and will be explicitly stated at all times. Evidence of relevant accreditation is mandatory under the contractual arrangements and QA inspection visits to labs are scheduled for Q4.</p> <p>Weekly lab operations meetings are also taking place.</p>	Completed
		51.3	The HSE will ensure that laboratories will only be contracted to provide cytology and any future HPV primary screening services if they have identified precise laboratories where testing will take place, that they agree only to use these laboratories in providing services to the HSE, and that remedies for any breach of these provisions will be incorporated into Contract.	HSE Head of Proc & HSE ND NSS	Q2 2019	Q3 2019	<p>This action has been transitioned to the HPV primary screening project for implementation.</p> <p>The programme will develop a monitoring plan in line with standards.</p>	Completed
		51.4	Performance monitoring and QA inspections (including site visit) of all contracted laboratories will include written declarations at defined intervals from providers as part of the agreed contracts that only those laboratories identified by them are being used in providing services to the HSE and that each laboratory will provide evidence and written confirmation of up to date compliance with the relevant accreditation (i.e. ISO or CAP) & agreed programme QA standards. These conditions will form part of all future contracts.	HSE Head of Proc & HSE ND NSS	Q2 2019	Q3 2019	Performance monitoring and QA inspections (including site visit) of all contracted laboratories are inclusive of written declarations at defined intervals from providers as part of the agreed contracts that only those laboratories identified by them are being used in providing services to the HSE.	Completed
52	The quality assurance (QA) process developed and operated by CervicalCheck must be based on a consistent and thorough approach to the quality of the laboratory services being provided to the cervical screening programme. This QA system must be designed and operated irrespective of the physical location of laboratories and the possession of external accreditation by the laboratory should not be viewed as in any way replacing or diminishing the need for QA processes.	52.1	The NSS will adopt a policy for accreditation of programme standards including mandatory standards in Cervical Check.	HSE ND NSS	Q4 2018	Q2 2019	CervicalCheck has reviewed and updated programme standards - these standards will remain in place pending transition to HPV primary screening. Scheduled quality assurance inspections of laboratory providers has been completed.	Completed
		52.2	The NSS will implement enhanced quality assurance arrangements to standardise quality assurance processes in CervicalCheck.	HSE ND NSS	Q1 2019	Q2 2019	<p>Implementation of enhanced QA arrangements & processes in CervicalCheck has been completed.</p> <p>The CervicalCheck Clinical Director has reviewed and amended structures of CC QA groups to ensure appropriate separation of standard setting from monitoring.</p>	Completed
		52.3	A laboratory QA specification manual for the CervicalCheck Programme once developed, will be implemented as a mandatory compliance requirement across any current or future providers of laboratory services to the HSE.	HSE ND NSS	Q3 2019	Q4 2019	A laboratory QA specification manual for the CervicalCheck Programme has been developed and will continue to be revised as appropriate in line with the introduction of HPV primary screening. This will be implemented as a mandatory compliance requirement across any current or future providers of laboratory services to the HSE.	Completed
		52.4	All laboratory providers irrespective of location that are contracted by the HSE for the provision of laboratory services will be subject to compliance with the laboratory QA specification manual requirement. This requirement is in addition to laboratories providing evidence of relevant accreditation for each laboratory.	HSE ND NSS	Q3 2019	Q4 2019	Laboratories were assessed as part of the QA inspection visit in Q2 and in Q4. In addition, laboratories are continually monitored against standards at weekly ops meeting and at the Lab Advisory group quarterly.	Completed

Quarterly Progress Report on Implementation of Scoping Inquiry Recommendations Quarter 1 2021								
No.	Recommendation		Actions	SRO	Start	End	Update	Status
Recommendations of First Report								
1	A more comprehensive guide to the CervicalCheck screening programme should be provided online so that women who wish to learn more about the programme can obtain the information easily.	1.1	HSE working group set up to implement recommendations. Newly developed web page set up at hse.ie/cervicalcheck. New, more comprehensive information sheet and information leaflet developed.	HSE ND COMMS	Q2 2018	Q4 2018	A newly developed web page has been set up at hse.ie/cervicalcheck to provide a more comprehensive guide to the CervicalCheck screening programme.	Completed
2	The information statements provided to women about the tests should be more explicit about the possible reasons why screening might miss abnormalities that are present as these can result in the development of cervical cancer. This information should be included in the leaflet sent to all women with their screening invitation, and in the information sheet accompanying the consent form.	2.1	Incorporated into new leaflet and information sheet.	HSE ND COMMS	Q2 2018	Q4 2018	The new leaflets and materials includes information in relation to how screening might miss abnormalities & the limitations of screening. The new leaflets and information sheet are available at hse.ie/cervicalcheck.	Completed
3	The information for women accompanying the consent form should guarantee that they will have full and open access to their cervical screening record upon request.	3.1	Incorporated into new leaflet and information sheet.	HSE ND COMMS	Q2 2018	Q4 2018	This information has been incorporated into the new leaflet and information sheet available at hse.ie/cervicalcheck.	Completed
4	The information for women accompanying the consent form should guarantee that should there be a problem or error of any significance with the screening or reporting process, open disclosure of all the details will take place in a timely, considerate and accurate manner.	4.1	New leaflet and information sheet clearly state that women will be communicated with in an open, honest, timely and transparent manner if an adverse event occurs.	HSE ND COMMS	Q2 2018	Q4 2018	New leaflet and information sheet clearly state that women will be communicated with in an open, honest, timely and transparent manner if an adverse event occurs which can be found at hse.ie/cervicalcheck.	Completed
Recommendations of Progress Report								
1	That the Minister of Health offer an immediate ex gratia payment to each woman affected and to the next of kin of the deceased	1.1	Following government approval, the payment of €2,000 was offered to the 221 affected women or next-of-kin.	HSE ND Community Ops	Q2 2018	Q4 2018	The €2,000 payment has been offered to the 221 affected women or next of kin.	Completed
2	That a process be commenced as soon as reasonably possible, to hold structured conversations with every woman affected who wishes to have her experience documented, and with the relevant surviving family member/s of any affected woman who has died if they so wish.	2.1	Ex gratia payment issued to help women to participate in the review. Over 150 women or families made contact with Dr Scally and his team, through face-to-face meetings, group meetings, telephone and email.	HSE ND Community Ops	Q2 2018	Q4 2018	An ex gratia payment was issued to the people who participated in the review.	Completed
		2.2	The Minister has confirmed that Judge Meenan's report requires consideration by a number of Government Departments and he has committed to returning to Government with proposals in November	Deputy Secretary Governance and Performance, DoH	Q4 2018	Q4 2019	As per Action 49.1	In Progress
