21/225	08/11/2021	Other	<p>(1) There are numerous standard conditions relating to the Q3 agreement. I request access to information as regards</p> <p>a. The inspection of sites subject to Turbary to ensure compliance with the terms of the Agreement – how often are inspections undertaken to confirm compliance and by whom – I would like access to documentation regarding any such inspections</p> <p>b. If there is a "...default in any of the term of this Agreement..." (as indicated by the inspections that are required to confirm compliance), by whom are any consequences enforced – I would like access to documentations regarding any such inspections</p> <p>c. How many instances of the Commission undertaking the consequence as outlined (making default in any of the terms of the Q3 Agreement) "...re-enter upon and re-take the turbary the subject matter of the said Right of Turbary, and on such demand made to him, either personally or through the post by letter addressed to him at his last known address he undertakes to surrender release and give up said Right of Turbary..." exist? I would like access to any documentation regarding such instances</p> <p>d. The 1st and 2nd Schedule of the Q3 Agreement indicate the geospatial location and extent of the individual Turbary Right holder as per the Q3 Agreement. It is assumed that if the Purchaser cuts and/or removes turf (knowing or unknowingly) from a turbary plot (i.e., not from the plot no. on the Turbary Map to which the Q3 Agreement pertains) to which they are no entitled through the Q3 Agreement, that this is not in compliance with the Q3 Agreement and the Purchaser, therefore has made default on the terms of the Agreement through cutting/removing turf from a Turbary Plot to which the purchaser has no Right. I would like information regarding any documentation relating to a Turbary Right being re-taken by the Commission because a Purchaser has been cutting and/or taking turf from a plot (as per the No. on the Turbary Map) to which they have no Turbary Right.</p> <p>e. There can be no right held in common to cut and sell turf. Commercial cutting of turf under the guise of exercising Turbary Rights can be restrained by the owner of the soil. I would like access to any documentation regarding any such case occurring.</p> <p>f. I would like access to information regarding the question of whether cutting and removing of turf from a bog in accordance with a Right to Turbary is being undertaken when this is in contravention of the Planning and Development Act (as amended) and the Planning and Development Regulations is considered a breach of the Q3 Agreement?</p> <p>g. I would like information regarding any Q3 Agreements for which there are outstanding monies owed</p> <p>h. With regards to the extinguishment of easements, if a Right to Turbary (Appurtenant or through a Q3 Agreement) has not been exercised by the holder of the Right for a period in excess of 12 years is the Right extinguished? I would like access to documentation of records of Turbary Plots on which the Right to Turbary has been extinguished thorough non-use.</p>	Refused
