Principal Officer
Head of Flood Project Management
Office of Public Works
52 St. Stephen's Green, Dublin, D02 DR67

Re: **River Slaney (Enniscorthy) Drainage Scheme**
DPER Request for Supplementary Information 06/11/2020

Dear John,

We refer to correspondence issued by the *Department of Public Expenditure & Reform* dated 06/11/2020 requesting supplementary information in relation to the scheme, full details of which was contained in the recommendations of both the EIAR and NIS review reports ("*Review of Environmental Impact Assessment Report for the River Slaney (Enniscorthy) Drainage Scheme 04 Nov 2020*" and "*Review of Natura Impact Statement of the River Slaney (Enniscorthy) Drainage Scheme 04 Nov 2020*").

The supplementary information requested by the department is addressed in the following two documents now enclosed:

**"River Slaney (Enniscorthy) Drainage Scheme
EIAR Addendum - Request for Supplementary Environmental Information (SEI)
April 2021"**

And

**"River Slaney (Enniscorthy) Drainage Scheme
NIS Addendum - Request for Supplementary Environmental Information (SEI)
April 2021"**

The attached documentation has been prepared by our design consultants Mott MacDonald and their environmental experts. We trust that the documentation provided will enable the *Minister for Public Expenditure & Reform* to confirm the scheme. If you require further information or clarification, please do not hesitate to contact us.

Yours sincerely,

Amanda Byrne,
A/Director of Services
