30th April 2021

RE: River Slaney (Enniscorthy) Drainage Scheme

Dear Mr. O'Malley,

I refer to your correspondence dated 6th November 2020, my subsequent response of 28th January 2021 in relation to the above proposed flood relief scheme at Enniscorthy, County Wexford, and the following documentation received from yourselves regarding the Scheme:

- Review of Environmental Impact Assessment Report (EIAR) -including recommendations;
- Review of Natura Impact Statement (NIS) -including recommendations;
- Report on consultation submissions.

The OPW and the Project Consultants have reviewed the aforementioned reports and recommendations and, in response to your request for further information, please now find attached EIAR Addendum and NIS Addendum, which also address comments regarding the Construction Environmental Management Plan (CEMP).

I trust the above and attached documentation is in order and we look forward to hearing from you soon.

Yours sincerely,

**John Martin
Principal Officer
Flood Project Management**
