# A Guide to the GAEC 8 & Eco-Scheme Space for Nature Panels

**For Farmers and Advisors** 

**Scheme Space for Nature Panels** 

## Introduction:

The Department of Agriculture, Food, and the Marine (DAFM) launched the GAEC 8 and Eco -Scheme Space for Nature Panels in September 2022 to aid farmers in understanding their GAEC 8 and Space for Nature position ahead of the new schemes under the CAP Strategic Plan 2023-2027.

From 2023, farmers must meet the 4% Conditionality requirement under GAEC 8. Under the Ecoscheme, farmers may select the Space for Nature Agricultural Practice, as one of their Eco-scheme practices if their contribution is 7% or greater. An enhanced option is available, which would count as two practices, if their contribution is 10% or greater.

On agfood.ie farmers can now see their GAEC 8 and Space for Nature indicative estimates. For each eligible land parcel, the contribution estimate defaults to the most beneficial, be it a Feature e.g., drain/hedge or the Crop. Farmers and advisors can switch between each to determine how it impacts their overall contribution.

This user guide will assist farmers and advisors access the new GAEC 8 and Eco-Scheme Space for Nature panels on agfood.ie and to help understanding of the data available.

# Guide to GAEC 8 & Eco-Scheme Space for Nature Panels for Farmers and Advisors

#### Login to Agfood

Using your Username, Password and **PAC**, (Personal Access Code), you will be able to login to the Agfood Online system at <u>www.agfood.ie</u>. When you are on <u>www.agfood.ie</u>, the first page you will see is the Login page as shown in the image below.

To log in, please follow the steps below:

- 1. Enter your Username which you created when you registered
- 2. Enter the 3 requested digits from the 7 digits of your **PAC** (Personal Access Code) which you received in the post after you registered
- 3. Enter your password which you created when you registered
- 4. Click on the Logon button at the bottom of the screen

|   |  |              |                                       |

#### Select the View Details button.

#### Understanding the GAEC 8 Data

You are now in the GAEC 8 Panel. On navigation to this screen all the data presented will give indicative estimates on GAEC 8 land parcels only and is calculated based on your 2022 declarations.

| Back to Dashboard | GAEC 8<br>Indicative Estimates (GAEC 8 Land Parcels Only)            |  | GAEC 8                      | Eco-Scheme Space for Nature        |
|-------------------|--|--|-----------------------------|------------------------------------|
|                   | Current Eligiblity<br>Conditionality (requirement 4.00%)<br>Eligible |  |                             | Current GAEC 8 contribution 39.23% |
| Т                 | 24.29 ha<br>Total Obligation Area 👔                                  |  | <b>53 ha</b><br>GAEC 8 Area | 1                                  |

The below information outlines what your data on the **GAEC 8** screen represents from left to right:

- **Current Eligibility Conditionality** The required Conditionality Percentage is a minimum of 4% under BISS Terms and Conditions
- **Current GAEC 8 contribution** This is your current GAEC 8 contribution total, calculated as:

Total GAEC 8 Area

= Current GAEC 8 Contribution

Total Obligation Area

- **Total Obligation Area (Ha)** This is the sum of the obligation area from each qualifying parcel on the holding listed
- **Total GAEC 8 Area** This is the sum area of all GAEC 8 contributions selected. The lands in this calculation will exclude the following land types.
  - Commonage
  - GAEC 2 Wetlands and Peatlands
  - GAEC 9 Environmentally Sensitive Permanent Grasslands
  - Forestry

#### Eligible and Ineligible

Based on the data available, the GAEC 8 screen will inform you if you have met your requirements of 4% for Conditionality. **Eligible** signifies you meet the requirement; **Ineligible** signifies you do not meet the requirements.

#### **GAEC 8 Data**

The GAEC 8 table gives an overview of each GAEC 8 parcel and its contributions. The information presented will depend on the data available. Displayed will be:

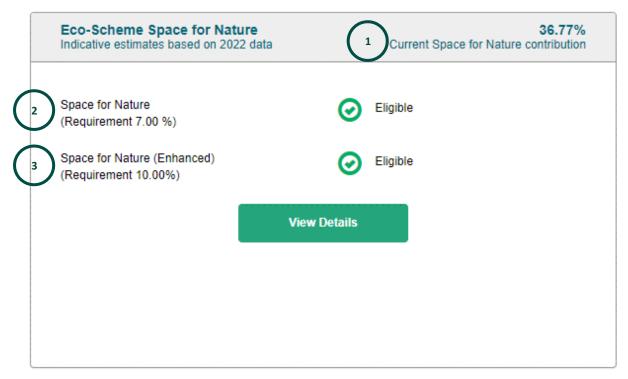

- Parcel number clicking on the sicon will drop down the parcel row to display Feature Areas if more than one is selected
- Townland Where the parcel is located
- Parcel Use Crop declared on your 2022 BPS Application
- GAEC 8 Contribution The GAEC 8 contribution defaults to the most beneficial calculation for each parcel, you can populate any of the alternative options (Crop, Feature, Not Claimed) by clicking on the dropdown icon 
   on the parcel row below the GAEC 8 contribution heading, this will allow you to see the impact on your current contribution/requirement percentages that any change will make.
- **Obligation Area** This is the eligible area for the parcel where the parcel is currently eligible for payment, except in the case of commonages and temporary sub-divisions where the claimed area will apply. Where parcels, have an MEA of 0, are not eligible for payment, but contain qualifying features, the obligation area will be the area of the crop/features present.
- GAEC 8 Area this is the eligible area of the crop/features selected
- View Map This will allow you to view the map of the parcel

# Viewing your Eco-Scheme Space for Nature panel

Before selecting View Details, the front panel gives an overview of your current data, outlining the

below information:

- 1. Current Space for Nature contribution
- 2. Space for Nature requirement status
- 3. Space for Nature (Enhanced) requirement status

Select the View Details button.

#### Understanding the Eco-Scheme Space for Nature Data

You are now in the Eco-Scheme Space for Nature Panel. On navigation to this screen all the data presented will give indicative estimates on all land parcels and is calculated based on your 2022 declarations.

Note: Here you can tab between the GAEC 8 & Eco-Scheme Space for Nature panels if needed.

| Back to Dashboard                      | ce for Nature        | chemes GA   | AEC 8 Eco-Scheme Space f | for Nature   |     |
|--|----------------------|---|--------------------------|--|-----|
| Space for Nature<br>(requirement 7.00% | Current Eligiblity   | Space for Nature (Enhanced) (requirement 10.00%) Eligible |                          | Current Space for<br>contributior<br><b>36.77%</b> | n i |
|  | 35 ha<br>tion Area 👔 |   | 9.69<br>Total SFN        |  |     |

The below information outlines what your data on screen represents from left to right:

- **Current Eligibility Space for Nature** *The required Space for Nature Percentage is a minimum of 7%*
- **Current Eligibility Space for Nature (Enhanced)** *The required Space for Nature (Enhanced) Percentage is a minimum of 10%*
- Current Space for Nature contribution This is your current GAEC 8 contribution total calculated as: Total SFN Area

= Current Space for Nature Contribution

Total Obligation Area

- **Total Obligation Area** *This is the sum of the obligation area from each qualifying parcel on the holding listed*
- **Total SFN Area** This is the sum area of all SFN contributions selected. The area calculation will be on all land parcels.

#### **Eligible and Ineligible**

Based on the data available, the Eco-Scheme Space for Nature screen will inform you if you have met the requirement for the Eco-Scheme. **Eligible** signifies you meet the requirement; **Ineligible** signifies you do not meet the requirements.

#### **Eco-Scheme Space for Nature Data**

The Eco-Scheme Space for Nature table gives an overview of each Space for Nature parcel and its contributions. The information presented will depend on the data available. Displayed will be:

- Parcel number clicking on the icon will drop down the parcel row to display Feature
  Areas if more than one is selected.
- Townland Where the parcel is located
- Parcel Use -Crop declared on your 2022 BPS Application
- SFN Contribution The SFN contribution defaults to the most beneficial calculation for each parcel, you can populate any of the alternative options (Crop, Feature, Not Claimed) by clicking on the dropdown icon 
   on the parcel row below the SFN contribution heading, this will allow you to see the impact on your current contribution/requirement percentages that any change will make.
- **Obligation Area** This is the eligible area for the parcel where the parcel is currently eligible for payment, except in the case of commonages and temporary sub-divisions where the claimed area will apply. Where parcels have an MEA of 0 and are not eligible for payment, but contain qualifying features, the obligation area will be the area of the crop/features present.
- SFN Area this is the eligible area of the crop/features selected
- View Map This will allow you to view the map of the parcel
- If a parcel was excluded from the GAEC 8 calculation, it will appear on the SFN screen with a green icon 
  a corresponding message will display on the bottom of the SFN screen: 
  This parcel was excluded from GAEC8 calculation

#### **Return to Dashboard**

Once you have reviewed the GAEC 8/Eco-Scheme Space for Nature information, you can press the **Back to Dashboard** button, and log out of Agfood.
