Subject: RE: FS007062 SEAI AMETS Site Investigations Mayo - Prescribed Bodies Consultation

CAUTION: This eMail originated from outside your organisation and the BTS Managed Desktop service. Do not click on any links or open any attachments unless you recognise the sender or are expecting the email and know that the content is safe. If you are in any doubt, please contact the OGCIO IT Service Desk at help.it@per.gov.ie

Dear [REDACTED],

Thank you for your email and the consolidated list of observations received under the Prescribed Bodies Consultation on the Appropriate Assessment for the AMETS site.

I am the appropriate contact for AMETS, however, if you could also include my colleague [REDACTED] and the team shared email [REDACTED] on all correspondence that would be greatly appreciated.

We have noted the recommendations made by the consultees and SEAI will address those recommendations as follows:

1. The SEAI will issue a **Notice to Mariners** prior to site investigation work taking place as per the recommendation of **Irish Lights**.
2. All mitigations as described in Chapter 12: Natura Impact Statement Appropriate Assessment document will be implemented in full for the duration of the Site Investigation survey works as recommended by the **National Parks and Wildlife Service**.

Please inform us of the next steps regarding the issue of the Foreshore Licence, as apart from the two recommendations referred to above the remaining prescribed bodies had no further comments to make.

Thanks and best regards,

[REDACTED]
