2) SCEP Broadcast message will automatically appear, click Close

The screenshot displays the SCEP (Suckler Carbon Efficiency Programme) web application interface. A modal window titled "SCEP BROADCAST" is centered on the screen, containing the following text:

**SCEP BROADCAST**

The objective of this Programme is to provide support to beef farmers to improve the environmental sustainability of the national beef herd. The Programme aims to build on the gains delivered in recent years through the Beef Data and Genomics Programme (BDGP) and the Beef Environmental Efficiency Programme (BEEP) by improving the genetic merit of the Irish suckler herd.

Please note once your application is submitted no amendments can be made. Please ensure your application is correct.

Please click here for a list of [Terms and Conditions](#)

**Late Applications**

There is a 25-calendar day period after the 22nd May 2023 closing date for the acceptance of late applications and any necessary supporting documentation. However, deductions to payments at a rate of 1% per working day in respect of SCEP will apply to late SCEP applications which are received during this period. Applications after the 25 days period are ineligible. This deduction will only apply to the first year of the programme, i.e. 2023.

The SCEP programme is now closed for applications. No further applications will be accepted.

A "Close" button is located at the bottom right of the modal, with a large red arrow pointing to it.

The background interface includes a dark green header with the Department of Agriculture, Food and the Marine logo and the SCEP title. A left sidebar contains "Home" and "Broadcast" links. The main content area shows an "Applications List" with a "Business Id" field containing the value "A1234567". To the right, a table displays application details:

Status Date	Actions
24/03/2023	...

3) At the right of the screen under Actions 1) click on 3 ... and 2) click on Document Manager
