IV HEALTH INFORMATION:

I, the undersigned, certify that:

I, the undersigned, hereby certify that the meat and meat products described in sections I to III overleaf:

- were derived from poultry which received ante-mortem and post-mortem veterinary inspections at the time of slaughter;
- are sound, healthful, wholesome and otherwise fit for human food;
- have not been treated with and do not contain any prohibited preservative or colouring matter; and
- have been handled only in a sanitary manner in this country.

The poultry from which the poultry meat derives did not originate from flocks located in an area which at the time of slaughter was under restriction due to an outbreak of High Pathogenicity Avian Influenza or Newcastle Disease.
