Circular 30/2023

To all Registered Foresters

Re: Forest Roads: Guidance for Registered Foresters

Following on from Circular 27 / 2023, please find attached Guidance for Registered Foresters completing the various questions in the Environmental Considerations section in relation to Forest Road applications.

Of particular note are questions where a report is now no longer required, and details of the interim procedure to deal with this change, while alterations are made to iNET (and iFORIS).
