SCEP BROADCAST

Option to Amend Your 2024 Yearly Reference Number – Suckler Carbon Efficiency Programme (SCEP)

Window to Make Amendments – 22 January 2024 to 19 February 2024 at 23:59hrs

SCEP participants can:

- Reduce their 2024 (scheme year 2) yearly reference number by up to 20% of what their 2023 (scheme year 1) reference number was;

Or

- Where the applicant had set the 2023 yearly reference number below the programme reference number in scheme year 1, they can increase their 2024 yearly reference number by any number up to the programme reference number set at the application stage.

Please note, once your amendment is submitted no further amendments can be made.

Where a farmer does not want to amend their 2024 yearly reference number, no action is required.

The closing date for amendments to your 2024 (scheme year 2) yearly reference number is 23:59hrs on 19 February 2024. No amendments to a participant's 2024 yearly reference number will be accepted after this deadline.

Historical Reference Data

Reference Animals

Please see reference data below. This is the number of eligible suckler cows that produced an eligible calf on the holding in the years 2016-2021 inclusive.

The best 3 years of 2016-2021 are highlighted.

Year	Number Reference Animals
2016	53
2017	41
2018	58
2019	65
2020	64
2021	65

Enter Reference Animals

Average Reference Animals

This is the average of the best 3 years of 2016-2021. This reference number will be divided by 1.5 to give a maximum payable area (MPA). The determined eligible forage area on your BISS application must meet the MPA requirements.

Number Reference Animals	Maximum Payable Area
65	43.33

- On the next screen you will be shown 1) your client's Programme Reference Number for the duration of the Programme on the left as selected at application stage. On the right 2) your client's 2024 Reference Number will be displayed (this is defaulted to your client's 2023 Yearly Reference Number). If you wish to amend your client's Yearly Reference Number for 2024, you do so in box 2 by overwriting the text in that box. You can reduce your client's 2024 yearly reference number by up to 20% of your client's 2023 yearly reference number OR you can increase your client's 2024 yearly reference number by any number up to the programme reference number set at application stage. **If you do not wish to amend, no action is required.**

- Once you click on save a pop-up message will appear informing "Please note, once your amendment is saved no further amendments can be made" and once you are satisfied with the changes made, click on Confirm. If you wish to go back to review the amendments or you do not wish to proceed at this stage, press cancel, and no change will be made to the yearly reference number. No change will be made to the yearly reference number until you press the confirm button.

The screenshot displays the 'Application Form' interface. At the top, a white box contains the text: 'Your details will appear here i.e. herd number, name and address'. The main form area is titled 'Application Form' and includes a progress bar with three steps: 'Historical Reference Data' (completed), 'Enter Reference Animals' (current step), and 'Eligibility Criteria' (pending). The 'Enter Reference Animals' section contains two input fields: 'Programme Reference Number' (with value 65) and '2024 Reference Number' (with value 34.67). A pop-up dialog titled 'Save Yearly Reference Number' is centered on the screen, displaying the message: 'Please note, once your amendment is saved no further amendments can be made.' The dialog has 'Cancel' and 'Confirm' buttons. A red arrow points to the 'Confirm' button. At the bottom of the form, there are buttons for 'Back', 'Close Application', 'Save', and 'Next'.

- Once you have clicked Confirm, a message will display to confirm your client's details have been successfully updated.
