

Animal By-Product Export Health Certification Process

1

Exporter ensures that the product complies with the requirements of the GB certificate.

2

A certification schedule for the following week is to be submitted to ABPexportcerts@agriculture.gov.ie the week before the EHCs are required.

3

Exporter pre-notifies a dedicated admin ABP email ABPexportcerts@agriculture.gov.ie * of upcoming exports 48 working hours / 2days in advance.

6

If the checks are passed EHC is approved. Certifying Officer eSigns the EHC and the EHC is eSealed.

5

Inspectors carry out the necessary technical and regulatory checks

4

Business Operator submits Part 1 of EHC) on TRACES and sends a notification email to the dedicated ABP email address ABPexportcerts@agriculture.gov.ie notifying them of the application. The email must include:

- Business Operator point of contact details
- The certificate number with a direct link to the certificate (URL link)
- Establishment of dispatch
- List of support documentation attached to the TRACES application
- Estimated date & time of departure

7

Digitally signed document is then available to be transmitted to IPAFFS.
