National Educational Psychological Service

GUIDANCE FOR PARENTS AND TEACHERS: This is a general guide to explain how NEPS psychologists work with young people. Further information is available in the NEPS leaflet for parents which you received (also available on the website www.education.ie). The school can give you more information about this work. Any other questions can be answered by the psychologist.

How to use this leaflet

This leaflet can be used by parents and teachers to:

• Help explain the NEPS service to a young person.
• Discuss how the psychologist will work with the young person.
• Talk about why the psychologist has been asked to become involved.
• Answer questions that the young person may have.
• Help the young person decide on questions to ask.

It is advised that the young person.changes the adult who will explain this leaflet.

Teachers should talk to parents before using this leaflet.

A pdf version of this guide can be downloaded from www.education.ie.
WHAT DOES THE PSYCHOLOGIST DO?
Some of the things that we do are:

**Listen**
In what you have to say.

**Talk**
With people who know you well.

**See**
How you are doing in school.

**Work**
With you on some tasks.

**Meet**
With you again to find out how things are, to see what is working well and what might need to change.

**WHAT HAPPENS?**
Your feelings and ideas matter.

It will be easier to help you and the people who work with you if we know what you think. We will answer your questions and explain everything.

You will have your usual break and lunch time.

Sometimes we will ask you to try activities to help us understand more. If there is an activity that you do not want to do you can let us know.

**WORKING TOGETHER**
Sometimes we all find it hard to talk about what we are thinking and feeling.

If there is something you do not want the psychologist to share with others let them know. If you told the psychologist something which makes them think that you or others may be in danger they will share this with another adult who can help.

**WHAT WILL HAPPEN NEXT?**
Once we have enough information, there will usually be a meeting to talk about what we have found out and to think about ways to help.

**THINGS I WANT TO KNOW MORE ABOUT...**

**BUT WHAT ABOUT...?**
If you have any questions or worries you can talk to:

- your parents/carers
- your teacher
- the psychologist, when you meet them
