**Child Safeguarding Statement
May 2020**

Background

The Children First Act 2015 requires organisations that are providers of 'relevant services' to publish a Child Safeguarding Statement (Schedule 1 of the Act provides a list of work or activities that constitute a 'relevant service'). It also requires that Child Safeguarding Statements are reviewed every two years or sooner if there has been a material change in any of the services to which it refers. The principles and procedures in place ensure, as far as practicable, that a child availing of these services is safe from harm have been reviewed and amended as appropriate.

This Statement details the relevant services provided by the Department of Transport, Tourism and Sport to children. The Statement will be reviewed every two years or sooner if there has been a material change in any of the services to which it refers.

This Statement is circulated to all Staff of the Department of Transport, Tourism and Sport and is available on the Department's website on gov.ie and from the reception desks at our offices.

Relevant services provided by the Department
