COVID-19 is still having a major impact on Ireland. However, the expert advice is that progress on suppressing the virus, due to the huge effort of our citizens, means we can now bring forward our reopening roadmap.

As we continue to reopen the country, every step will be guided by scientific evidence and public health advice. It’s really important to remember now, as things open up further, that personal responsibility and your own judgement are more important than ever.

We all have to continue to do everything possible to avoid the virus spreading. By working together we have saved lives and limited the impact of the disease on society. Continuing to adhere to public health advice will determine whether we continue to move forward to the remaining phases.

Here are four things you should know:

**Public Health Advice**
- Wash your hands
- Practice good cough & sneeze etiquette
- Stay 2m away from others
- Avoid crowds
- Know the symptoms

If you are over 70 or medically vulnerable, please use your judgement to decide how best to apply the following health guidance:
- Stay home as much as you can
- Maintain social distancing with visitors/those whom you visit and use face coverings

**Limiting our social interactions is crucial to preventing the spread of the virus. We must continue to act responsibly and work together.**

**Phase 3 is due to come into effect on 29th June subject to Government approval.**

**Phase 4** is due to commence on July 20th, subject to Government approval, and the main changes are:

- Pubs, bars, hotel bars and casinos may reopen
- Gatherings of up to 100 people indoors and 500 outdoors will be permissible
