Request for Approval to conduct a debris clearance, environmental baseline and habitat assessment site survey at the Dunquin South location in Block 44/29 in the Southern Porcupine Basin, offshore Ireland

Dear Louise

Please find enclosed an application for approval to conduct a debris clearance, environmental baseline and habitat assessment site survey at the Dunquin South location in Block 44/29 in the Southern Porcupine Basin. We enclose for that purpose the following documentation:

- Pre-Survey Fisheries Assessment Report
- Environmental Risk Assessment (EIA Screening) Report
- Natura Impact Screening Statement

The currently schedule early start date for the survey is 15th June with the survey vessel expected to be on location for up to 4 weeks. Fugro GB Marine Limited shall provide a suitable vessel to carry out the scope of work safely and effectively.

Please confirm the Department's requirements in relation to the publication of any notices or the making available of any documents to prescribed bodies or other parties.

Yours sincerely
