Application form for Plants involved in the Low Capacity Incineration of Animal By-Products (Pets)

Information Note

Please note the following:

- A plant involved in the low capacity incineration of Animal By-Product (ABP) (Pets) must be approved by the Department of Agriculture, Food and the Marine (DAFM) and hold a valid certificate of approval in accordance with (Article 24 (b) of Regulation (EC) No. 1069/2009).
- The operator must comply with the European Communities (Animal By-Products) Regulations 2014 (S.I. No. 187 of 2014) and in accordance with Regulation (EC) No. 1069/2009 and Regulation (EU) No. 142/2011.
- ‘CN01 - Conditions for plants involved in the Low Capacity Incineration of Animal By-Products (Pets)’ can be found [here](#) and must be read before completing this application form.
- All personal data processed by the Department of Agriculture, Food and the Marine will take place in accordance with the law on Data Protection and will only be for the purposes connected to the functions of this Department. More information can be found [here](#).
- **Please note:** The application form must be completed by the ‘operator’. The operator is defined as ‘the natural or legal persons having an animal by-product or derived product under their actual control, including carriers, traders and users’.
- The completed application form and supporting documentation should be sent to Department of Agriculture Food and the Marine (DAFM), Milk and Meat Hygiene/ABP/TSE Division, (Animal By-Products Section), Grattan House, Grattan Business Centre, Dublin Road, Portlaoise, Co Laois, R32 RY6V.
- ***Applications that are incomplete, that contain insufficient or unsatisfactory information or that do not comply with conditions or legislative requirements will be returned to the applicant and a revised, fully completed application must be re-submitted.***

Issued 5th August 2016
Milk & Meat Hygiene/ABP/TSE Division
