

## AP34: Application Form for On-Farm Plants Involved in the Low-Capacity Incineration of Animal By-Products

An Roinn Talmhaíochta,  
Bia agus Mara  
Department of Agriculture,  
Food and the Marine

### Application Form for On-Farm Plants Involved in the Low-Capacity Incineration of Animal By-Products

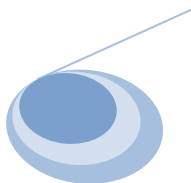

#### Information Note

#### Please note the following:

- A plant involved in the low capacity on farm incineration of Animal By-Product (ABP) must be approved by the Department of Agriculture, Food and the Marine (DAFM) and hold a valid certificate of approval in accordance with Article 24 (b) of Regulation (EC) No. 1069/2009).
- The operator must comply with the European Communities (Animal By-Products) Regulations 2014 (S.I. No. 187 of 2014) and operate in accordance with Regulation (EC) No. 1069/2009 and Regulation (EU) No. 142/2011.
- 'CN34 - Conditions for plants involved in the Low Capacity On Farm Incineration of Animal By-Products' can be found [here](#) and must be read before completing this application form.
- All personal data processed by the Department of Agriculture, Food and the Marine will take place in accordance with the law on Data Protection and will only be for the purposes connected to the functions of this Department. More information can be found [here](#).
- **Please note:** The application form must be completed by the 'operator'. The operator is defined as 'the natural or legal persons having an animal by-product or derived product under their actual control, including carriers, traders and users'.
- The completed application form and supporting documentation should be sent to Department of Agriculture Food and the Marine (DAFM), Milk and Meat Hygiene/ABP/TSE Division, (Animal By-Products Section), Grattan House, Grattan Business Centre, Dublin Road, Portlaoise, Co Laois, R32 RY6V.
- *Applications that are incomplete, that contain insufficient or unsatisfactory information or that do not comply with conditions or legislative requirements will be returned to the applicant and a revised, fully completed application must be re-submitted.*

Issued 20<sup>th</sup> December 2016

Milk & Meat Hygiene/ABP/TSE Division

**Application Form for On-Farm Plants Involved in the Low-Capacity Incineration of Animal By-Products**

1. Applicant/Operator* Details	
Full Name:	
Address:	
Eircode:	
Company Registration Number <u>or</u> PPS Number:	
VAT Number:	
Name and Address of Company for which registration is sought (if different from above):	
Name:	
Address:	
Eircode:	
Signature of Applicant (operator): _____	
<i>The applicant must be the operator. *‘Operator’ means the natural or legal person having an animal by-product or derived product under their actual control, including carriers, traders and users. Where the Operator is a corporate entity the person signing the application must be in a position of authority that he/she can bind the company.</i>	
Print Name:	_____
Position within the plant:	_____
Phone Number (Landline):	_____ Phone Number (Mobile): _____
Email Address:	_____
Date:	_____

DAFM SHOULD BE NOTIFIED IMMEDIATELY OF ANY CHANGES TO THE ABOVE INFORMATION

Low-Capacity Incineration of Animal By-Products**

**2. Address of the Proposed Incineration Facility**

<b>Farm Name:</b>	
<b>Farm Address:</b>	
<b>Eircode:</b>	
<b>Phone Number (Landline):</b>	
<b>Phone Number (Mobile):</b>	
<b>Email Address:</b>	

**3. On Farm Details**

<b>Species of Livestock:</b>	
<b>Approximate number or livestock reared per annum:</b>	

**4. Farm Location**

(a) National grid co-ordinates (XY) of the plant:

--

--

(b) Provide the following maps, plans and drawings:

- ☐ An ordinance survey map (1:30,000-50,000) (A3) of the area in which the plant is located, indicating the plant location on the map.
- ☐ a rural place map (1:10,000-12,000) (A3) indicating on the map:
  - the plant site
  - the access route to the plant from the public road
  - the current use of the neighbouring land, e.g. farming, forestry, industrial etc
- ☐ a site plan (1: 500-750) (A3) indicating the following on the plan:
  - the general farm layout including livestock rearing facilities and proposed location of on farm incineration plant
  - the intake/reception area/s
  - storage structures/areas
  - other structures on site and identification of same
  - machinery flow plans,
  - a waste water flow plan

**AP34: Application Form for On-Farm Plants Involved in the  
Low-Capacity Incineration of Animal By-Products**

**5. Details of Animal Species for Incineration**

**Describe and list all Species proposed to be incinerated:**

**Category (Category 1,2 or 3 or combination):**

**Quantity of ABP Material/Animals to be incinerated (per hour):**

**What is the maximum quantity of ABP Material/Animals  
to be incinerated per annum:**

**Could the ABP Material/Animals present a risk to animal or public health?    Yes ☐    No ☐**

**If yes, describe how the risk will be mitigated:**

***AP34: Application Form for On-Farm Plants Involved in the  
Low-Capacity Incineration of Animal By-Products***

**6. Details of Storage**

**How will the Carcasses be transported on farm to the incinerator plant from the livestock area?**

**How will the carcasses be stored whilst awaiting incineration?**

**How do you intend to dispose of any ABP Materials/Animals/Residue not incinerated /  
incompletely incinerated?**

**7. Biosecurity of Livestock Rearing Area.**

**Describe biosecurity measures for separation of equipment/waste/farm operatives involved in the  
incineration plant from the livestock rearing area**

***AP34: Application Form for On-Farm Plants Involved in the  
Low-Capacity Incineration of Animal By-Products***

**8. Details of Proposed Operations**

**Provide details of methods for monitoring and checking the temperature requirements:**

**Provide a detailed calculation to show that a residency time of 2 seconds is achieved in the combustion chamber\***

**Provide a flow diagram of the combustion process: Manufacturer specifications and declarations should be attached as supporting documentation**
