

### **Site Specific Conditions**

1. The Licensee shall use that part of the foreshore the subject matter of this licence for the purposes as outlined in the application and for no other purposes whatsoever.
2. The Licensee shall ensure that the works are carried out and completed in accordance with the plans and particulars lodged with the application.
3. The Licensee shall appoint a Fisheries Liaison Officer who will consult with the SFPA and relevant fishermen's groups in order that appropriate actions can be taken to avoid or minimise interactions with ongoing fishing activity in the area during the course of the site investigations.
4. The Licensee shall notify the Department of Housing, Planning and Local Government at least 14 days in advance of the commencement of the works on the foreshore.
5. During the course of the Site Investigation/Survey Operations the Licensee shall ensure that all necessary precautions are put in place to protect the public in accordance with relevant Health and Safety Legislation.
6. During the course of the Site Investigation/Survey Operations the Licensee shall ensure that existing public access arrangements to the general foreshore area shall not be impeded by any vessels, plant or materials used in connection with the site investigations/surveys, and where relevant this access should be made safe and guaranteed by the provision of appropriate signage/notices/barriers etc. to the satisfaction of the Department of Housing, Planning and Local Government.
7. During the course of the Site Investigation/Survey Operations the Licensee shall ensure that procedures are adopted to ensure that the operations are not injurious to fishing, navigation, adjacent lands or the public interest.
8. All vessels/floating plant shall have appropriate certification from the Marine Survey Office.
9. On completion of the Site Investigation/Survey the Licensee shall ensure that all equipment and materials are removed and the foreshore is reinstated to its original condition, to the satisfaction of the Department of Housing Planning, and Local Government.
10. Marine notice, lighting and markings shall be carried out in consultation with the Maritime Safety Directorate, Department of Tourism, Transport and Sport, Leeson Lane, Dublin2.

11. All relevant site investigations and marine surveys shall comply with the NPWS (2014) "Guidance to Manage the Risk to Marine Mammals from Man-made Sound sources in Irish Waters" including the employment of a Marine Mammal Observer as appropriate.
12. The Licensee shall to arrange the publication of a local marine notice. This local marine notice should give a general description of operations and approximate dates of commencement and completion. An advertisement in a locally read newspaper will suffice.
13. The Licensee shall engage in full consultation with the Wexford Harbour Authority.
14. No refuelling of equipment, machinery or plant shall take place on the foreshore.
15. No storage of machinery or plant shall take place on the foreshore.
16. The Licensee shall carry out an Underwater Archaeological Impact Assessment (UAIA) in the format laid out by the Underwater Archaeology Unit of the Department of Culture, Heritage and the Gaeltacht.
17. The Licensee shall engage the services of a suitably qualified and experienced maritime or underwater archaeologist to carry out the assessment under the required licences. A detailed method statement shall accompany the licence applications.
18. The Licensee shall submit the UAIA Report to the National Monuments Service for review and further response in advance of the site investigation works commencing.
