

NOTICE OF DETERMINATION

The Minister of State, Department of Environment, Community and Local Government with special responsibility for Housing Planning and Coordination of the Construction 2020 Strategy ("the Minister") hereby gives notice that he has determined an application dated 01 June 2012 for a licence under Section 3 of the Foreshore Act, 1933 (as amended) ("Foreshore Licence") made by CETO Wave Energy Ireland Ltd ("the Applicant") in respect of site investigation works between Freagh Point and Spanish Point, Co. Clare (Application Reference Number FS 005779).

DETERMINATION

The Minister has determined pursuant to the provisions of the Foreshore Act, 1933 (as amended) to grant a Foreshore Licence to the Applicant in respect of the development described in the application, subject to the conditions set out in the Foreshore Licence, and has affixed his seal thereto.

MAIN REASONS AND CONSIDERATIONS

The Minister has had regard to the following matters in determining the application for a Foreshore Licence:

- the application for the Foreshore Licence together with accompanying materials;
- the submissions received from prescribed bodies and the applicant's responses;
- the submissions received during the public consultation and the applicant's responses
- the consent conditions to be attached to the Foreshore Licence, if granted; and
- the nature of the proposal and its objective
- the screening for appropriate assessment of the proposed developments under domestic and EU law, including the Birds Directive and the Habitats Directive, and its conclusions and recommendations in this regard;
- the screening for environmental impact assessment of the proposed works by the Marine Institute under domestic and EU law, including the EIA Directive, and its conclusions and recommendations in this regard;
- the environmental assessment of the proposed works by the Marine Licence Vetting Committee ("MLVC") under domestic and EU law, including the EIA, Birds and Habitats Directives, and its conclusions and recommendations in this regard;
- the advice of the Marine Planning and Foreshore Section of the Department of the Environment, Community and Local Government.

Having had regard to the foregoing, and in particular having regard to the consent conditions attached to the Foreshore Licence, and having agreed with the recommendation of the MLVC, the Minister is satisfied that the proposed development on the foreshore would not have a significant negative impact on the marine environment, would not adversely impact on European Sites, and that it is in the public interest to grant the Foreshore Licence having regard to the nature of the proposal.

REVIEW PROCEDURE

A review procedure is available before the High Court whereby the substantive or procedural legality of the Minister's determination may be challenged. The review procedure is governed by Order 84 of the Rules of the Superior Courts, 1986 (S.I. 15 of 1986, as amended by S.I. 691 of 2011). A person wishing to avail of the review procedure must first file (i) a statement of grounds; and (ii) a verifying affidavit, in the Central Office of the High Court. It is then necessary to make an *ex parte* application for leave to a judge of the High Court.

An application for leave to apply for judicial review is required to be made promptly and in any event within three months from the date when grounds for the application first arose, unless the Court considers, among other things, that there is good and sufficient reason for extending the period within which the application shall be made. The time-limit for such a review begins to run from the date of the grant of the Foreshore Licence, being 03 March 2015. Practical information on the review mechanism can be obtained from the Citizens Information Board, Ground Floor, George's Quay House, 43 Townsend Street, Dublin 2.

Pursuant to the provisions of Section 50B of the Planning and Development Act, 2000 (as inserted by the Planning and Development (Amendment) Act, 2010), the special rules that apply in respect of the legal costs of judicial review proceedings based on European Environmental Law may apply to the judicial review proceedings. The general rule is that each party bears its own costs, irrespective of the outcome of the judicial review proceedings. The High Court retains discretion, however, to award costs in certain cases.
