

This 53.5° panoramic montage has been captured and presented with guidance from the Scottish Natural Heritage Visualisation Guidelines 2014.

It is presented with a 75mm equivalent focal length for optimal scaling with reality.

To view this panorama on a flat surface one must move from left to right along its length whilst maintaining a perpendicular viewing direction at a comfortable arm's length (approx 50cm)

To see this entire panoramic scene in reality would necessitate turning one's head through approx. 15°

Date: Sunday , November 22, 2015 Time: 10:15am
Capture Lens: 50mm / Full Frame Sensor Presentation: 75mm Focal Length Equivalent Camera: Canon 5D Mark II digital SLR Camera Height: 1.7 m Above Ground Level
