Part II : Certification

II. Health information			
(b)	underwent a virus isolation test for Newcastle disease, carried out in an official laboratory not earlier than 14 days preceding consignment on a random sample of cloacal swabs from at least 60 birds in each flock and in which no avian paramyxoviruses with an Intracerebral Pathogenicity Index (ICPI) of more than 0,4 were found;		
(c)	has not been in contact during the last 60 days before consignment with poultry which does not fulfil the conditions in (a) and (b);		
(d)	has been kept in isolation under official surveillance on the establishment of origin in the 14-day period mentioned in (b);]		
II.5. Animal transport Attestation			
I, the undersigned official veterinarian, further certify that the:			
(3)(8) <input type="checkbox"/>	poultry described in this certificate are transported in crates or cages which:		
II.5.1			
(i)	are designed to prevent any excrement escaping and reduce to a minimum any loss of feathers during transport;		
(ii)	allow visual inspection of the poultry;		
(iii)	allow cleansing and disinfection;		
(iv)	have been cleansed and disinfected before loading in accordance with the instructions of the competent authority; and which:]		
(3)(8) <input type="checkbox"/>	day-old chicks described in this certificate are transported in perfectly clean, disposable boxes used for the first time which are designed to prevent any excrement escaping and reduce to a minimum any loss of feathers during transport; and which:]		
II.5.1			
(3) <input type="checkbox"/>	hatching eggs are transported in perfectly clean, disposable boxes used for the first time which:		
II.5.1			
(i)	contain only poultry other than ratites, day-old chicks or hatching eggs thereof of the same species, category and type coming from the same holding;		
(ii)	bear the following information:		
	– the name of the country, territory or zone of consignment,		
	– the species of poultry concerned,		
	– the number of poultry, chicks or eggs, as appropriate,		
	– the category and type of production for which they are intended,		
	– the name and address of the holding of origin and in case of day-old chicks of the hatchery,		
	– the Member State of destination; and which:		
	are closed in accordance with the instructions of the competent authority to avoid any possibility of substitution of the contents; and		
	are transported in containers and vehicles which have been cleansed and disinfected before loading in accordance with the instructions of the competent authority.]		
Notes			
This certificate applies to single consignments of less than 20 units of poultry other than ratites, hatching eggs and day-old chicks thereof as referred to in Article 5 of Regulation (EC) No 798/2008.			
Part I:			
·	Box I.8: Provide the code for the country or zone of origin, if necessary, as defined under code of column 2 of Part 1 of Annex I to Regulation (EC) No 798/2008.		
·	Box I.11: Name and address of the holding of origin and, as appropriate, the name and the address of the hatchery in case of day-old chicks.		
·	Box I.15: Indicate the registration number(s) of railway wagons and lorries, the name of the ship and, if known, the flight number of aircraft. In the case of transport in containers or boxes, the total number of these and their registration and where there is a serial number of the seal it has to be indicated in box I.23.		

COUNTRY

Part II : Certification	II. Health information		
	<p>Box I.19: Use the appropriate Harmonised System (HS) code of the World Customs Organisation: 01.05, 01.06.39 or 04.07.</p>		
Part II:			
(1) Code of the territory as it appears in column 2 of Part 1 of Annex I to Regulation (EC) No 798/2008.			
(2) Keep as appropriate.			
(3) Keep if appropriate.			
(4) This guarantee applies only for poultry belonging to the species of Gallus gallus and turkeys.			
(5) Restrictions relating to the approval by the Commission of a Salmonella control programme as listed in Part 2 of Annex I do not apply for single consignments of less than 20 units of poultry other than ratites, hatching eggs and day-old chicks thereof, when destined for primary production of poultry for private domestic use or leading to the direct supply, by the producer, of small quantities of primary products to the final consumer or to local retail establishments directly supplying the primary products to the final consumer provided they were subjected to testing before dispatch in accordance with point (7) of Section I of Annex III to Regulation (EC) No 798/2008.			
<p>If any of the testing results were positive for the serotypes below during the life of the flock, indicate as positive:</p>			
<p>- flocks of breeding poultry: Salmonella Hadar, Salmonella Virchow and Salmonella Infantis;</p>			
<p>- flocks of productive poultry: Salmonella Enteritidis and Salmonella Typhimurium.</p>			
(6) Delete if consignment is not intended for Finland or Sweden.			
(7) This guarantee is required only for poultry other than ratites, hatching eggs or day-old chicks thereof coming from countries, territories or zones where Article 13(1) of Regulation (EC) No 798/2008 applies.			
(8) Please note that according to Regulation (EC) No 1/2005 poultry or day-old chicks will be checked by Member States' competent authorities if they are fit to continue the journey after entry into the Union. In the case the requirements are not fulfilled, the animals need to be unloaded and further measures taken.			
(9) For countries or territories with the entry 'N' in column 6 of Part 1 of Annex I to Regulation (EC) No 798/2008, for single consignments consisting of less than 20 units of poultry other than ratites, hatching eggs and day-old chicks thereof (LT20) only, this means that in the case of an outbreak of Newcastle disease as defined in Regulation (EC) No 798/2008 then the country code or territory code shall continue to be used but this will exclude any area under official restrictions, by the third country concerned in relation to Newcastle disease, at the date of issue of this certificate.			
(10) This guarantee is only required for poultry other than ratites, hatching eggs and day-old chicks thereof when coming from countries, territories or zones with the entry 'X' in column 5 of Part 1 of Annex I to Regulation (EC) No 798/2008.			
This certificate is valid for 10 days.			
(11)III. Supplementary health information concerning certificate reference number (box I.2.) _____			
<p>I, the undersigned official veterinarian hereby certify that the health conditions of Part II of this certificate continue to be met; and that:</p>			
(3) <input type="checkbox"/> [the poultry described in this certificate:			
<p>(a) was examined at the time of consignment and showed no clinical signs of or grounds for suspecting any disease;</p>			
<p>(b) comes from flocks which were examined no more than 48 hours before loading and showed no clinical signs of or grounds for suspecting disease]</p>			
(3) <input type="checkbox"/> [the day-old chicks described in this certificate:			
<p>(a) have been hatched on _____ (dd/mm/yyyy);</p>			
<p>(b) were examined at the time of consignment and showed no clinical signs of or grounds for suspecting any disease.]</p>			
(3) <input type="checkbox"/> [the hatching eggs described in this certificate:			
<p>(a) were examined at the time of consignment and did not present any abnormalities in shape, size or other characteristics that may suggest presence of disease in the flock(s) of origin;</p>
