23rd March 2016

To: GLAS Advisors

Re: **Commonage Container Data**

Dear Advisor,

Ahead of the preparation of GLAS Commonage Management Plans (CMPs) and Commonage Farm Plans (CFPs), Advisors are asked to ensure that the data currently presented in the Department's Commonage Container is up to date and correct. The commonage container data can be accessed on the Department's website under the GLAS section or by clicking on the following link, [Commonage Data for GLAS](#).

If any of the data currently presented on the container is not correct, you have any queries on the data or you have a request to amend the data, you should send full details to the Department at Commonages@agriculture.gov.ie or by phone at 076 106 4448.

The updated data will be reflected in the GLAS Commonage online system which is due to be released in the near future.
