Re: Farmland Bird Areas – GLAS Tranche 2

Dear Advisor,

For clarity, with the exception of corncrake, (which is 30% and which can also be delivered as part parcel), all farmland birds have a minimum threshold of 50% or the area required for the maximum payment rate of €7,000, whichever comes first. Therefore for Hen Harrier it is 18.92ha, while for Geese and Swans it is 34.1 ha. These actions can be delivered as whole or part parcel actions.
