AIE.23.467	14/09/2023	Other	the locations of the 3000 farms affected by the lower nitrates derogation amount on the basis that they are causing emissions into the environment
AIE.23.469	15/09/2023	Other	What record has the appropriate authority regarding visiting cruise ships (29visiting Killybegs2023 summer) in Donegal? Record of compliance with their obligations under the relevant international conventions and codes, EU and Irish regulation, and that they also remain subject to Port Control and inspection? Specifically: 1. Checks on the type of fuel a cruise ship uses which is of concern to the health of inhabitants in their port of call. These include respiratory ailments caused by pollutants from ship exhaust that include sulfur oxides as well as non-combustible particulate matter and black carbon 2. Checks and measures taken in relation to protecting our water from harmful discharges from cruise ship waste a major source of serious damage to the marine with economic impact. This includes wastewater, grey water, and sewage including evidence of such checks. It should be noted that a 3,000-passenger cruise ship generates 1 million gallons of grey water, 210 gallons of sewage, and 25,000 tons of oily bilge water in just 7 days.
AIE.23.470	18/09/2023	Other	Please provide me with access to the statement of evidence for case reference AIF XXX/XXX

AIE.23.474	20/09/2023	Other	Wicklow County Council made the following submission. ‘Applicant should submit revised site layout plan showing how sightlines can be achieved in accordance with Technical Standard for the Design of Forest Entrances from Public Roads for this location. · The visibility splay envelope shall be kept free of any obstructions that may interfere with sightlines’ Please supply a copy of the submit revised site layout,
