SMR 8 SUD INSPECTION REPORT FORM Part 1 2026 Ver: 04.03.2026		
Are Plant Protection Products* present on the holding or have Plant Protection Products been used on the holding within the last 12 months (*Herbicides, Fungicides & Insecticides)		**YES / NO**
Category of activities undertaken on the holding		**A/B/C/D**
Section 1: Storage of Plant Protection Products		
1A	Are storage facilities used solely dedicated to the storage of chemicals?	
1B	Are plant protection products segregated from food and feed?	
1C	Are the storage facilities enclosed, secure and constructed such that leakages and spillages are retained within the store (e.g. bunding or floor sloped inwards)?	
1D	Is a warning sign displayed at the entrance to the store?	
1E	Are powders stored separately from or above liquids?	
1F	Are plant protection products stored in their original containers, in good condition, with labels attached?	
Result for Section 1		
Section 2: Handling of Plant Protection Products		
2A	Are scales (and a check-weight) and are graduated measures (e.g. jugs) designated solely for weighing / measuring plant protection products available?	
2B	Are facilities for soaking up small spillages or leakages available (e.g. bucket of sand or peat)?	
Result for Section 2		
Section 3: Sustainable Use of Pesticides		
3A	Is there evidence that the sprayer has been filled directly from a watercourse?	

3B	Is there evidence that the pesticide mixing, filling and handling area presents a risk to groundwater, drains, waterways or drinking water supplies?	
Result for Section 3		
Section 4: SUD PAE inspection & calibration		
4A	Has the Pesticide Application Equipment (PAE) been inspected at appropriate intervals by a DAFM registered EI?	
4B	Has the Pesticide Application Equipment (PAE) been calibrated at appropriate intervals?	
Result for Section 4		
Section 5: Disposal & remnants		
5A	Have containers been disposed of properly?	
5B	Are tank remnants disposed of properly?	
Result for Section 5		
SMR 8 SUD Worksheet 2026		
Section 6: Equipment		
6A	For all Pesticide Application Equipment (PAE) in use on the holding, record the following information: Make, Model, Serial Number, Year of Manufacture, Sprayer Test Cert. No, Last Calibrated, Calibrated by & Condition	
Section 7: Professional User Info		
7A	Is the applicant a trained and registered Professional User (PU)?	
7B	Is the application of plant protection products carried out by a contractor/third party?	
7C	Are plant protection products provided by the contractor/third party?	

Section 8: Products		
8A	Has the applicant disposed of any obsolete PPPs (expired products) in the previous 12 months? (if yes, receipt MUST be uploaded, if no evidence available to inspection officer make note of this to be made in DRS).	
8B	Does the applicant use PPPs in areas used by general public or vulnerable groups?	
8C	Are there Natura sites on the holding? If yes, did the applicant apply PPPs in Natura sites?	
SMR 8 SUD INSPECTION REPORT FORM Part 2 2026		
PART 2 [to be completed by PCD staff only]		
Section 9: SUD training & registration		
9A	Has the sprayer operator applying PPPs on their own holding completed the necessary training and registered with DAFM as a Professional User (PU)?	
Result for Section 9		
Section 10: Obsolete products		
10A	Are there obsolete products in the PPP store of the holding?	
Result for Section 10
