Re. Foreshore Application on behalf of America Europe Connect Ltd
Installation of sub-sea fibre optic cable

I am directed by the Minister for Public Expenditure and Reform to refer to your letter of 20th May 2015 in relation to the above.

I am to convey sanction as requested for the granting of a foreshore licence to America Europe Connect as detailed in your letter. I note that the annual licence fee of for a 35 year term will be reviewed every 5 years. I also note that you have confirmed that the outstanding information requested from the applicant, referred to in your letter, has been provided which will allow for the final determination of the application.

Sanction is conditional on all public financial procedures being followed and on the understanding that your Department has satisfied itself that the granting of the requested licence represents the best value for money to the Exchequer.
