Hello

I am writing to voice my concerns for the draft proposal of closing the river boyne fully and closing the river Slaney until the 1st of June.

This would not be in the interest of the salmon or the rivers as a whole. We the anglers are the ones who are on these rivers protecting them from poaching and reporting any pollution incidents.

I would ask that you reconsider these draft regulations and keep the boyne and slaney open on a catch and release basis.

Regards
