AIE.24.638	01/10/2024	Other	The information requested is: Item 1. FI Determination over-ridden on Validation 1. A copy of any Appropriate Assessment Screening (all schemes) which have been screened out from an Appropriate Assessment based on a screening validation by an ecologist after the original screening decision by the Forestry Inspector (or other) screened-in the project where the Determination of either the Inspector or the Ecologist is dated during the month of September 2024. Information to include the name of the party carrying out the original screening and the ecologist who carried out the validation. This request does not require every file to be accessed and checked. FS-DAFM must operate a procedure by which a file is referred for Validation. Once this process is understood then identifying the relevant cases should be fairly straightforward. I would suggest that the start point for locating this information is through the ecology section. Additionally Niall Phelan of Environmental Facilitation Limited carries out many validations so correspondence with Mr Phelan and the Inspectorate / Ecology Section should identify records falling within the scope of my request. If the information is already publicly available can you please identify the relevant licence number/s so that I can locate them on the FLV. Item 2. CTS Database 1. A copy of the latest iteration of the Coillte Tracking System Database To clarify, this is for information held by DAFM to reconcile Coillte licence applications. A copy of the Microsoft Access Database file will meet this request. If the database contains protected or restricted information an extract can be made from the database excluding any categories of information which contain restricted data. .	Refused
