The Night Time Economy
A Guide to our Survey

An Roinn Turasóireachta, Cultúir, Ealaíon, Gaeltachta, Spóirt agus Meán Department of Tourism, Culture, Arts, Gaeltacht, Sport and Media	This survey is from the Department of Tourism, Culture, Arts, Gaeltacht, Sport and Media.
	You can do the survey online. This means you do it on a computer, phone, or tablet.
	If you prefer, we can print the survey and send it to you so you can write your answers.
	This survey will help us understand how people with disabilities experience places that open at night.

	We want you to think about access in these places.
	Good access means making sure that everyone can join in and use places and things. It should not matter about your age, size, ability, or disability.
	For example, doors that everyone can open and get through, or websites that everyone can read and listen to.
	When you do the survey, it might help to think about your last visit to each place. You can skip any places that you don't use.

	You can get help to do this survey if you want.
	If you do the survey online, make sure you scroll down to see all the answers.
	You do not have to do the survey if you do not want to. It is your choice.
	We will keep any information that you give us safe and in line with the law.

	You can get more information at:
